Economic Education Links To The Social Studies:

Economic Education S. Stowell Symmes, 1981 The articles in this bulletin contain background readings and suggestions to help K 12 teachers teach economics in their social studies classes The bulletin is comprised of an introduction and eight chapters The introduction A Framework for Cooperative Action contains rationales for both social studies education and economics education Chapter one examines various definitions of the term economic literacy Chapter two contains elementary and secondary lessons which involve students in decision making activities through the context of economic issues In chapter three the authors describe total and incremental approaches to improve economic education and suggest strategies to readers who are contemplating curriculum changes Using the community as a learning resource in economic education is the topic of chapter four Chapter five develops rationales for evaluating student learning in economics Teacher education in economic education is the topic of chapter six Chapter seven deals with ideology and economic education Perspectives for dealing with persistent economic education problems are discussed in chapter eight The bulletin concludes with an appendix containing a Must Reading in Economic Education for Social Studies Teachers Author RM *Economic Education* William E. Patton, 1981 **Managing the Social Studies Curriculum** Kent Freeland, 1994-10-28 To learn more about Rowman Littlefield titles please visit us at www.rowmanlittlefield.com [Econometric Modeling in Economic Education Research](#) William E. Becker Jr., Rolf A. Walstad, 2012-12-06 Since its establishment in the 1950s the American Economic Association's Committee on Economic Education has sought to promote improved instruction in economics and to facilitate this objective by stimulating research on the teaching of economics These efforts are most apparent in the sessions on economic education that the Committee organizes at the Association's annual meetings At these sessions economists interested in economic education have opportunities to present new ideas on teaching and research and also to report the findings of their research The record of this activity can be found in the Proceedings of the American Economic Review The Committee on Economic Education and its members have been actively involved in a variety of other projects In the early 1960s it organized the National Task Force on Economic Education that spurred the development of economics teaching at the precollege level This in turn led to the development of a standardized research instrument a high school test of economic understanding This was followed later in the 1960s by the preparation of a similar test of understanding college economics The development of these two instruments greatly facilitated research on the impact of economics instruction opened the way for application of increasingly sophisticated statistical methods in measuring the impact of economic education and initiated a steady stream of research papers on a subject that previously had not been explored **Resources in Education**, 2000-04 **Innovations in Economic Education** Mary Beth Henning, 2016-11-25 Innovations in Economic Education addresses the growing issue of financial illiteracy by showing how economics can be successfully integrated into classrooms from kindergarten through higher education Pre service teachers experienced educators curriculum leaders parents and

school administrators will find practical ideas to improve economic understanding At the elementary level the book provides creative ways of introducing young students to the basic concepts of economics financial justice and social action For higher grade levels the book offers ideas to integrate economics into current history civics and math curricula The final portion of the book features recommendations by leading economic educators on how economics can play a greater role in teachers professional development The pedagogical tools presented in each chapter include lesson plans and practical insights and are designed to meet the NCSS C3 Framework and Common Core State Standards for Social Studies This book is a timely and valuable resource for all educators interested in improving their students economic literacy and financial decision making
