Economic Interdependence In Southern Africa From Conflict To Cooperation:

Economic Interdependence in Southern Africa Jesmond Blumenfeld,1991 A study of the main features of economic interdependence in Southern Africa reconsidering the politics of mutual dependence and examining the pressures for sanctions on one side and destabilization on the other as well as the countervailing pressures for continuing co operation

South Africa's Destabilisation of Zimbabwe, 1980-89 J. Dzimba,1998-01-01 South Africa s Apartheid regime saw Zimbabwean independence and black majority rule in 1980 as a major threat to its interests security and regional hegemony John Dzimba explains how and why Pretoria sought to destabilise Zimbabwe and other front line states examining the successes and failures of destabilisation against Zimbabwe s economic and political vulnerabilities and attempted responses He shows why P W Botha s crisis ridden regime had to drop the policy in 1989

Regionalization and Security in Southern Africa N. Poku,2001-02-02 Once torn by ideological conflicts and the dominance of command economies Southern Africa is now moving towards economic liberalism and openness In general the ascendancy of market economics is acknowledged by its governments albeit with different degrees of enthusiasm Theoretically rich and empirically engaging this timely book offers a critical insight into the ensuing debate on regionalism and the process of regionalization in southern Africa

Understanding World Order and Structural Change H. Abrahamsson,2015-12-22 Hans Abrahamsson assesses the current world order and structural change within an historical framework He analyzes the interaction of Pax American and the Bretton Woods system in the postwar period and its impact specifically on the development of Southern Africa The author also proposed an analytical model and a methodological framework for the study of the international political economy and its global and local implications Finally he addresses the circumstances behind the current opportunity for global change and the social forces and political action required in order to seize it

Regional Blocs A.S. Bhalla,2016-07-27 A topical study of regional arrangements covering ASEAN SAARC and APEC in Asia NAFTA and MERCOSUR in the Americas SADC SACU and ECOWAS in Africa and the European Union EFTA and Eastern Europe The book argues that foreign direct investment is complementary to trade and most regional arrangements can create trade and induce growth so long as they remain open and non discriminatory But they could also become stumbling blocks to globalization The book demonstrates how US and EU trade policy will be crucial in shaping the world economy
