Holocaust Healing Martin Avery, 2014-07-05 Holocaust Healing written not long after 9 11 inspired by that horrific event is not a light read it's a dark story that encompasses a lot of tragedy but there is light at the end as world history drives the narrator crazy and he has to try many things to regain his sanity including journaling past life work re scripting and other contemporary techniques used by sensitive souls

Evidence of Bad Character J R Spencer, 2016-09-01 This is the third edition of J R Spencer's now well established book which seeks to explain this area of law for the benefit of judges, criminal practitioners and academics teaching the law of evidence. In the past the rule excluding evidence of the defendant's general bad character and disposition to commit the offence was sometimes described as one of the most hallowed rules of evidence. Lord Sankey in *Maxwell v DPP* referred to it as one of the most deeply rooted and jealously guarded principles of our criminal law. In reality it was not particularly ancient and as the years went by it was increasingly attacked. On technical grounds the body of law surrounding it was criticised as over complicated and inconsistent and more radical critics condemned it as unduly favourable to the guilty. In response to this the law was completely recast in Part 11 of the Criminal Justice Act 2003. This book, now again updated to take account of further legislative changes, case law and academic writing, offers a thorough analysis of the bad character provisions of the Criminal Justice Act 2003 in the light of the way in which they have been interpreted by the courts. **Climbing the**

Stairway to Heaven: A Year of Living Ecstatically Martin Avery, 2010-08-29 Four short novels that go together the way short steps can make a stairway to heaven, describing a year of living vibrationally which lead to a lot of ecstasy. It was not a year of living Biblically; it was a year of living ecstatically. *Politics, Lies and Conspiracy Theories* Marcel

Danesi, 2023-06-29 *Politics, Lies and Conspiracy Theories* A Cognitive Linguistic Perspective shows how language influences mechanisms of cognition, perception and belief, and by extension its power to manipulate thoughts and beliefs. This exciting and original work is the first to apply cognitive linguistics to the analysis of political lies and conspiracy theories, both of which have flourished in the internet age and which many argue are threatening democracy. It unravels the verbal mechanisms that make these different truths so effective and proliferative, dissecting the verbal structures, metaphor, irony, connotative implications etc. of a variety of real life cases concerning politicians, conspiracy theorists and influencers. Marcel Danesi goes on to demonstrate how these linguistic structures switch on or switch off alternative mind worlds. This book is essential reading for students of cognitive linguistics and will enrich the studies of any student or researcher in language and linguistics, more broadly as well as discourse analysis, rhetoric or political science. *The Army Lawyer*, 2004-04 **Hooked**

in Film John Markert, 2013-05-23 Though drug use was widespread in the nineteenth century, the negative influence of narcotics was mostly unknown. Cinema of the early twentieth century was instrumental in making viewers aware of the harmful effects of drugs. Throughout the decades, images of drugs such as marijuana, LSD and heroin in films impacted both negatively and positively the national perception of their use. In fact, the use, popularity and opinion of certain drugs often follow their status on the big screen. In *Hooked in Film*, John Markert takes a close look at the correlation between social policies and the public view of drugs and their portrayals in film. In this volume, Markert examines the changing social attitudes toward illegal drugs and their cinematic depictions from as early as the 1894 film *Chinese Opium Den* to the present. The first section of this book focuses on the demonization of drugs between 1900 and 1959, followed by an

assessment of marijuana on the big screen after 1960 when the drug was shown as part of everyday life with no serious consequences Post 1960 depictions of heroin use which have remained consistently negative are also analyzed Markert then takes a close look at the portrayals of powdered cocaine after the 1960s and the emergence of crack in the mid 1980s Finally Markert discusses hallucinogens Ecstasy and methamphetamines and their roles on the big screen Tracking hundreds of films spanning more than a century Hooked in Film looks at camp classics like Reefer Madness comedies such as Cheech and Chong s Up in Smoke Dazed and Confused and Pineapple Express and dramas including Panic in Needle Park and Requiem for a Dream Scholars and students of cinema popular culture media studies and sociology will find this book a valuable examination of how cinematic portrayals of drugs have changed over time and how those images have influenced public perception of drugs and even public policy

Sacred Eroticism Massimo Introvigne,2024-03-06T00:00:00+01:00

Sacred eroticism has been an important if neglected feature of Western esotericism from the early modern era down to the present day. Founded in Romania, the Movement for Spiritual Integration into the Absolute (MISA) turned sacred esotericism into the central feature of a mass movement gathering some 30 000 students worldwide. Based on extensive fieldwork and interviews, the book explores the history of MISA from its origins to the COVID 19 pandemic, presenting in detail its ideas about Tantra and eroticism. It also discusses MISA's approach to visual arts and cinema, including some of its members' early incursions into the slippery world of adult movies. The study concludes with a look at hostile reactions to MISA, which have led to the issuing of arrest warrants against its founder amid a series of criminal accusations which the movement rejects as fabricated by opponents.
