Антироссийские санкции и анализ их влияния на экономические процессы

Аннотация. Антироссийские санкции являются определяющим фактором развития международных экономических отношений с марта 2014 г. по настоящее время, этим обусловлена актуальность исследуемой проблемы. Цель статьи состоит в рассмотрении масштабов воздействия антироссийских санкций на экономические процессы. По результатам исследования выявлены такие негативные последствия антироссийских санкций, как снижение темпов роста экономики России и ограничения в международных экономических отношениях. Позитивным аспектом стало развитие отечественной аграрной индустрии в рамках программы импортозамещения, создание национальной платежной системы «МИР».

Ключевые слова: мировая экономика, антироссийские санкции, экономические процессы, импортозамещение.

Раздел: 08.00.00 Экономические науки.

Введение

В условиях все большего распространения глобализации в мировой экономике становится все сложнее представить себе государство, не вовлеченное в международные политические, культурные и, конечно же, экономические связи, значимость которых для развития экономики, увеличения благосостояния населения и процветания страны со временем только увеличивается. Представление и защита своих национальных интересов – первоочередная задача каждого государства как субъекта международных отношений, предполагающих соблюдение конкретных соглашений и правил. Следовательно, основная цель любой страны в международном сотрудничестве – это получение выгоды от него, улучшение своих экономических показателей, что должно оказать благоприятное влияние на развитие государства и благосостояние его граждан. Однако, как показывает практика, не всегда международные отношения являются конструктивными. Примером этого как раз и служат экономические санкции – действия, предпринимаемые группой стран, направленные против экономических интересов конкретного государства.

Так, с марта 2014 г. по настоящее время экономика Российской Федерации вынуждена функционировать в новых условиях. Причиной этого следует считать введение США, Европейским союзом, Австралией, Новой Зеландией и Канадой антироссийских санкций. Поводом их введения послужило присоединение Крыма к Российской Федерации по итогам референдума. Основной целью запуска антироссийских санкций стало оказание давления на Россию для изменения ее позиции в мировых вопросах и курса дальнейшего развития, а также нанесение ущерба ее экономике.

Итак, проанализируем влияние антироссийских санкций на экономические процессы. Они оказали на экономику нашей страны огромное воздействие и, конечно же, имели целый ряд негативных последствий.
