*El Al* Marvin G. Goldman, 1990      *Palestine in the Air* Chin-chin Yap, 2025-01-23 As the first cultural history of Palestinian aviation *Palestine in the Air* reveals civil aviation's role in the question of Palestine over the past century How do Palestinians as individuals communities and as a nascent state engage with the air How does their systemic exclusion from aerial agency inform dominant and counter narratives of culture and modernity International civil aviation is a powerful tool for the disenfranchisement of Palestinian statehood connectivity and mobility Yet Palestinians have constantly sought to harness aviation as a legitimate component of modern state building They have also creatively appropriated aviation technologies including balloons kites and drones as instruments of resistance exploiting flight's symbolic qualities of escape and liberation to highlight the injustices of occupation Using an interdisciplinary approach that draws on media studies cultural studies critical theory diplomacy and history *Palestine in the Air* examines civil aviation's political social and cultural impact upon the Palestinian quest for sovereignty The book makes use of an unprecedented range of aviation related sources spanning unpublished memoirs print and image archives interviews art film literature poetry and stand up comedy

**Airspace Closure and Civil Aviation** Steven D. Jaffe, 2016-03-03 The impact to airlines from airspace closure can be as benign as a two minute extension on an arrival pattern or as catastrophic as a shoot down from a surface to air missile as the tragic loss of Malaysia Airlines Flight 17 over the Ukraine in July 2014 demonstrates Airspace constraints come in a variety of forms both man made and physical but all result in operational inefficiencies that erode the economic vitality of an airline Understanding the root causes of these airspace restrictions developing strategies for mitigating their impact and anticipating future airspace closures are critical for the efficient and safe operation of any airline This book uniquely examines the technological geographic regulatory and political aspects of airspace closure with a focus on how airlines continue to adapt to overcome these challenges providing readers with a framework for identifying issues and solutions in a systematic manner Filled with historical references and contemporary anecdotes this book serves both as a practical guide and strategic resource for airline managers navigating their 21st century organizations around some of the lingering 20th century obstacles      **World Commercial Aircraft Accidents, 1946-1992** Chris Y. Kimura, 1993      **Pachamama Tales**

Paula Martín, 2014-07-31 A bilingual collection of enchanting folk tales from the peoples of Chile Argentina Bolivia Peru Uruguay and Paraguay accompanied by historical and geographical background as well as color photographs Containing numerous tales that have never before appeared in an English language children's story collection this book presents many of author Paula Martín's favorite stories from her many years of experience in storytelling around the world and particularly in South America It stands as a unique folklore and storytelling resource that will give readers a better understanding of life and culture in the southern part of South America Readers of all ages will delight in entertaining stories about animals plants and trees musical instruments lost places fantastic creatures and witches and devils This collection also includes never

ending tales sky stories and folk tales about fools The book provides related cultural information about the lands where these stories originated as well as the people who tell these tales traditional games of South America and recipes for regional food items that can go hand in hand with the stories

### **Science with the VLT**

**Interferometer** Francesco Paresce,2013-06-29 It has always been ESO s aim to operate the VLT in an interferometric mode VLTI which allows the coherent combination of stellar light beams collected by the four 8 m telescopes and by several smaller auxiliary telescopes In December 1993 in response to financial difficulties the ESO Council decided to postpone implementation of the VLTI Coude trains and associated adaptive optics for all the UTs but included provisions for continuing technological and development programmes devoted to the aim of reintroducing these capabilities at the earliest possible date The desirability of carrying out the full VLTI programme as originally envisaged at the earliest possible moment has not however diminished especially in view of VLTI s exceptional capabilities and resulting potential for new and exciting discoveries In recent years interferometric projects have begun to play a central role in ground based high resolution astronomy and numerous instruments have been completed or are in the process of construction Several large aperture interferometers will probably come on line near the turn of the century The impending presence of these new instruments represents an important incentive both for clarifying the scientific cases for various VLTI implementation plans and for ensuring VLTI s competitiveness in the international context over the next 10-20 years

*The Star and the Sword* Wayne Madsen,2014-08-23 This book for the first time suggests that both Israel and Saudi Arabia were intimately involved in planning and carrying out the 9/11 attack on the United States Both countries while seemingly enemies have been longtime secret allies They share a number of common enemies including Iran Shia Islam pan Arab nationalism Hezbollah and the Muslim Brotherhood Their intelligence chiefs often meet and conspire in utmost secrecy The Saudis and Israelis had the motive and the means to cooperate in launching a false flag terrorist attack on the United States in order to plunge America into endless conflicts to bolster the positions of Israel and Saudi Arabia This book tells that story
