El Dolor Invisible De La Infancia:

El dolor invisible de la infancia Jorge Barudy, Jorge Barudy Labrin, 1998-01-09 En este libro Jorge Barudy implica a las propias familias en el abordaje del maltrato infantil y analiza con cada una de ellas las interacciones inductoras. En efecto, incluso cuando los abusos provocan intervenciones médicas, sociales y judiciales, es necesario que el responsable de ellos y los cómplices que favorecen esos actos violentos constituyan igualmente el objeto de un trabajo psicológico apropiado. En este difícil campo, el pragmatismo y el sentido de la colectividad propios de las teorías y las intervenciones sistémicas centradas en el niño o facilitan el trabajo clínico. Tanto en el nivel del equipo como en el de la red, el enfoque global debe aplicarse uniendo los aspectos individuales, familiares, médicos, sociales y judiciales. Y es entonces cuando el dolor que todo ello provoca en la infancia que ni siquiera aquellos que infligen querremos a veces ver puede examinarse como se hace en este libro en toda su complejidad desde una perspectiva rigurosa e inteligente entre la sensibilidad del humanismo y el rigor de la actividad clínica.

El dolor invisible de la infancia Jorge Barudy Labrin, 1998 El dolor invisible en la infancia Jorge Barudy Labrín, 2019 **La Infancia en desamparo** Antonia Picornell Lucas, 2011-08-31 El libro trata de la infancia menores de 18 años desprotegida cuyas necesidades básicas no están cubiertas, menores en riesgo, desamparados, maltratados, abusados, cuyos derechos están siendo conculcados y que precisan de ayuda y formación. Son niños y adolescentes que están en evolución en construcción y educación cuya gran falta con frecuencia es carecer de padres, tenerlos en el paro o en situaciones menesterosas o delictivas. Desde el punto de vista de las ciencias sociales y de la educación sabemos que hacer este tipo de distinciones y agrupaciones no es siempre lo más correcto dadas las conexiones y relaciones etiológicas psicológicas y sociales entre los menores en dificultad social y los menores en conflicto, además de la unitaria condición evolutiva. En el fondo, unos y otros son niños con problemas de todo tipo que precisan de ayuda para solventar su situación. Tener en principio una posición integradora, una concepción unitaria desde el punto de vista conceptual psicológico y también jurídico de la infancia al margen de sus respuestas o actuaciones circunstanciales, ayudar a mucho a la normalización de la infancia y sus tratamientos. El libro se construye sobre la base de una investigación de datos reales que analiza los factores de protección y riesgo que favorecen la integración de estos menores para facilitar la intervención de los profesionales en estos asuntos aportando propuestas sociales y educativas.

López, 2021-03-08 Estrella lloraba sin parar, no lograba articular palabra. Intentaba contar cómo de pronto había sido asaltada violentamente por los tristes y dolorosos recuerdos de su infancia que habían sobrevenido inesperadamente y despertado una tormenta en su alma. Treinta años hacía ya que Estrella sufrió su primer abuso sexual por parte de un familiar cuando tenía precisamente cinco años, los mismos que ahora cumplía su sobrina. La fiesta de cumpleaños de su adorada sobrina le hizo

revivir en segundos aquella tarde fatidica en que fuera hecha pedazos su inocencia Estrella y Julia y otros muchos estan presentes a lo largo de este libro Las heridas estan curadas pero las cicatrices siguen supurando Hay mucha y excelente literatura en cuanto a las consecuencias psicológicas que provoca el abuso y los caminos de terapia y reparación Pero esos textos no estan muchas veces al alcance del público general estan pensados para psicólogos jueces abogados forenses psiquiatras pero no para el panadero el albañil la pescadera o la peluquera o el catequista Este libro pretende transmitir un conocimiento y unas herramientas que sean asequibles a todos Si algo puede ayudar a alguien a comprender su drama y su conmovedora lucha a lo largo de toda su vida ya merece la pena Ojalá contribuya a ese anhelo que tenemos como Iglesia de pasar de la cultura del abuso y del encubrimiento a la del cuidado y la protección La envergadura del drama de los abusos sexuales está reclamando una mirada humanizada Echaba yo en falta voces de esperanza para las diferentes personas implicadas Luis Alfonso nos muestra que hay esperanza se alía en el prólogo Jos Carlos Bermejo

Psychopathology in Women Margarita Sáenz-Herrero, 2019-07-15 This book examines sex and gender differences in the causes and expression of medical conditions including mental health disorders Sex differences are variations attributable to individual reproductive organs and the XX or XY chromosomal complement Gender differences are variations that result from biological sex as well as individual self representation which include psychological behavioural and social consequences of an individual's perceived gender Gender is still a neglected field in psychopathology and gender differences is often incorrectly used as a synonym of sex differences A reconsideration of the definition of gender as the term that subsumes masculinity and femininity could shed some light on this misperception and could have an effect in the study of health and disease This second edition of *Psychopathology* clarifies the anthropological cultural and social aspects of gender and their impact on mental health disorders It focuses on gender perspective as a paradigm not only in psychopathology but also in mental health disorders As such it promotes open mindedness in the definition and perception of symptoms as well as assumptions about those symptoms and raises awareness of mental health

Restorative Responses to Sexual Violence Estelle Zinsstag, Marie Keenan, 2017-02-17 Sexual violence in all its forms is a crime for which anecdotal accounts and scholarly reports suggest victims in their great majority do not receive adequate justice or redress The theory and practice of restorative justice is rapidly developing and offers some well argued new avenues for dealings with crime in general It has the potential to be extended to cases of sexual violence and a number of small scale programmes are already underway across the world *Restorative Responses to Sexual Violence* examines this innovative justice paradigm in more depth in the particular context of sexual trauma and violence in order to establish the empirical realities of restorative justice approaches in cases of sexual violence and considers how such approaches could be developed adequately in the future This book is divided into two parts

each representing a key area of research and practice theoretical and conceptual frameworks and justice and therapeutic perspectives This international collection brings together leading expert scholars and practitioners to offer both theoretical and practical perspectives on restorative justice and sexual violence This book will be of interest to researchers in the field of law criminology psychology social science social work and psychotherapy as well as practitioners in the fields of criminal justice restorative justice and sex offender and victim trauma therapies Memoria, conflicto y paz: Sinuosidades y sendas de reflexión Ríos Peñaloza, Gilma,Cobo Paz, Natalia,2023-02-09
