Escribir la catalanidad Stewart King, 2005 This study explores the interaction of language culture and identity in contemporary Catalonia and rejects the exclusion of Castilian as a language capable of expressing Catalan-ness This study charting the construction of a Catalan identity from the nineteenth century cultural renaissance until the present day explores the interaction of language culture and identity in contemporary Catalonia Drawing on postcolonial and multicultural literary theories it argues that Castilian and Catalan language narratives are expressions of the same culture Through detailed analyses of texts by Terenci Moix Francisco Candel Ignasi Riera Montserrat Roig Juan Mars Ramon Pallic and Manuel Vázquez Montalbán among others the author demonstrates that such writers share similar preoccupations and points of view and also engage in a complex literary and cultural dialogue that cuts across the established linguistic divisions that characterise cultural politics in Catalonia The Catalan literary establishment's exclusion of Castilian as a language capable of expressing Catalan-ness is challenged and the author proposes redefining traditional understandings of Catalan literature to take into account texts produced by all members of Catalan society Stewart King is a lecturer in Hispanic Studies at Monash University Australia

A Companion to the Twentieth-century Spanish Novel

Marta E. Altisent, 2008 *The Spanish novel in a turbulent century* This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain's recent political, cultural and ideological history. It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age. While some essays emphasise the Spanish cultural context and canonical writers, others are of a broader nature, grouping lesser-known writers under certain literary tendencies: the metaphysical novel, the urban novel, recuperative accounts of the Civil War, feminine first-person narrations, and the rise of the popular detective, historical and erotic novels. Three studies address the resurgence of the Catalan, Basque and Galician novel and their departure from a poetics of identity to one of global concerns. Interdisciplinary approaches address the reciprocal impacts of literature and cinema, and the effects of the marketplace on the consumption of fiction are not forgotten. The Companion provides ample bibliographies and a valuable chronology, while all titles and quotations are translated into English. Contributors: Marta E. Three Plays of Maureen Hunter Hunter, Maureen, 2003. Book is clean and tight. No writing in text. Like New. **Disremembering the Dictatorship**, 2021-08-04

Most accounts of the Spanish transition to democracy have been celebratory exercises at the service of a stabilizing rather than a critical project of far-reaching reform. As one of the essays in this volume puts it, the pact of oblivion which characterized the Spanish transition to democracy curtailed any serious attempt to address the legacies of authoritarianism that the new democracy inherited from the Franco era. As a result, those legacies pervaded public discourse even in newly created organs of opinion. As another contributor argues, the Transition was based on the erasure of memory and the invention of a new political tradition. On the other hand, memory and its etiolation have been an object of reflection for a number of film directors and fiction writers who have probed the return of the repressed under spectral conditions. Above all, this book strives to present memory as a performative exercise of democratic agents and an open field for encounters with different, possibly divergent and necessarily fragmented recollections. The pact of the Transition could not entirely disguise the naturalization of a society made of winners and losers, nor could it ensure the consolidation of amnesia by political agents and by the tools that create hegemony by shaping opinion. Spanish society is haunted by the specters of a past it has tried to surmount by denying it. It seems unlikely that it can rid itself of its ghosts without, in the process, undermining the democracy it sought to legitimate through the erasure of memories and the drowning of witnesses' voices in the cacaphony of triumphant modernization.
