#### Folk Stories from the Hills of Puerto Rico / Cuentos Folklóricos de Las Montañas de Puerto Rico Rafael

Ocasio,2021-05-17 Beginning in 1913 curious US scientists eagerly performed field research in the new American colony of Puerto Rico studying its geology archaeology botany and zoology Under the direction of anthropologist and folklorist Franz Boas the project also included the documentation of hundreds of oral folk stories told through generations highlighting popular Puerto Rican characters immersed in the island's social and cultural practices of the peasant or Jibaro Characters from international fairy tales such as Snow White and Cinderella were modified to fit Puerto Rican surroundings in exciting unique adaptations Other tales included cursed characters turned into animals or stories that reflected a strong connection to Jibaro agrarian traditions Characters like Juan Bobo stand out even today as personifications of the universal traits of human resilience ascribed to the Puerto Rican Jibaro Folk legends of historical characters such as the infamous Puerto Rican pirate Roberto Cofres reflect the island's colonial status including the economic restrictions that led to his rise as a notorious thief Finally no anthology of Puerto Rican oral folklore would be complete without a few versions of Cucarachita Martina the kind cockroach who falls in love with Ratoncito Pérez her beloved mouse husband Whether you are encountering these stories for the first time or have heard them your whole life this delightful bilingual collection will be sure to tickle your heart and your funny bone and leave you fascinated once again with the island of Puerto Rico     **Cuentos populares mexicanos**

Morábito, Fabio,2021-10-01 A partir de una minuciosa investigación etnográfica y lingüística de los relatos de tradición oral más representativos del país Fabio Morábito recorre en esta antología 125 cuentos provenientes de regiones que van desde Sonora hasta Chiapas desde los tarahumaras hasta los chontales y más allá todavía incursionar en California y Nuevo México para reaparecer más adelante en Veracruz y Querétaro Acompañados de ilustraciones elaboradas por ocho ilustradores mexicanos los relatos seleccionados ofrecen una visión sobre los temas ancestrales que han perdurado en la tradición de los pueblos mexicanos la creación del mundo la aparición del Sol y de la Luna la aparición del primer hombre el surgimiento de las ciudades así como historias donde el humor y la astucia son los temas centrales     *Mexican Folk Narrative from the Los Angeles Area* Elaine K. Miller,2014-08-27 Urban Los Angeles is the setting in which Elaine Miller has collected her narratives

from Mexican Americans The Mexican folk tradition varied and richly expressive of the inner life not only of a people but also of the individual as each lives it and personalizes it is abundantly present in the United States Since it is in the urban centers that most Mexican Americans have lived this collection represents an important contribution to the study of that tradition and to the study of the changes urban life effects on traditional folklore The collection includes sixty two legendary narratives and twenty traditional tales The legendary narratives deal with the virgins and saints as well as with such familiar characters as the vanishing hitchhiker the headless horseman and the llorona Familiar characters appear in the traditional tales Juan del Oso Blancaflor Pedro de Ordimalas and others Elaine Miller concludes that the traditional tales are dying out in the city because tale telling itself is not suited to the fast pace of modern urban life and the situations and characters in the tales are not perceived by the people to be meaningfully related to the everyday challenges and concerns of that life The legendary tales survive longer in an urban setting because although containing fantastic elements they are related to the beliefs and hopes of the narrator even in the city one may be led to buried treasure on some dark night by a mysterious woman The penchant of the informants for the fantastic in many of their tales often reflects their hopes and fears such as their dreams of suddenly acquiring wealth or their fears of being haunted by the dead Miller closely observes the teller s relation to the stories to the duendes the nimas Death God the devil and she notes the tension on the part of the informant in his relation to their religion The material is documented according to several standard tale and motif indices and is placed within the context of the larger body of Hispanic folk tradition by the citation of parallel versions throughout the Hispanic world The tales transcribed from taped interviews are presented in colloquial Spanish accompanied by summaries in English
