**Spanish - Applied New Testament Commentary** StephenThorson TomHale, Spanish Language Edition The Applied New Testament Commentary is an easy to read down to earth commentary on the text of the New Testament It can be used with any version of the Bible and includes bull bull General Articles on important aspects of the Christian faith bull An Introduction to each book of the New Testament bull Word definitions bull Clear explanations of Bible text bull How to apply the Bible to everyday life Dr Tom Hale is an experienced medical missionary in Nepal and his commentary is essentially a missionary s commentary Although he has done his biblical homework and he thinks theologically he does not write from the ivory tower of academia His concern is rather for the grass roots of newly planted churches He is familiar with the problems they face and the questions they ask He wrestles with the need for cross cultural application He is committed to the unity of the church and urges us to give one another the liberty of interpretation in those secondary areas in which we disagree And his straightforward easy to read style includes both a simple vocabulary and short sentences Inevitably a one man commentary will not please everybody But he has struggled to rid himself of bias so that there is very much here for all Bible students to learn whatever their cultural or denominational background In fact the Applied New Testament Commentary should help to promote mutual understanding tolerance and respect among Christian people John Stott All Souls Langham Place London *Nuestro Nuevo Testamento* Merrill C. *New Testament Lexicography* Jesús Peláez,Juan Mateos,2018-08-21 This text brings together in one volume two previous books that laid the groundwork for the construction of the entries in Diccionario Griego Espa ol del Nuevo Testamento Greek Spanish Dictionary of the New Testament namely M todo de An lisis sem ntico aplicado al griego del Nuevo Testamento Method of Semantic Analysis applied to the Greek of the New Testament and Metodolog a del Diccionario Griego Espa ol del Nuevo Testamento Methodology of the Greek Spanish Dictionary of the New Testament by Juan Mateos and Jes s Pel ez In the introduction and first part of the text the concepts of dictionary and meaning are defined and a critical analysis of the dictionaries of F Zorell W Bauer Bauer Aland and Louw Nida is conducted Their methodologies are examined with the purpose of then presenting a method of semantic analysis and the steps for establishing the semantic formula of the various classes of lexemes which functions as the basis for determining lexical and contextual meaning In the second part the necessary steps for composing the dictionary s entries are proposed The text concludes with an analysis of related lexemes in order to demonstrate the accuracy of the suggested method For the first time a carefully developed method of semantic analysis and the corresponding methodology are presented before the construction of the dictionary s entries **Catalogue of Printed Books** British Museum. theological understanding what Segundo has done for theological method and what Miranda has done for biblical studies Jon Sobrino has now done for Christology He has provided a substantial and enduring theological contribution from a Third World perspective This book will have long life since it not only argues for the necessity of a Christology from the underside of history but offers an extensive example of how such a Christology should be constructed showing the basic connection between the radical historicity of Jesus and the suffering and pain of oppressed people The thoroughness of the author's survey of other positions the fullness of his documentation and the pervasive power of his own affirmations make clear that Christology at the Crossroads will not leave us stranded at the crossroads but will start us down exciting and demanding new paths Robert McAfee Brown Professor of Ecumenics and World Christianity Union Theological Seminary The publication of Christology at the Crossroads in English is most opportune It is not only the Christology presented in this book but the Christology of the church at large indeed of the churches that stands at the crossroads at present Those of us who have been working in this field know that in order to break through some deadlocked situations we need a Christology more soberly rooted in soteriology more honestly founded upon the historical Jesus and more realistically turned towards a future yet to be realized Yet in the affluent and basically contented northern nations of the western world this kind of Christology has not so far been written To find it one must turn to the Third World theologians for the present and among these Jon Sobrino's book is a landmark Monika K Hellwig Associate Professor of Theology Georgetown University
