Emptiness Tashi Tsering, 2009-04-10 In *Emptiness* the fifth volume in The Foundation of Buddhist Thought series Geshe Tashi Tsering provides readers with an incredibly welcoming presentation of the central philosophical teaching of Mahayana Buddhism. Emptiness does not imply a nihilistic worldview but rather the idea that a permanent entity does not exist in any single phenomenon or being. Everything exists interdependently within an immeasurable quantity of causes and conditions. An understanding of emptiness allows us to see the world as a realm of infinite possibility instead of a static system. Just like a table consists of wooden parts and the wood is from a tree and the tree depends on air, water, and soil, so is the world filled with a wondrous interdependence that extends to our own mind and awareness. In lucid, accessible language, Geshe Tashi Tsering guides the reader to a genuine understanding of this infinite possibility.

Kindness, Clarity, and Insight H.H. the Fourteenth Dalai Lama, 2020-10-13 This beloved classic brings together in one volume all the major themes of the Dalai Lama's teachings, such as religious values, the four noble truths, karma, compassion, and meditation. Drawn from the lectures he gave during his first three visits to North America, the book covers the core subject matter of Tibetan Buddhism as presented for the first time to an English-speaking audience. The chapters are arranged developmentally from simple to complex topics, which include the luminous nature of the mind, the four noble truths, karma, the common goals of the world's religions, meditation, deities, and selflessness. Central to all these teachings is the necessity of compassion, which the Dalai Lama says is the essence of religion and the most precious thing there is.

Calm Abiding and Special Insight Geshe Gedun Lodro, 1998-01-01 *Calm Abiding and Special Insight* presents an intimate and detailed picture of the intricacies of meditation so vividly that the reader is drawn into a Tibetan worldview of spiritual development. Geshe Gedun Lodro, one of the foremost scholars of Tibet, reveals methods for overcoming afflictive states and disorders to create a mind which is stable, calm, and alertly clear. This book illustrates the mind's potential for profound transformation. The dangers of not recognizing states contrary to successful meditation are great, and the possibilities of implementing the wrong antidote or of overextending an appropriate one until it becomes counterproductive are many. Through such detail, Geshe Gedun Lodro makes vividly clear a Tibetan approach to meditative transformation. This is a completely revised new edition of *Walking Through Walls*. **The**

Recognizing Reality Georges B. J. Lyco and Traos and Hieronymus of Rhodes William Wall Fortenbaugh, Stephen Augustus White, Volume 12 in the RUSCH series continues work already begun on the School of Aristotle It focuses on two Peripatetic philosophers who lived in the third century BCE when Stoicism and Epicureanism flourished Lyco of Troas was the third head of the Peripatos after Aristotle Hieronymus of Rhodes was a member of the school and an antagonist of Lyco Excellence in teaching was Lyco s distinguishing attribute but he also attracted benefactors and had the reputation of being a bon vivant Hieronymus is best known for his work on ethics but he also wrote on literature history and rhetoric Our understanding of

the work being done in the Peripatos during the third century BCE will be greatly enhanced by Peter Stork's new edition of Lyco and Stephen White's edition of Hieronymus. The two editions in this volume are accompanied by full translations as well as notes on the Greek and Latin texts, an apparatus criticus, and substantive notes that accompany the translation. The editions will replace those of Fritz Wehrli, which were made over half a century ago and published without an accompanying translation. In addition to the two editions, this volume includes ten essays that address significant themes presented by the texts. Three of the essays deal with biographical material: Diogenes' Life of Lyco, Jrgen Mejer, Hieronymus in Athens and Rhodes, Elisabetta Matelli, and Peripatetic Philosophers as Wandering Scholars, Peter Scholz. Four develop philosophical topics: Hieronymus of Rhodes on Vision, Todd Ganson, The Historical Setting of Hieronymus, fr. 10, White, Peter, Lautner, Peripatetic Reactions to Hellenistic Epistemology, Hans Gottschalk, and Lyco and Hieronymus on the Good Life, Stephen White. Three concern rhetoric and literature: Lyco, Phrastikos, William Fortenbaugh, Hieronymus on Isocrates' Style, David Mirhady, and Hieronymus in Ancient Commentaries on Hesiod's Shield, Andrea Martano. William W. Fortenbaugh is Professor Emeritus of Classics at Rutgers University. He is the author of *Aristotle on Emotion* and *Quellen zur Ethik Theophrasts* and the founder of Project Theophrastus. Stephen A. White is associate professor of classics and philosophy at the University of Texas at Austin and author of *Sovereign Virtue: Aristotle on the Relation between Happiness and Prosperity*.
