Elements Of Military Strategy:

Elements of Military Strategy Bloomsbury Publishing, 1996-09-30 This book uses history in two ways as the source of ideas about strategy and as examples to illustrate the elements by showing their application to specific campaigns and their utility in understanding the role of strategy in military operations The focus is on American military campaigns from the American Indian Wars to the War in the Gulf Those case studies are used to illustrate the strategy behind land sea and air campaigns Over a fifth of the book examines the U S war against Japan because it furnishes such fine examples of independent and interdependent operations on land on the sea and in the air The cases studied are not only intended to illustrate strategic ideas but also to show the utility of the author's distinctive approach to organizing military strategy The book will appeal to military professionals students of military science and enthusiasts

The Art and Practice of Military Strategy George Edward Thibault, 1984

A Handbook of Military Strategy and Tactics Michiko Phifer, 2012-07-13 The book discusses the importance of Military Strategy and Tactics during conflicts with some proven examples

The Lure and Related Elements of Military Strategy Mark Smith Thompson, 1968

India's Military Strategy S. Kalyanaraman, 2022-12-30 This book explores what military strategy is and how it is interconnected with policy on one hand and military operations on the other In the process it traces the transformation of the notion of strategy from its original military moorings to a more policy oriented and influenced conception and elaborates upon a tripartite framework of policy strategy and doctrine to think about understand and analyse the use of force The book explores the politics of India Pakistan conflict in order to root the study of Indian military strategy in the political sphere It discusses three main issues that have ensured the persistence of conflict incompatible national identities Pakistan's congenital quest for parity with and compulsion to challenge India and irreconcilable positions on the Kashmir issue The book argues that India has invariably pursued limited political aims that did not threaten Pakistan's survival or form of government or regime in power albeit containing a counter offensive elements It states that India employed the strategy of exhaustion during the Indian Army's campaigns in the 1947-48 conflict and 1965 war which made way to strategy of annihilation during the 1971 war East Pakistan but after Pakistan's acquisition of nuclear weapons capability the strategy is back to exhaustion The book highlights the importance of designing an overall military strategy for waging limited war and pursuing carefully calibrated political and military objectives by creatively combining the individual doctrines of the three services by establishing a Chief of Defence Staff system

Ethics and Military Strategy in the 21st Century George Lucas, Jr., 2019-07-10 This book examines the importance of military ethics in the formulation and conduct of contemporary military strategy Clausewitz's original analysis of war relegated ethics to the side lines in favor of political realism interpreting the proper use of military power solely to further the political goals of the state whatever those may be This book demonstrates how such single minded focus no longer suffices to secure the interest of states for whom the nature of warfare has evolved to favor strategies that hold

combatants themselves to the highest moral and professional standards in their conduct of hostilities Waging war has thus been transformed in a manner that moves beyond Clausewitz s original conception rendering political success wholly dependent upon the cultivation and exercise of discerning moral judgment by strategists and combatants in the field This book utilizes a number of perspectives and case studies to demonstrate how ethics now plays a central role in strategy in modern armed conflict This book will be of much interest to students of just war ethics military strategy and international relations

Professional Journal of the United States Army ,1997 **United States Military Posture for FY ...** United States. Organization of the Joint Chiefs of Staff,1989 The People's Liberation Army in the Information Age James C. Mulvenon,Richard H. Yang,1999 The product of a 1998 RAND conference this collection discusses the People s Liberation Army It covers the non hardware side of the PLA s modernization and examines the critical software side including civil military relations professionalism logistics training doctrine and more **Department of Defense Appropriations for ...** United States. Congress. House. Committee on Appropriations,1985 *Department of Defense Appropriations* United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense,1988 British Strategy Sir Frederick Maurice,1929 **Military Strategy** Antulio J. Echevarria (II),Antulio Joseph Echevarria,2017 This Very Short Introduction adapts Clausewitz s framework to highlight the dynamic relationship between the main elements of strategy purpose method and means Drawing on historical examples Echevarria discusses the major types of military strategy and how emerging technologies are affecting them *Special Warfare* ,2012 **Military Review** ,1990 **War from the Top** Alan F. Wilt,1990-08-22 Wilt writes well and offers many sound perceptions Choice a stimulating book a timely warning against overindulgence in hindsight in evaluating the great issues of the war Parameters a significant new study a clearly written excellent book Airpower Journal an impressive work of scholarship British Politics Group Newsletter Wilt s comparative approach permits us fresh perspectives on both sides of the war Moreover Wilt has chosen to compare two of the major rival belligerents at the most stimulating and interesting level at which such comparison might be made the level of the summit of decision making with the magnetic figures of Hitler and Churchill playing major roles in his narrative and analysis Russell F Weigley This is a masterful treatment of a complex subject and a must read book for anyone writing about the Second World War The Historian **Military Thought** ,2016 **Collected Works of the Thirtieth Chief of Staff, United States Army** John Adams Wickham,1987 This book a compilation of written and spoken works is intended to provide insight into the author s tour as Army Chief of Staff The book includes major addresses to military and civilian audiences Congressional testimony interviews published articles letters to General Officers and edited White Papers The editors have prepared a prologue an introduction to each section in the book and an epilogue to assist the reader in using these collected works from DTIC abstract **Elements of Strategy** G J Fiebeger,Inc John Wiley and Sons,2023-07-18 An authoritative guide to the principles and practice of military strategy Elements of Strategy is a must read for anyone interested in the art

of war Drawing on the lessons of history and the insights of contemporary theorists this book offers a rigorous and practical approach to the study of strategy with detailed analysis of tactics logistics and other key components of military success Whether you are a military professional a student of history or simply a curious reader you will find this book to be both informative and engaging This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Review of Current Military Literature ,1990
