Environmental Practice in the Human Services Bernard Neugeboren,2013-01-11 Environmental Practice in the Human Services points to the need for the human services to return to their historic mission of environmental change It moves beyond the more general conceptual emphasis on person in environment toward the development of an environmental practice technology based on an intervention model which prescribes specific micro and macro roles and functions It may open the way to recapturing the conceptual breadth which characterized the first 40 years of social work as a professional and occupational entity The ecological perspective in social work has fostered an interest in the impact of social environments on service consumers Environmental Practice in the Human Services tries to rectify the historical imbalance in the human services that has emphasized people changing methods giving secondary emphasis to environmental change It instructs students preparing for practice in the human services as well as agency practitioners in the knowledge and skills necessary in environmental practice Cases in environmental practice are used to illustrate how these skills are utilized in actual practice situations The book s scope includes practice at the direct service administration planning and social policy levels it integrates micro and macro practice and shows how these two levels of practice are interdependent This enables human service practitioners to create and or modify social environments to enhance the functioning of clients being served in human service programs Topics covered include important skills in environmental practice including decisionmaking negotiating and leadership community practice and resource coordination social support the impact of organizational environments on practice environmental practice for the chronically disabledAuthor Neugeboren s approach is unique in its in depth focus on environmental practice applying concepts of social environment to specific practice roles This practice specific content which provides tools needed for environmental practice is in contrast to existing texts on the social environment which are very theoretical and not integrated with practice He

includes material from the field of social ecology which has not been included in existing texts It shows how practitioners and administrators planners and policymakers can facilitate and support each other s work Reading Environmental Practice in the Human Services will enlighten students and practitioners with specific skills for impacting on different social environments to enhance client benefit It tells how a direct service practitioner can determine which organizational environments are suitable for particular client needs in making agency referrals It also provides administrators with information about designing planning and managing agencies with functional organizational environments which achieve effective services

Social Workers' Desk Reference ,2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the Social Workers Desk Reference the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research

Human Services and the Afrocentric Paradigm Jerome Schiele,Jerome H Schiele,2013-09-13 Discover how human services professionals can help to eliminate cultural oppression Human Services and the Afrocentric Paradigm presents a new way of understanding human behavior attacking social problems and exploring social issues This excellent guide shows that understanding the simultaneous forces of oppression and spiritual alienation in American society serves as a foundation for understanding the societal problems here The first book to offer a comprehensive exposition of how the Afrocentric paradigm can be used by human service professionals and community advocates Human Services and the Afrocentric Paradigm discusses why and how human service work is hampered by Eurocentric cultural values and will help you to offer fair and effective services to your clients Human Services and the Afrocentric Paradigm provides you with a concrete discription of how the Afrocentric model can be applied in human services to help people of all races and ethnicities You will expand and diversify your knowledge base in human services by

understanding the cultural values traditions and experiences of people of African ancestry Some of the issues and concepts in the Afrocentric paradigm that you will explore are defining the Afrocentric worldview complete with a discussion of its philosophical assumptions and its shortcomings understanding traditional helping assumptions and methods of West African societies and how these have influenced the helping strategies of African Americans exploring the strengths and weaknesses of some early African American human service scholars with special concern placed on their rejection of traditional African methods in favor of Eurocentric ideas resolving youth violence and helping people with substance abuse problems examining Afrocentric assumptions about resource distribution morality and societal relationships identifying organizational and conceptual differences in Eurocentric and Afrocentric paradigms creating organizational empowerment and an enhanced work environment via the Afrocentric paradigm Human Services and the Afrocentric Paradigm will help you understand solve and prevent problems that are confronted by several races especially individuals of African descent This timely and relevant worldview is thoroughly explained to assist you in better serving people of color The Afrocentric paradigm will help human services practitioners administrators policy advocates analysts educators and black studies professors and students achieve educational and treatment objectives by showing you the importance of various cultural values and how to integrate them to make a difference *The Use of Personal Narratives in the Helping Professions* Jessica K Heriot, Eileen J

Polinger, 2014-01-02 Use these fascinating first person accounts to bring real world problems into the classroom *The Use of Personal Narratives in the Helping Professions A Teaching Casebook* is a collection of personal narratives short stories and poetry about mental illness and other life affecting problems mostly in the context of family life Each selection is accompanied by questions for discussion selected reading lists are provided with each chapter Beginning with problems related to childhood the stories range through adolescence adulthood and old age This unique book provides students and educators in psychology social work and counseling with an in depth understanding of various mental illnesses and psychosocial problems through the life cycle Its stories and narratives give students the unique opportunity to experience from the inside what it is like to live with an eating disorder or struggle with a compulsion phobia *The Use of Personal Narratives in the Helping Professions* is more than a teaching tool These stories are more than thought provoking more than simply insightful They are truly fascinating each a candid no holds barred glimpse into the personal reality of its narrator and will inspire the kind of discussions that the best courses and instructors are remembered for Your students will most likely have finished the book before the class has finished discussing the first chapter With *The Use of Personal Narratives in the Helping Professions* your students will explore family relationships under various types of stress how families cope with physical illness what happens to the family when a loved one struggles with mental illness the impact of racial issues the effects of sexual abuse and domestic violence the process of healing from childhood trauma and much more *The Use of Personal Narratives in the Helping Professions* provides first hand knowledge of what the loss of a parent to death mental

illness or alcoholism feels like to the child of how coming out as a lesbian affects one's life of the love and frustration of having a mentally handicapped sibling of what it's like to lose one's memory in old age No academic description can convey the feelings meaning and effects on the individual or family of mental illness or other psychosocial stressors Only narratives and stories based on direct experience exactly what you'll find in *The Use of Personal Narratives in the Helping Professions* can offer this perspective

Social Work Approaches to Conflict Resolution B Harold Chetkow-Yanoov, 2013-10-11 *Social Work Approaches to Conflict Resolution* helps readers understand the nature and causes of conflict and offers suggestions for coping with conflict effectively It is based on two assumptions that conflict is a basic part of the life of normal human beings groups organizations communities and nations and that resolving conflict is part of the ongoing interventions of all social workers A practical text for theory practicum courses for MSW and doctoral students it is filled with information also useful to therapists group workers community workers administrators scholars in the social sciences practitioners in other helping professions and trainers in the emerging field of conflict resolution itself Deliberately linking conflict resolution and systems analysis *Social Work Approaches to Conflict Resolution* tackles a number of related themes to help you see the connections between topics not normally presented together in social work literature You'll see how unmet needs may cause conflict to evolve and escalate and learn about the connections between strongly held feelings and the destructive relations that have developed between diverse ethnic peoples in many parts of our planet Author Benjamin Chetkow Yanoov draws on his own background of being a minority as well as his experience in Arab Jewish reconciliation in Israel as he offers readers thorough explanations of a systems model for analyzing conflict problem solving versus resolving conflict how value clashes and victimization are some of the basic causes of conflict escalation 9 professional roles required for resolving conflicts the effectiveness of volunteers in conflict resolution teaching conflict resolution skills to various audiences trends in the evolution of voluntary conflict resolution efforts You can apply much of what you learn in *Social Work Approaches to Conflict Resolution* not only to your professional life but also to your personal relationships and experiences Also since victimized people and groups are major contributors to the perpetuation and escalation of conflict the book suggests 10 steps for helping victims free themselves from repeated conflict generating behaviors

Intervention Research Edwin J Thomas, Jack Rothman, 2013-04-03 This interdisciplinary book presents a comprehensive conceptual and methodological treatment of intervention research a developing area of empirical inquiry that aims to make research more directly relevant and applicable to practice *Intervention Research* contains original chapters by the most highly regarded scholars in the field These experts explain how to distinguish intervention research from other modalities demonstrate a new model of research for the design and development of interventions and provide guidelines for conducting intervention research in practice with individuals families and community organizations Providing useful observations and a wealth of ideas authors offer conceptual schemes results from recent design and development studies and strategies and methodologies to help

professionals make their research more usable and meaningful Chapters cover such important topics as the acquisition of relevant knowledge meta analysis in intervention research methods and issues in designing and developing interventions and field testing and evaluating innovative practice interventions The book depicts intervention research through case illustrations and promotes the use of new technologies for developing innovative practice methods Intervention Research focuses on Intervention Design and Development the part of intervention research involving the creation of reliable practical tools of social intervention in user ready form It sets forth systematic procedures for designing testing evaluating and refining needed social technology and for disseminating proven techniques and programs to professionals in the community Intervention Research has a base in social work but is highly interdisciplinary Authors contributing to this text come from a variety of fields including psychology sociology education information science and communications Professors and educators working in schools of public health education urban planning nursing and public administration or teaching courses in psychology sociology or upper level social work will find this book full of comprehensive and practical information that is advantageous for their work

The Witness Stand Carlton Munson, Janet Vogelsang, 2013-10-31 Learn reliable techniques to prepare and present effective testimony Soon after leaving graduate school I was thrown to the courtroom wolves with no preparation No social worker should have to go through that says Janet Vogelsang author of The Witness Stand Few colleges of social work prepare their students for the inevitable involvement with the courts entailed by their profession This timely book provides you with a blueprint for presenting yourself as a competent and credible professional in court cases This indispensable guide tells exactly what happens in court how to counter common strategies for discrediting your profession and what to do when your client's attorney is obnoxious The Witness Stand emphasizes the biopsychosocial assessment as the essential tool for a social worker called on to testify in court Its helpful features include sample forms and affidavits and actual court testimony The end of chapter summaries can be used for rapid review and as a to do checklist for preparing a court case The Witness Stand offers practical detailed advice on such matters as how the legal system works how to handle contacts with attorneys and investigators what to do with documents and files how to prepare your testimony how to handle direct testimony and cross examination how to define your social work expertise on the stand what to wear when you go to court The Witness Stand can help you deal with the anxiety provoking complexities of the legal system Instead of being confused or intimidated by legal arcana you will be well prepared well organized and ready to present yourself as the confident reliable professional you are

Gerontological Social Work Supervision Carlton Munson, Ann Burack Weiss, Frances C Brennan, 2014-02-25 This unique book clearly depicts a need for supervision in gerontological social work settings and provides a framework for approaching supervision Grounded in two distinct bodies of literature social work supervision and gerontological social work this important book thoroughly examines present gerontological practice and principles and focuses on the stages and styles of helping and teaching case workers to improve agency efficiency

Gerontological Social Work Supervision assumes some gerontological knowledge and experience with aging on the part of the supervisor yet provides an abundance of informative and practical methods to aid agency success rates with their clients. The authors discuss the supervisory position as a positive asset in all aspects of case work and management. Throughout the chapters the value of a supervisor is compounded whether the supervisor is helping a worker in seeing a broader scope of the field of social work with the elderly providing guidance through gray areas of ethics or teaching practice skills for work with individuals groups or families the need for an involved and prepared case worker supervisor becomes increasingly clear through the theories and scenarios presented. Extensive examples and helpful considerations make this an invaluable book for agency supervisors and workers. An entire chapter is devoted to providing supervision in the educational arena promoting a greater awareness of gerontological social work in students preparing for the field. The appendices are packed with lists of additional works on supervision in social work bibliographies of selected readings in case management entitlement long term care and family caregiving.

Social Work Theory and Practice with the Terminally Ill Joan K Parry, 2014-04-08 Social Work Theory and Practice with the Terminally Ill second edition takes a compassionate look at ways that social workers can help dying people and their families. The social workers who work most effectively with terminally ill patients and their families are the ones who best understand the multifaceted nature of the dying process and its impact on the the patient the family and even on the health care professionals who work with patients at the end of life. Dr Parry who specializes in dying and bereavement offers astute observations on the stages of dealing with the diagnosis of a terminal illness and the impending death that patients and their families confront. This updated second edition provides valuable new information on ways that social workers can help those with AIDS and their families on traumatic death from any cause and on the grieving processes of parents. Social Work Theory and Practice with the Terminally Ill second edition also includes stimulating discussions on the interdisciplinary health team the grieving process professional burnout how social workers adapt to working with dying patients euthanasia and physician assisted dying living wills and patients rights. In touching case studies this volume illustrates the particular needs and concerns of the terminally ill and their families impending losses financial worries job concerns pain unfinished business and spiritual needs and reviews successful interventions used by social workers to help patients and their families work through the dying process.
