Posner, Nancy Princenthal, Sue Scott, 2014-05-12 The authors of *After the Revolution* return with an incisive study of the work of contemporary women artists In *After the Revolution* the authors concluded that The battles may not all have been won but barricades are gradually coming down and work proceeds on all fronts in glorious profusion Now with *The Reckoning* authors Heartney Posner Princenthal and Scott bring into focus the accomplishments of 24 acclaimed international women artists born since 1960 who have benefited from the groundbreaking efforts of their predecessors The book is organized in four thematic sections *Bad Girls* profiles artists whose work represents an assault on conventional notions of gender and racial difference *History Lessons* offers reflections on the self in the context of history and globalization *Spellbound* focuses on women's embrace of the irrational subjective and surreal while *Domestic Disturbances* takes on women's conflicted relationship to home family and security Written in lively prose and fully illustrated throughout this book gives an informed account of the wonderful diversity of recent contemporary art by women An indispensable contribution to the literature on contemporary art by women Whitney Chadwick author of *Women Art and Society* In the 2007 book *After the Revolution* *Women Who Transformed Contemporary Art* the authors set a new standard in documenting and evaluating the work of a dozen key women artists spanning generations between the 1960s to the 2000s The beat goes on with the appearance of *The Reckoning* written by the same authors in the same accessible scholarly style but reflecting important historical changes over the past decade and more In line with the increased presence of women in mainstream art the book includes twice as many artists as its predecessor And its global reach has expanded vastly stretching from Europe and the Americas to Africa and China Holland Cotter *The New York Times* **Feminist Foremothers in Women's Studies, Psychology, and Mental**

**Health** Ellen Cole, Esther D Rothblum, Phyllis Chesler, 2014-05-12 *Feminist Foremothers in Women's Studies Psychology and Mental Health* is by and about the more recent wave of feminist foremothers those who were awakened in the 1960s and 70s to the realization that something was terribly wrong These are the women who created the fields of feminist therapy feminist psychology and women's mental health as they exist today The 48 women share their life stories in the hope that they will

inspire and encourage readers to take their own risks and their own journeys to the outer edges of human possibility Authors write about what led up to their achievements what their accomplishments were and how their lives were consequently changed They describe their personal stages of development in becoming feminists from unawareness to activism to action Some women focus on the painful barriers to success fame and social change others focus on the surprise they experience at how well they and the women s movement have done Some well known feminist foremothers featured include Phyllis Chesler Gloria Steinem Kate Millett Starhawk Judy Chicago Zsuzanna Emese Budapest Andrea Dworkin Jean Baker Miller Carol Gilligan In *Feminist Foremothers in Women s Studies Psychology and Mental Health* many of the women see in hindsight how prior projects and ideas and even dreams were the forerunners to their most important work They note the importance of sisterhood and the presence of other women and the loneliness and isolation experienced when they don t exist They note the validation they have received from grassroots feminists in contrast to disbelief from professionals Although these women have been and continue to be looked up to as foremothers they realize how little recognition they ve been given from society at large and how much better off their male counterparts are Some foremothers write about the feeling of being different not meshing with the culture of the time and about challenging the system as an outsider not an insider These are women who had few mentors who had to forge their own way hit the ground running Their stories will challenge readers to press on to continue the work these foremothers so courageously started Throughout the pages of *Feminist Foremothers in Women s Studies Psychology and Mental Health* runs a sense of excitement and vibrancy of lives lived well of being there during the early years of the women s movement of making sacrifices of taking risks and living to see enormous changes result Throughout these pages too sounds a call not to take these changes for granted but to recognize that feminists rather than arguing over picayune issues or splitting politically correct hairs are battling for the very soul of the world *Mother Jones*, 1989-11 **WLW Journal** Women Library Workers (U.S.), 1992 *Art Of The Postmodern Era* Irving Sandler, 2018-05-30 Sandler discusses the major and minor artists and their works movements ideas attitudes and styles and the social and cultural context of the period He covers post modernist art theory the art market and consumer society American and European art and artists are included *The Stakes of Exposure* Namiko Kunimoto, 2017-02-21 How would artistic practice contribute to political change in post World War II Japan How could artists negotiate the imbalanced global dynamics of the art world and also maintain a sense of aesthetic and political authenticity While the contemporary art world has recently come to embrace some of Japan s most daring postwar artists the interplay of art and politics remains poorly understood in the Americas and Europe *The Stakes of Exposure* fills this gap and explores art visual culture and politics in postwar Japan from the 1950s to the 1970s paying special attention to how anxiety and confusion surrounding Japan s new democracy manifested in representations of gender and nationhood in modern art Through such pivotal postwar episodes as the Minamata Disaster the Lucky Dragon Incident the budding antinuclear movement and the ANPO protests of the 1960s The

Stakes of Exposure examines a wide range of issues addressed by the period's prominent artists including Tanaka Atsuko and Shiraga Kazuo key members of the Gutai Art Association Katsura Yuki and Nakamura Hiroshi Through a close study of their paintings illustrations and assemblage and performance art Namiko Kunimoto reveals that despite dissimilar aesthetic approaches and divergent political interests Japanese postwar artists were invested in the entangled issues of gender and nationhood that were redefining Japan and its role in the world Offering many full color illustrations of previously unpublished art and photographs as well as period manga The Stakes of Exposure shows how contention over Japan's new democracy was expressed disavowed and reimagined through representations of the gendered body *Environmental Health Perspectives*, 2004 **Sexuality, the Female Gaze, and the Arts** Ronald L. Dotterer, Susan Bowers, 1992 Female sexuality as expressed both in the art of women and in images of women in art is the focus of this collection of thirteen essays the second in a three volume series on women the arts and society The idea that art created by a woman has a particular relationship to the female body is explored by most of these essays [Global Women's Health, An Issue of Obstetrics and Gynecology Clinics, E-Book](#) Jean R. Anderson, Grace Chen, 2022-11-02 In this issue of Obstetrics and Gynecology Clinics of North America guest editors Drs Jean R Anderson and Grace Chen bring their considerable expertise to the topic of Global Women's Health The goal of this unique issue is to explore some of the challenging health problems that affect women worldwide and to make a positive impact on the global health of women Multinational authors provide up to date reviews that address key clinical issues and critical topics in the field Contains 13 practice oriented topics including contraception and preconception care interpersonal violence quality care for women interprofessional care in obstetrics and gynecology surgical burden of disease in women nonmedical factors that impact women's health and more Provides in depth clinical reviews on global women's health offering actionable insights for clinical practice Presents the latest information on this timely focused topic under the leadership of experienced editors in the field Authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews **Federal Register**, 1986-10-10

**Vasculogenesis and Angiogenesis** Dan Simionescu, Agneta Simionescu, 2011-11-07 Vasculogenesis is the process of new blood vessel formation during embryonic development of the cardiovascular system This is followed by formation of a vascular tree and finally the cardiovascular system with the myriad of blood vessels that nourish all tissues and organs Angiogenesis on the other hand is the process by which new blood vessels take shape from existing blood vessels by sprouting of endothelial cells thus expanding the vascular tree Both scenarios are based on activation migration proliferation and maturation of unique precursor cells The study of blood vessel formation is an essential component of embryonic development congenital malformations degenerative diseases inflammation and cancer and thus has widespread appeal to the biomedical field Moreover scientists are now harnessing this information for the purpose of building living blood vessel substitutes for replacement of diseased arteries and veins This book highlights novel advances in the field of vasculogenesis

and angiogenesis including embryogenesis and development regulation of progenitor cells cancer and blood vessel regeneration We consider this book a good initial source of information for graduate students medical students and scientists interested in the intricacies of blood vessel formation maturation disease and replacement      *Feminists Who Changed America, 1963-1975* Barbara J. Love, 2006-09-22 Documenting key feminists who ignited the second wave women s movement Barbara J Love s *Feminists Who Changed America 1963 1975* will be the first comprehensive directory to document many of the founders and leaders including both well known and grassroots organizers of the second wave women s movement It tells the stories of more than two thousand individual women and a few notable men who together reignited the women s movement and made permanent changes to entrenched customs and laws The biographical entries on these pioneering feminists represent their many factions all parts of the country all races and ethnic groups and all political ideologies Nancy Cott s foreword discusses the movement in relation to the earlier first wave and presents a brief overview of the second wave in the context of other contemporaneous social movements
