Weldon Kees and the Arts at Midcentury Daniel A. Siedell,2003-01-01 Born in 1914 in Beatrice Nebraska and presumed dead in 1955 when he apparently leapt from the Golden Gate Bridge Weldon Kees has become one of the better known unknown American poets of the twentieth century his fiction and poetry largely kept alive by other poets But Kees was also that rare artist who excelled in many genres and media a skillful painter filmmaker jazz musician and composer He was a gifted critic as well and his criticism bears the marks of his own deep and broad engagement with the arts Weldon Kees and the Arts at Midcentury is the first book to reflect the full range and reach of Kees s artistic activities Bringing together writers from various disciplines art historians poets literary critics curators and cultural scholars including Dore Ashton James Reidel Dana Gioia and Stephen C Foster this volume offers a wide variety of perspectives through which to evaluate the meaning and significance of Kees s achievement Although the essays themselves partake of the diversity of Kees s impact on the culture all agree on one fundamental point any history of postwar American culture that neglects Kees s multifaceted contribution is ultimately incomplete *France and the Visual Arts since 1945* Catherine Dossin,2018-09-20 Taking on the myth of France s creative exhaustion following World War II this collection of essays brings together an international team of scholars whose research offers English readers a rich and complex overview of the place of France and
