External Evaluation Of The Esaf Report:

External Evaluation of the ESAF International Monetary Fund, 1998-06-24 One result of the IMF's move to increased openness are independent external evaluations of important IMF policies to complement its own in-house evaluations. This paper prepared by a team of evaluators includes in addition to the external evaluation a statement by Bernd Esdar Chairman of the Executive Director's group concerned with external evaluations the summing up by IMF Managing Director Michel Camdessus of the Executive Board's discussion of the report the terms of reference and the IMF staff's response to the evaluation **External Evaluation of the ESAF**, 1998 *Annual Report of the Executive Directors for the Fiscal Year*

International Monetary Fund, 1993 [External Evaluation of IMF Economic Research Activities](#) International Monetary Fund, 2000-04-11 This report commissioned by the Executive Board was prepared by a committee of academic economists. The report assesses the appropriateness of current research activities the quality and added value of the IMF's economic research and its utility in the IMF among its member countries and within the wider economics community. This publication also includes responses to the report by the IMF's staff Managing Director and Executive Board **Reforming the**

Governance of the IMF and the World Bank Ariel Buira, 2005-11-01 The papers included in this book cover different aspects of the governance of the Bretton Woods institutions. They explore different options for reform and show that enhancing the participation of developing and emerging market countries in resolving the major monetary and financial problems confronting the world economy would improve global economic performance and contribute to the elimination of world poverty **Uganda** International Monetary Fund, 1999-10-20 This Selected Issues paper and Statistical Appendix

analyzes poverty and social development in Uganda. The paper reviews recent poverty and inequality trends examines how poor people are coping with risk and vulnerability analyzes the relationship between economic growth structural reform and poverty and describes the government policies in these areas. The paper also provides a brief overview of major institutional developments in Uganda's financial sector since 1993 with regard to the legal accounting and general regulatory framework in which financial institutions operate **Poverty and Social Impact Analysis in PRGF-Supported Programs**

Ms. Gabriela Inchauste, 2002-12-01 This paper aims to inform on the status of Poverty and Social Impact Analysis (PSIA) in IMF supported programs detailing the results presented in the recent review of PRGF supported programs. The review showed that more needs to be done both in undertaking PSIA when necessary and in reporting the policy tradeoffs in program documents. Policy design should be continuously informed by the results of PSIA **Globalization for Development** Ian

The Globalizers Ngaire Woods, 2014-11-15. The IMF and the World Bank have integrated a large number of countries into the world economy by requiring governments to open up to global trade, investment, and capital. They have not done this out of pure economic zeal. Politics and their own rules and habits explain much of why they have presented globalization as a solution to challenges they have faced in the world economy from the Introduction. The greatest success of the International Monetary Fund and the World Bank has been as globalizers. But at whose cost? Would borrowing countries be better off without the IMF and World Bank? This book takes readers inside these institutions and the governments they work with. Ngaire Woods brilliantly decodes what they do and why they do it using original research, extensive interviews carried out across many countries and institutions, and scholarship from the fields of economics, law, and politics. The Globalizers focuses on both the political context of IMF and World Bank actions and their impact on the countries in which they intervene. After describing the important debates between U.S. planners and the Allies in the 1944 foundation at Bretton Woods, she analyzes understandings of their missions over the last quarter century. She traces the impact of the Bank and the Fund in the recent economic history of Mexico, of post-Soviet Russia, and in the independent states of Africa. Woods concludes by proposing a range of reforms that would make the World Bank and the IMF more effective, equitable, and just.

The IMF and its Critics David Vines, Christopher L. Gilbert, 2004-02-26. The IMF is the first economic institution in line to protect countries from the effects of financial crises and to insulate the world economy from possible systemic risk. However, many argue that the IMF is insufficiently equipped to do this job, while others argue almost the opposite: the IMF's well-intentioned actions induce other countries to take risks which increase their exposure from both universities and the multilateral agencies. Combines rigorous economic analysis with insider perspectives on key policy debates. It analyses the Asian and Argentine financial crises of the late 1990s, issues of policy ownership, the more general quest for financial stability and governance of the IMF. It is an essential reference for anyone interested in the role of international financial institutions in our globalised economy.
