Jesus Tradition in the Apostolic Fathers Stephen E. Young, 2011 This dissertation reevaluates the tradition of Jesus sayings in the Apostolic Fathers in light of the growing recognition of the impact of orality upon early Christianity and its writings At the beginning of the last century it was common to hold that the Apostolic Fathers made wide use of the canonical Gospels While a number of studies have since called this view into question many of them simply replace the theory of dependence upon canonical Gospels with one of dependence upon other written sources No full scale study of Jesus tradition in the Apostolic Fathers has been published which takes into account the last four decades of new research into oral tradition in the wake of the pioneering work of Milman Parry and Albert Lord Based on this new research the present dissertation advances the thesis that an oral traditional source best explains the form and content of the explicit appeals to Jesus tradition in the Apostolic Fathers that predate 2 Clement In the course of the discussion attention is drawn to the ways in which the Jesus tradition in the Apostolic Fathers informs our understanding of the use of oral tradition in Christian antiquity

Envisioning God in the Humanities Courtney J. P. Friesen, 2018-11-09 The humanities offer insights into the highest and lowest capabilities of our own natures and at their best they function as prophetic champions of human dignity and as inspired celebrants of beauty Envisioning God in the Humanities pays tribute to the career of Melissa Harl Sellew a scholar and teacher who embodies the ideals of these academic disciplines The collaboration of these essays attests to the potentialities for transcendence that emerge from rigorous and collective reflection on the texts images and ideas produced in ancient societies Taking its cue from Professor Sellew s own distinguished scholarship this collection of studies begins with analyses of the New Testament Gospels then moves more broadly toward the religious life of the ancient world as attested both in literature and materiality among Jews and Christians Greeks and Romans Just as Sellew has done throughout her career so this volume invites us into to the joy of exploring distant societies and in so doing into the fuller discovery of one s own self

a whole Unlocking the Secrets of the Gospel according to Thomas Charles W. Hedrick,2010-08-11 This translation of the Gospel of Thomas represents a departure from the usual literal English of previous publications It aims at providing a reader friendly translation of the original Coptic language in contemporary idiomatic English while remaining true to the complexities of the Coptic The commentary seeks to clarify each saying as it likely would have been understood in the historical context of the Coptic language during the period of Thomas s popularity in Egypt The sayings in Thomas in this period are no longer sayings of the Jewish man Jesus of Nazareth but they have become sayings of a revelation bearer the living Jesus who announces a radical faith for a new age of the church The historical matrix that best serves to inform the text is found in a continuation albeit in a radical direction of the traditional faiths represented in the earliest Christian literature *Ancient Apocryphal Gospels* Markus Bockmuehl,2017-01-17 In this reader friendly guide Markus Bockmuehl offers a sympathetic account of the ancient apocryphal Gospel writings showing their place within the reception history and formation of what was to become the canonical fourfold Gospel Bockmuehl begins by helping readers understand the early history behind these noncanonical Gospels before going on to examine dozens of specific apocryphal texts He explores the complex oral and intertextual relationships between the noncanonical and canonical Gospels maintaining that it is legitimate and instructive to read the apocryphal writings as an engagement with the person of Jesus that both presupposes and supplements the canonical narrative outline Appropriate for pastors and nonspecialists this work offers a fuller understanding of these writings and their significance for biblical interpretation in the church **The ^AForgotten Creed** Stephen J. Patterson,2018-09-03 The first Christian creed said nothing about Christ God or salvation Instead it told the followers of Jesus who they were Children of God Among them distinctions of race class and gender would count for nothing The Forgotten Creed is the story of that first forgotten creed and its remarkable vision of human solidarity
