The Force of Beauty Holly Grout, 2015-05-13 The market for commercial beauty products exploded in Third Republic France with a proliferation of goods promising to erase female imperfections and perpetuate an aesthetic of femininity that conveyed health and respectability While the industry s meteoric

growth helped to codify conventional standards of womanhood The Force of Beauty goes beyond the narrative of beauty culture as a tool for sociopolitical subjugation to show how it also targeted women as important consumers in major markets and created new avenues by which they could express their identities and challenge or reinforce gender norms As cosmetics companies and cultural media from magazines to novels to cinema urged women to aspire to commercial standards of female perfection beauty evolved as a goal to be pursued rather than a biological inheritance The products and techniques that enabled women to embody society's feminine ideal also taught them how to fashion their bodies into objects of desire and thus offered a subversive tool of self expression Holly Grout explores attempts by commercial beauty culture to reconcile a standard of respectability with female sexuality as well as its efforts to position French women within the global phenomenon of changing views on modern womanhood Grout draws on a wide range of primary sources hygiene manuals professional and legal debates about the right to fabricate and distribute medicines advertisements for beauty products and contemporary fiction and works of art to explore how French women navigated changing views on femininity Her seamless integration of gender studies with business history aesthetics and the history of medicine results in a textured and complex study of the relationship between the politics of womanhood and the politics of beauty

Inside Camp David Michael Giorgione, 2024-09-24 Full of firsthand glimpses into a secret world and fresh insights that may delight even the most politically cynical among us The New York Times Never before have the gates of Camp David been opened to the public Intensely private and completely secluded the president's personal retreat is situated deep in the woods up miles of unmarked roads practically invisible to the untrained eye Now for the first time we are allowed to travel along the mountain route and directly into the fascinating and intimate complex of rustic residential cabins wildlife trails and athletic courses For over eighty five years Camp David has served as the president's home away from the hustle and bustle of Washington an ideal place for the First Family to relax unwind and escape the incessant gaze of the media and the public It's hosted gatherings for presidents from Franklin D Roosevelt to Barack Obama holidays reunions even a wedding But more than just a getaway it's also been the site of private meetings and high level summits with foreign leaders to foster diplomacy Former Camp David commander Rear Admiral Michael Giorgione CEC USN Ret takes us deep into this enigmatic and revered sanctuary Combining fascinating first person anecdotes of the presidents and their families with storied history and interviews with commanders past and present he reveals the intimate connection felt by the First Families with this historic retreat Intimate and informative Giorgione blends the presidential with the personal and casts a loving eye on a seldom seen but consequential place with grace candor and humor Richmond Times Dispatch Just the presidential memoir America needs right now The Wall Street Journal

THE POWER WITHIN THEM Advika Narula, 2025-08-04 Caroline and Emily are two 12 year old girls who constantly faced problems in their school Soon they meet some professionals who guide them now their lives are happy until the silent night attack They send them on a mission to find something incredible But they do not know

how many challenges they are going to face and how time consuming their mission will be The creatures present a challenge demanding that the girls prove their worthiness to claim the prize The air thickens with tension as the girls realize they must solve a huge conflict to proceed their hearts racing with a mix of excitement and apprehension Only the Eyes Say Yes Philippe Vigand,Stéphane Vigand,1999 Tells the story of Philippe and Stephane Vigand s struggle to come to terms with Philippe s massive stroke The stroke left Philippe in a coma for two months After coming around Philippe was paralyzed and able to communicate with only the blinking of his eyes Cold Zero Christopher Whitcomb,2008-10-22 Only 200 people have ever been in Christopher Whitcomb s elite branch of the F B I The Hostage Rescue Team is its most highly trained and specialized squadron equivalent to the Navy s Seals and the Army s Delta Force charged with terrorist capture hostage situations and other large scale emergencies in the U S and around the world Whitcomb is the first HRT member ever to write about his experience With breathtaking immediacy Whitcomb describes the brutal training the weapons and tactics and the unbreakable camaraderie of the HRT In short order after joining HRT in 1991 Whitcomb was sent on missions to Ruby Ridge and Waco and his frank assessment of those missions is must reading for anyone interested in modern law enforcement Only rarely does a writer this accomplished have a life this dramatic Cold Zero is a book of rare action and emotion and one that introduces a remarkable new writer to the world Teaching: Professionalisation, Development and Leadership David Johnson,Rupert Maclean,2008-06-04 Harry Judge It is doubly fortunate that a foreword is not an introduction Since it is mercifully brief it should not be expected to mention respectfully each of the distinguished contributions which constitute the work before which it modestly stands as herald For the same reason it cannot be expected to constrain within one overarching framework contributions which are essentially varied in subject matter and method The brief of a foreword writer might indeed be compared to that of a musician commissioned to write an overture to an opera which he had not written To write such a piece for a volume devoted to Eric Hoyle is nevertheless a privilege as well as a pleasure Partly of course because this volume celebrates a long and distinguished career devoted to the application of intelligence and less assertively theory to the improvement of practice And partly because this abbreviated overture is privileged by being placed before a set of virtuoso performances throughout which consistent and coherent themes do insistently resonate Those themes are the very same that distinguish Eric Hoyle s own work Native and National in Brazil Tracy Devine Guzmán,2013 Native and National in Brazil Indigeneity after Independence Stronger Than You Think Kerry Evans,Katie Whyatt,2025-08-12 THIS BOOK WILL INTRODUCE THE WORLD TO WREXHAM S HEART HER NAME IS KERRY EVANS RYAN REYNOLDS Before they purchased Wrexham AFC Hollywood stars Rob McElhenney and Ryan Reynolds were told to contact two people footballing legend Dixie McNeil and Kerry Evans When Kerry received that call from California something inside her sparked at the words Would you like to come on a journey with us Born with cerebral palsy Kerry battled indifferent doctors relentless bullies and crushing anxiety to establish the life she d dreamed of At thirty

she suffered a near fatal brain bleed leaving her without feeling on her right side and unable to walk From rock bottom Kerry fought to get her life back Everything changed when she became Wrexham s disability liaison officer and then Hollywood came calling Stronger Than You Think offers a unique insider perspective on Wrexham s star studded takeover with first hand insights into how two famous actors altered the fortunes of the club and the community surrounding it But this isn t just the story of Wrexham AFC This is the story of how one woman s indomitable spirit enabled her to overcome the odds stacked firmly against her and make an immeasurable impact on the lives of football fans with disabilities and their families
