Eyes and Looking Doug Kincaid, Peter Sephton Coles, 1981-01-01 Real-Time Vision for Human-Computer Interaction
Branislav Kisacanin, Vladimir Pavlovic, Thomas S. Huang, 2005-12-06
200Ts Vision of Vision One of my formative childhood experiences was in 1968 stepping into the Uptown Theater on Connecticut Avenue in Washington DC one of the few movie theaters nationwide that projected in large screen cinerama I was there at the urging of a friend who said I simply must see the remarkable film whose run had started the previous week You won't understand it he said but that doesn't matter All I knew was that the film was about science fiction and had great special effects So I sat in the front row of the balcony munched my popcorn sat back and experienced what was widely touted as the ultimate trip
2001 A Space Odyssey My friend was right I didn't understand it but in some senses that didn't matter Even today after seeing the film 40 times I continue to discover its many subtle secrets I just had the sense that I had experienced a creation of the highest aesthetic order unique fresh awe inspiring Here was a film so distinctive that the first half hour had no words whatsoever the last half hour had no words either and nearly all the words in between were banal and irrelevant to the plot quips about security through Voiceprint identification how to make a phonecall from a space station government pension plans and so on Look into my eyes Boris Tzaprenko, 2022-02-10
Could the fate of humanity be in the hands of one single person So many different things could erase humans from the surface of this planet In this novel the threat that Homo sapiens face would annihilate them in such a sudden and surprising way that no one would see it coming However Fifteen seconds before the Event Lucien walked into the ophthalmology clinic clueless to the fact that within fifteen seconds he would be experiencing the first manifestation of the Event The Event is the name that for the time being we will call the contingency that would both change the course of his life and bring History to an end And what we mean by bring History to an end is actually decide the ultimate outcome of human existence Lucien was there for a routine check up and was pleased to see that there were only two other people in the waiting room A young woman and an older lady looked up at him Hello he greeted them The elderly lady in the back of the room didn't respond The young woman answered with a shy barely murmured Hello before turning back to her magazine
