**Stephen Jukes**

## **Eyewitness A Journalist Covers The 20th:**

Eyewitness Edmund Demaitre, 1981      **Professional Journal of the United States Army**, 1982      Military Review, 2008      *Journalism and Eyewitness Images* Mette Mortensen, 2014-12-17 Building on the vast research conducted on war and media since the 1970s scholars are now studying the digital transformation of the production of news Little scholarly attention has been paid however to non professional eyewitness visuals even though this genre holds a still greater bearing on the way conflicts are fought communicated and covered by the news media This volume examines the power of new technologies for creating and disseminating images in relation to conflicts Mortensen presents a theoretical framework and uses case studies to investigate the impact of non professional images with regard to essential issues in today's media landscape including new media technologies and democratic change the political mobilization and censorship of images the ethics of spectatorship and the shifting role of the mainstream news media in the digital age      **Quarterly Review of Military Literature**, 1982      American Journalism History William D. Sloan, 1989-04-24 Sloan has undertaken to fill a long standing gap in the study of journalism history He has compiled a comprehensive annotated bibliography of works pertaining to United States journalism history from colonial to contemporary times Some 2 600 separate entries provide information on dissertations articles monographs books and reference materials published between 1810 and 1988 Overall this is a useful stimulating volume that pulls together a diverse collection of materials It should enrich the teaching and writing of journalism history American Journalism The history of the American news media has been a popular subject with journalists popular writers and historians since the early years of the Republic and it continues to attract widespread interest Until now however no complete bibliography of these historical materials has been available This comprehensive work provides access to the existing literature on all types of journalism from newspapers to television In his introduction Sloan reviews the different approaches to journalism history that have characterized writing in the field The bibliography is divided by historical period and general theme into 16 sections Carefully annotated it presents concise summaries and bibliographic information for some 2 600 articles books research guides and reference works published between 1810 and 1988 More than 100 journals are included Cross referencing and a detailed index will help the reader locate materials on specific topics as well as those with wider application An invaluable tool for historians and other scholars engaged in research this book will also serve as a useful reference for courses in mass communications and the history of journalism      With Malice Dale K. Myers, 2013-11-12 DIVDIV The definitive work on the murder of Dallas patrolman J D Tippit killed forty five minutes after President Kennedy and its far reaching implications for the JFK assassination and aftermath divDIV Although considered the Rosetta stone of the case against Lee Harvey Oswald the murder of Dallas police officer J D Tippit killed less than an hour after the assassination of President Kennedy has proven to be one of the most misunderstood largely ignored and often twisted aspects of the Kennedy assassination For five decades a community of doubters has contorted official accounts of the

shooting to exonerate Oswald There have been many questions raised about Tippit s death over the past fifty years but few real attempts to find the answers divDIV divDIVDid Oswald murder Tippit Was Tippit a part of the plot to murder President Kennedy What really happened on Tenth Street divDIV divDIVIn With Malice Dale K Myers brings thirty five years of research to this second by second account of the murder of Officer Tippit and the frantic manhunt that ended in the arrest of Lee Harvey Oswald Filling a major void in Kennedy assassination literature it weaves firsthand accounts newly released documents and previously unpublished photographs into a detailed tapestry of facts that lifts the veil on the mystery surrounding this pivotal moment in American history div div     The South Western Reporter ,1926 Includes the decisions of the Supreme Courts of Missouri Arkansas Tennessee and Texas and Court of Appeals of Kentucky Aug Dec 1886 May Aug 1892 Court of Appeals of Texas Aug 1892 Feb 1893 Jan Feb 1928 Courts of Civil and Criminal Appeals of Texas Apr June 1896 Aug Nov 1907 Court of Appeals of Indian Territory May June 1927 Jan Feb 1928 Courts of Appeals of Missouri and Commission of Appeals of Texas     *Covering the Body* Barbie Zelizer,1992-10-15 Covering the Body the title refers to the charge given journalists to follow a president is a powerful reassessment of the media s role in shaping our collective memory of the assassination at the same time as it used the assassination coverage to legitimize its own role as official interpreter of American reality Of the more than fifty reporters covering Kennedy in Dallas no one actually saw the assassination And faced with a monumentally important story that was continuously breaking most journalists had no time to verify leads or substantiate reports Rather they took discrete moments of their stories and turned them into one coherent narrative blurring what was and was not professional about their coverage     Between the Novel and the News Sari Edelstein,2014-04-30 While American literary history has long acknowledged the profound influence of journalism on canonical male writers Sari Edelstein argues that American women writers were also influenced by a dynamic relationship with the mainstream press From the early republic through the turn of the twentieth century she offers a comprehensive reassessment of writers such as Catharine Maria Sedgwick Harriet Jacobs and Charlotte Perkins Gilman Drawing on slave narratives sentimental novels and realist fiction Edelstein examines how advances in journalism including the emergence of the penny press the rise of the story paper and the birth of eyewitness reportage shaped not only a female literary tradition but also gender conventions themselves Excluded from formal politics and lacking the vote women writers were deft analysts of the prevalent tropes and aesthetic gestures of journalism which they alternately relied upon and resisted in their efforts to influence public opinion and to intervene in political debates Ultimately Between the Novel and the News is a project of recovery that transforms our understanding of the genesis and the development of American women s writing     **The War from the Air: Remarkable Stories of American Radio Reporters Who Covered WWII** Pasquale De Marco,2025-05-07 The War from the Air Remarkable Stories of American Radio Reporters Who Covered WWII tells the story of the American radio reporters who covered World War II bringing the sights and sounds of the war into the homes of millions of listeners These reporters were

on the front lines of history risking their lives to report on the most important events of the 20th century Their reports helped shape public opinion about the war and they played a vital role in keeping Americans informed about the progress of the conflict They also helped to boost morale at home and to counter Axis propaganda The War from the Air Remarkable Stories of American Radio Reporters Who Covered WWII is a tribute to the American radio reporters who covered World War II It is a story of courage resilience and the power of journalism to inform and inspire This book is not a comprehensive history of World War II It is not a military history and it is not a political history Instead it is a human story It is the story of the men and women who brought the war into our homes and it is the story of how their experiences changed them and the world These reporters were not just observers They were participants in the war effort They risked their lives to get the story and they often put themselves in harm's way to bring the truth to the American people Their reports were essential to the war effort They helped to keep Americans informed about the progress of the war and they helped to boost morale at home They also helped to counter Axis propaganda and they played a vital role in shaping public opinion about the war The reporters who covered World War II were a diverse group of individuals They came from different backgrounds and they had different political views But they all shared a common goal to tell the story of the war to the American people They were courageous resilient and dedicated to their craft They were the best of American journalism and they deserve to be remembered The War from the Air Remarkable Stories of American Radio Reporters Who Covered WWII is their story If you like this book write a review on google books

Journalism and Emotion Stephen Jukes, 2020-06-01 Indispensable for anyone who cares about journalism Professor Karin Wahl Jorgensen How can we understand the complex relationship between journalism and emotion In a world of live streamed terror polarised political debates and fake news emotion has become central to our understanding of contemporary journalism Including interviews with leading journalists throughout Journalism and Emotion critically explores the impact of this new affective media environment not just on the practice of journalism but also the lived experience of journalists themselves Bringing together theory and practice Stephen Jukes explores The history of objectivity and emotion in journalism from pre internet to digital The emotionalisation of culture in today's populist media landscape The blurring of boundaries between journalism and social media content The professional practices of journalists working with emotive material The mental health risks to journalists covering traumatic stories The impact on journalists handling graphic user generated content In today's interactive interconnected and participatory media environment there is more emotive content being produced and shared than ever before Journalism and Emotion helps you make sense of this explaining how emotion is mobilised to influence public opinion and how journalists themselves work with and through emotional material

**Third World International**, 1991 *The Government UFO Files* Kevin D Randle, 2014-04-21 Secrets and Suppressed Evidence Hidden plots cover ups and misleading statements Coincidences or Lies Sifting through hundreds of historical and government documents interviewing multitudes of participants and tracking countless leads a

former army officer trained as an intelligence officer presents a case for government incompetence and potentially malfeasance Shining a harsh light on the government and its secrets *The Government UFO Files The Conspiracy of Cover Up* investigates what the government knows about encounters with UFOs alien life and mysterious activities The government has long collected information and assembled files on unidentified objects extraterrestrial encounters and strange convergences in the skies but with new government secrets constantly being revealed including finally admitting the existence of Area 51 is it too much to believe that it is hiding important information on close encounters UFOs and alien life Combing FBI FAA and other government files this revealing book thoroughly examined nearly 100 sightings and other occurrences including Alien abductions and encounters Foo Fighters Silver Disks Ghost Rockets and Fireballs The SETI search for extraterrestrial life And much much more *The Government UFO Files* sorts through the information sources and it lets you decide whether the government is being deliberately misleading or whether the conspiracy theories have gotten out of control *Newsmen's Privilege* United States. Congress. House. Committee on the Judiciary, 1973 **The SAGE Encyclopedia of Journalism** Gregory A. Borchard, 2022-01-28 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted This set covers all significant dimensions of journalism such as print broadcast and Internet journalism U S and international perspectives and history technology legal issues and court cases ownership and economics The encyclopedia consists of signed entries from scholars experts and journalists *The Gilded Age Press, 1865-1900* Ted C. Smythe, 2003-08-30 American newspapers redefined journalism after the Civil War by breaking away from the editorial and financial control of the Democratic and Republican parties Smythe chronicles the rise of the New Journalism where pegging newspaper sales to market forces was the cost of editorial independence Successful papers in post bellum America thrived by catering to a mass audience which increased their circulations and raised their advertising revenues Still active politically independent editors now sought to influence their readers opinions themselves rather than serve as conduits for the party line **Voices from Ukraine** Rashad Mammadov, 2024-11-29 *Voices from Ukraine* takes you into the lives and experiences of journalists covering one of the most consequential wars of our time This book provides a detailed examination of war reporting in Ukraine by merging the author's insights with the stories of journalists collected from Ukrainian and international media sources It claims that nationality gender technology and politics have significantly influenced journalism during this crisis creating possibilities and challenges that shape how the conflict is perceived and covered worldwide The author emphasizes the role played by journalists in conflicts and their impact on democratic discourse and public awareness of war *Voices from Ukraine* examines the dangerous new paradigm of misinformation the paradox of neutrality and the personal professional and ethical choices journalists face in combat zones It also covers the experiences of international reporters and honors the outstanding work of women journalists in a field traditionally dominated by men Within the broader scope of war journalism literature this book raises questions about how journalists experiences in the war in Ukraine alter

our understanding of conflict reporting      *Hungarian Studies Newsletter* ,1982      **Israel Yearbook on Human Rights, Volume 45 (2015)** Yoram Dinstein,2020-10-12 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations
