Ezra Pound And Confucianism Remaking Humanism In The Face Of Modernity:

Ezra Pound and Confucianism Feng Lan, 2011-11-01 In Ezra Pound and Confucianism Feng Lan offers the first study of Ezra Pound's project of establishing a Confucian humanism as an alternative to Western modernism. While Pound scholars are familiar with the American poet's commitment to Confucianism, the question of how Confucianism systematically shaped Pound's thoughts has not been convincingly answered. Lan shows that when confronted with what appeared to him a dehumanising modern world, Pound discovered in Confucianism possible solutions to issues that he encountered in language, politics, and religion, which Western intellectual tradition as a whole had failed to provide. By integrating Confucian doctrines with received ideas from Western tradition, Pound developed a humanist discourse and brought it to bear on the historical conditions of his time. The result was a discourse characterized primarily by the following beliefs: the human mind as the source of creation; the individual's moral will as the basis of truth and social order; the human partnership with the world of nature; the self-perfectibility of human beings; and their innate capability for internal transcendence in spiritual life. Lan examines the strategies with which Pound reconstructed Confucianism into a systematic modern discourse, focusing on his controversial translation of Confucian scriptures, his rethinking of the nature of language and poetry, his political theory of the individual and the state, and his formulation of an unorthodox spirituality. Situating Pound's works in diverse cultural, historical, and intellectual contexts, *Ezra Pound and Confucianism* demonstrates that, despite its frequent divergence from the Confucian canon, Pound's Confucian humanism gives his poetry an ideological coherence, enriches the Western humanist tradition, and asserts its relevance to the historical and cross-cultural development of Confucianism in modern times. **Ezra Pound: Poet** A. David Moody, 2015-09-24 This third and final volume of A. David Moody's critical life of Ezra Pound presents Pound's personal tragedy in a tragic time. In this volume, we experience the 1939-1945 World War and Pound's hubristic involvement in Fascist Italy's part in it; we encounter the grave moral and intellectual error of Pound holding the Jewish race responsible for the war and his consequent downfall, being charged with treason, condemned as an anti-Semite, and shut up for twelve years in an institution for the insane. Further, we see Pound stripped for life by his own counsel and wife of his civil and human rights. Pound endured what was inflicted upon him justly and unjustly, without complaint, and continued his lifetime's effort to promote in and through his *Cantos* and his translations a consciousness of a possible humane and just social order. The contradictions run deep and compel as tragedy does a steady and unprejudiced contemplation and an answering depth of comprehension. *Modernism, Imperialism and the Historical Sense* Paul Stasi, 2012-07-30 Modernist art and literature sought to engage with the ideas of different cultures without eradicating the differences between them. In *Modernism, Imperialism and the Historical Sense*, Paul Stasi explores the relationship between high modernist aesthetic forms and structures of empire in the twentieth century. Stasi's text offers new readings of James Joyce, Ezra Pound, T. S. Eliot, and Virginia Woolf by situating their work within an early moment of globalization. By combining the insights of Marxist

historiography aesthetic theory and postcolonial criticism Stasi's careful analysis reveals how these authors' aesthetic forms responded to and helped shape their unique historical moment. Written with a wide readership in mind, this book will appeal especially to scholars of British and American literature as well as students of literary criticism and postcolonial studies.

Ezra Pound in Context Ira B. Nadel, 2010-11-11 Long at the centre of the modernist project from editing Eliot's *The Waste Land* to publishing Joyce, Pound has also been a provocateur and instigator of new movements while initiating a new poetics. This is the first volume to summarize and analyze the multiple contexts of Pound's work, underlining the magnitude of his contribution and drawing on new archival, textual and theoretical studies. Pound's political and economic ideas also receive attention. With its concentration on the contexts of history, sociology, aesthetics and politics, the volume will provide a portrait of Pound's unusually international reach: an American-born modern poet absorbing the cultures of England, France, Italy and China. These essays situate Pound in the social and material realities of his time and will be invaluable for students and scholars of Pound and modernism.
