

EZRA POUND'S INFLUENCE ON LITERARY CRITICISM

By K. L. GOODWIN

Although invariably mentioned in accounts of twentieth-century literary criticism, Ezra Pound is not generally regarded as a major formative influence on it. He founded no school of criticism comparable to that of F. R. Leavis or the Chicago Aristotelians; he enunciated no coherent body of doctrine; he edited no periodical as influential or as long-lived as the *Criterion*, *Scrutiny*, or *Modern Philology*. He did not succeed in engaging any great interest for his major enthusiasms, such as the poetry of the troubadours, the verse form of Gautier, or the critical ideas of Remy de Gourmont.

In his contempt for the insularity of the British critical tradition, he never bothered to write essays that might have given him a secure place in that tradition; he never, for instance, wrote an essay on Shakespeare, Milton, Dryden, Wordsworth, or Tennyson. He concentrated, instead, on the poets of Provence and Italy and on the state of contemporary literature. Had he written extensively on Dante, he might have secured some attention for his ideas, but he chose to devote most of his time to Arnaut Daniel and Guido Cavalcanti. Had he written essays on the major figures of modern literature, he would have secured attention, but he chose to devote most of his promotional campaigns to gaining recognition for writers rather than to offering his own considered critical opinions about them; once a writer was established, Pound turned his attention elsewhere. His major critical essays are, then, on literatures other than English. His essays on British and American literature are either on secondary figures, such as Crabbe, or, if they are on important modern figures, such as Yeats, Frost, Joyce, Eliot, or William Carlos Williams, they are occasional

Forty five years after his death and more than seventy years after his indictment for treason Ezra Pound remains a deeply controversial figure Today it is hard to imagine a poet sparking national debate but Pound did just that His receipt in 1949 of the first ever Bollingen Award for Poetry started a hue and cry that spread to every US periodical that made even a pretense of following cultural issues even *Time* weighed in It took two years for things to simmer down and when they finally did literary study looked profoundly different Everyone engaged in the study of poetry today professors and students alike works in an environment shaped by that national crisis of conscience The present book considers this untold story and investigates not just what critics have had to say about Pound but also why they have asked the questions they have asked It is routine for reception histories to distinguish between professional studies and more popular responses this book encourages us to consider why we make that distinction and what the costs of doing so might be Unprofessional responses to Pound have often been ideologically and politically embarrassing for Pound scholars who have in response policed the distinction between professional and popular readings with extraordinary vigilance As a result the history of Pound s reception unfolds as a kind of drama perhaps the last ongoing theater for McCarthyite cultural political anxieties Michael Coyle is Professor of English at Colgate University and has published widely on Pound Roxana Preda is Leverhulme Fellow in American Literature at the University of Edinburgh and President of the Ezra Pound Society
