We discover the untraditional approach to risk used in building a new terminal at London's Heathrow airport. We draw lessons on corporate survival from the cat and mouse fight against IEDs in Afghanistan and are introduced to a website where online video gamers solved a critical piece of the AIDS puzzle using their gaming prowess. *Reinventing Communication* is about creating the conditions for performance and attaining long term success. Whether a start-up, a global enterprise or a government agency, this book shows us how to deliver ambitious achievements by getting communication right. It is a book that no manager, leader or innovator should be without.
