Ira Gershwin: A Life in Words Michael Owen, 2024-11-26 The man behind some of the most memorable lyrics in the Great American Songbook steps from behind his brother s shadow The first lyricist to win the Pulitzer Prize Ira Gershwin 1896 1983 has been hailed as one of the masters of the Great American Songbook a period which covers songs written largely for Broadway and Hollywood from the 1920s to the 1950s Now in the first full length biography devoted to his life Michael Owen brings Ira out at last from the long shadow cast by his younger and more famous brother George Drawing on extensive archival sources and often using Ira s own words Owen has crafted a rich portrait of the modest man who penned the words to many of America s best loved songs like *Fascinating Rhythm* *Embraceable You* and *They Can t Take That Away from Me* These fruits of Ira s lyric genius sprang from the simplest of seeds a hand drawn weekly created for a cousin an amateur newspaper co written with friend and future lyricist Yip Harburg columns in the school papers at Townsend Harris High School and later City College of New York The details of his early literary efforts demonstrate both his developing ambition and the early signs of his talent But while the road to becoming a successful lyricist was neither short nor smooth it did lead Ira to the greatest creative partnership of his life George and Ira Gershwin

collaborated on a string of hit Broadway shows in the 1920s and 1930s that resulted in popular and financial success and spawned a long string of songs that have become classics Owen offers fascinating glimpses of their creative process drawing on Ira's diaries and other contemporary sources as well as the close relationship between the two brothers Hollywood soon beckons and the brothers head west to California to work in the movie business Greater fame and fortune seem right around the corner George Gershwin died in a Los Angeles hospital in July 1937 He was only 38 years old His death marked a stark dividing line in Ira's life and from that point on much of his time and energy was devoted to the management of his brother's estate and the care of his legacy Accustomed to living in his brother's shadow it now threatened to overwhelm him He worked to balance all the administrative tasks with a new series of collaborations with composers like Kurt Weill Jerome Kern Harry Warren and Harold Arlen Ira's last Broadway work was in 1946 and several films and a book project a collection of his lyrics with the stories behind them occupied his later years along with the ongoing management of George's affairs Ira Gershwin's work with George left an enduring mark on American culture as recognized by the Library of Congress in 2007 when it established the Gershwin Prize for Popular Song which has been awarded to artists like Paul Simon Carole King Tony Bennett Paul McCartney and Elton John In *Ira Gershwin A Life in Words* Michael Owen brings the publicity shy lyricist into the spotlight he deserves

Schorske,1994-01-13 Little over a century ago New York and Budapest were both flourishing cities engaging in spectacular modernization By 1930 New York had emerged as an innovating cosmopolitan metropolis while Budapest languished under the conditions that would foster fascism Budapest and New York explores the increasingly divergent trajectories of these once similar cities through the perspectives of both Hungarian and American experts in the fields of political cultural social and art history Their original essays illuminate key aspects of urban life that most reveal the turn of the century evolution of New York and Budapest democratic participation use of public space neighborhood ethnicity and culture high and low What comes across most strikingly in these essays is New York s cultivation of social and political pluralism a trend not found in Budapest Nationalist ideology exerted tremendous pressure on Budapest s ethnic groups to assimilate to a single Hungarian language and culture In contrast New York s ethnic diversity was transmitted through a mass culture that celebrated ethnicity while muting distinct ethnic traditions making them accessible to a national audience While Budapest succumbed to the patriotic imperatives of a nation threatened by war revolution and fascism New York free from such pressures embraced the variety of its people and transformed its urban ethos into a paradigm for America Budapest and New York is the lively story of the making of metropolitan culture in Europe and America and of the influential relationship between city and nation In unifying essays the editors observe comparisons not only between the cities but in the scholarly outlooks and methodologies of Hungarian and American histories This volume is a unique urban history Begun under the unfavorable conditions of a divided world it represents a breakthrough in cross cultural transnational and interdisciplinary historical work

Making Love Modern Nina Miller, 1999-01-21 In the teens and twenties New York was home to a rich variety of literary subcultures Within these intermingled worlds gender lines and other boundaries were crossed in ways hardly imaginable in previous decades Among the bohemians of Greenwich Village the sophisticates of the Algonquin Round Table and the literati of the Harlem Renaissance certain women found fresh powerful voices through which to speak and write Edna St Vincent Millay and Dorothy Parker are now best remembered for their colorful lives Genevieve Taggard Gwendolyn Bennett and Helene Johnson are hardly remembered at all Yet each made a serious literary contribution to the meaning of modern femininity relationship and selfhood Making Love Modern uncovers the deep historical sensitivity and interest of these women's love poetry Placing their work in the context of subcultures nested within national culture Nina Miller explores the tensions that make this literature so rewarding for contemporary readers A poetry of intimate expression it also functioned powerfully as public assertion The writers themselves were high profile embodiments of femininity the local representatives of New Womanhood within their male centered subcultural worlds Making Love Modern captures the literary lives of these women as well as the complex subcultures they inhabited Harlem the Village and glamorous Midtown In the end the book is a much a study of modernist New York as of women's love poetry during modernism

[Anonymous in Their Own Names](#) Susan Henry,2021-04-30 Anonymous in Their Own Names recounts the lives of three women who while working as their husbands uncredited professional partners had a profound and enduring impact on the media in the first half of the twentieth century With her husband Edward L Bernays Doris E Fleischman helped found and form the field of public relations Ruth Hale helped her husband Heywood Broun become one of the most popular and influential newspaper columnists of the 1920s and 1930s In 1925 Jane Grant and her husband Harold Ross started the New Yorker magazine Yet these women s achievements have been invisible to countless authors who have written about their husbands This invisibility is especially ironic given that all three were feminists who kept their birth names when they married as a sign of their equality with their husbands then battled the government and societal norms to retain their names Hale and Grant so believed in this cause that in 1921 they founded the Lucy Stone League to help other women keep their names and Grant and Fleischman revived the league in 1950 This was the same year Grant and her second husband William Harris founded White Flower Farm pioneering at that time and today one of the country s most celebrated commercial nurseries Despite strikingly different personalities the three women were friends and lived in overlapping immensely stimulating New York City circles Susan Henry explores their pivotal roles in their husbands extraordinary success and much more including their problematic marriages and their strategies for overcoming barriers that thwarted many of their contemporaries
