Lese- und Sprachbuch für Taubstummenschulen zum Gebrauch bei dem Anschauungsunterrichte Eduard ROESSLER, 1864 Remembering and Forgetting Nazism Peter Utgaard, 2003-11-01 The Myth of Austrian victimization at the hands of both Nazi Germany and the Allies became the unifying theme of Austrian official memory and a key component of national identity as a new Austria emerged from the ruins In the 1980s Austria's myth of victimization came under intense scrutiny in the wake of the Waldheim scandal that marked the beginning of its erosion The fiftieth anniversary of the Anschluss in 1988 accelerated this process and resulted in a collective shift away from the victim myth Important themes examined include the rebirth of Austria the Anschluss the war and the Holocaust the Austrian resistance and the Allied occupation The fragmentation of Austrian official memory since the late 1980s coincided with the dismantling of the Conservative and Social Democratic coalition which had defined Austrian politics in the postwar period Through the eyes of the Austrian school system this book examines how postwar Austria came to terms with the Second World War Reconstructing the Personal Library of William James Ermine L. Algaier IV supplements the bibliography with essays that examine the history of the James's library at Harvard assess the size of the collection and how it came to reside at Harvard and showcase patterns that emerge from looking at the collection as a whole Additional essays are devoted to explaining the source lists and archival resources used in reconstructing James's personal library as well as outlining steps for continued research on the collection **Bibliothek der neueren Sprachen, oder Verzeichniss der in Deutschland besonders vom Jahre 1800 an erschienenen Grammatiken, Wörterbücher, Chrestomathien, Lesebücher, und anderer Werke, welche das Studium der lebenden europäischen Sprachen betreffen, (Supplement-Heft enthaltend die Literatur vom Anfang des Jahres 1841 bis zur Mitte des Jahres 1849).** Wilhelm ENGELMANN (of Leipsic.), 1842 *Der Stille auf der Spur* Christine Niehoff, 2017-06-30 Die Autorin untersucht aus persönlicher Perspektive gestützt auch durch chronologische Geruschaufzeichnungen und die Kartierung von Geruschaquellen in ihrer ethnografischen Arbeit Geruschkulissen innen architektonische Aspekte wie Raumgestaltung und Einrichtung Lernregulierung durch die Einrichtung bzw Selbstregulierung Am Beispiel von zehn Bibliotheken in Gro

History, Fiction, and Germany Brent Orlyn Peterson, 2005 A study of the content development and transmission of German identity during the nineteenth century as Germany's national narrative took shape in historical fiction and in both popular and academic history The German speaking inhabitants of central Europe did not automatically think of themselves as Germans not before 1871 and not always after unification In fact they spoke mutually incomprehensible dialects owed allegiance to different leaders worshiped in different churches and would not have recognized each other's customs If asked about their identity these prospective Germans might have answered Austrian Bavarian or Prussian and they could as easily have used more local labels or resorted to occupational markers For this disparate population to think of itself as German that word had to acquire content people had to learn a whole set of stories they could tell themselves and to others in answer to the question of identity *History Fiction and Germany* chronicles how German nationalism developed simultaneously with the historical novel and the field of history both at universities and in middlebrow reading material The book examines Germany's emerging national narrative as nineteenth century writers adapted it to their own visions and to changing circumstances These writers found and popularized the nation's heroes and heroines demonized its villains and enemies and projected the nation's hopes and dreams for the future Author Brent O Peterson argues that it was the production and consumption of national history the writing and reading of the nation that filled Germany with Germans Although the task of national narration was never complete and never produced a single universally accepted version of German national identity tales from Germans gradually shared history did more to create Germany than any statesman general or philosopher *History Fiction and Germany* provides a valuable resource for scholars and students of German studies as well as anyone interested in history and the articulation of national identity
