de savants disciples et amis *Murder in the Multinational State* Stewart King,2019-05-23 As Spaniards set out to transform the political social and cultural landscape of the nation following the death of dictator Francisco Franco in 1975 its crime fiction traces challenges and celebrates these radical changes Crime Fiction from Spain Murder in the Multinational State provides a comprehensive exploration of the relationship between detective fiction and national and cultural identities in post Franco democratic Spain What sort of stories are told about the nation within the state in the crime genre How do the conventions of the crime story shape not only the production of national and cultural identities but also their disruption Combining criminological theories of crime and community with an analysis of the genre's conventions this study challenges the simple classification of Spanish crime fiction as texts written by Spaniards set in Spain and with Spanish characters Instead it develops a dramatic new reading practice which allows for a greater understanding of the role of crime fiction in the construction and articulation of different and at times competing national and cultural identities including in the Basque Country Catalonia and Galicia The book provides a stimulating introduction to the key debates on the study of crime fiction and national and cultural identities in the context of a multinational state

Investigating Identities Marieke

Krajenbrink,Kate M. Quinn,2009 Investigating Identities Questions of Identity in Contemporary International Crime Fiction is one of the relatively few books to date which adopts a comparative approach to the study of the genre This collection of twenty essays by international scholars examining crime fiction production from over a dozen countries confirms that a comparative approach can both shed light on processes of adaptation and appropriation of the genre within specific national regional or local contexts and also uncover similarities between the works of authors from very different areas Contributors explore discourse concerning national and historical memory language race ethnicity culture and gender and examine how identity is affirmed and challenged in the crime genre today They reveal a growing tendency towards hybridization and postmodern experimentation and increasing engagement with philosophical enquiry into the epistemological dimensions of investigation Throughout the notion of stable identities is subject to scrutiny While each essay in itself is a valuable addition to existing criticism on the genre all the chapters mutually inform and complement each other in fascinating and often unexpected ways This volume makes an important contribution to the growing field of crime fiction studies and to ongoing debates on questions of identity It will therefore be of special interest to students and scholars of the crime genre identity studies and comparative literature It will also appeal to all who enjoy reading contemporary crime fiction

Contemporary

Spanish cinema and genre Jay Beck,Vicente Rodríguez Ortega,2021-06-15 This volume is the first English language collection exclusively dedicated to the study of genre in relation to Spanish cinema Providing a variety of critical perspectives the collection gives the reader a thorough account of the relationship between Spanish cinema and genre drawing on case studies of several of the most remarkable Spanish films in recent years The book analyses the significant changes in the aesthetics production and reception of Spanish film from 1990 onwards It brings together European and North American

scholars to establish a critical dialogue on the topics under discussion while providing multiple perspectives on the concepts of national cinemas and genre theory In recent years film scholarship has attempted to negotiate the tension between the nationally specific and the internationally ubiquitous discussing how globalisation has influenced film making and surrounding cultural practice These broader social concerns have prompted scholars to emphasise a redefinition of national cinemas beyond strict national boundaries and to pay attention to the transnational character of any national site of film production and reception This collection provides a thorough investigation of contemporary Spanish cinema within a transnational framework by positing cinematic genres as the meeting spaces between a variety of diverse forces that necessarily operate within but also across territorial spaces Paying close attention to the specifics of the Spanish cinematic and social panorama the essays investigate the transnational economic cultural and aesthetic forces at play in shaping Spanish film genres today

Transatlantic Mysteries William J. Nichols, 2011 *Transatlantic Mysteries* presents a comparative study that brings together authors Paco Ignacio Taibo II and Manuel Vázquez Montalbán from two specific political contexts post 1968 Mexico and post Franco Spain who both work in one specific genre noir detective fiction In this so called age of globalization Spain and Mexico have witnessed an explosion in the production of noir detective fiction which these authors choose purposefully in order to infiltrate the market with formulaic popular literature while simultaneously critiquing the effects of the neoliberal strategies embraced by their countries By locating themselves at the crossroads where literature meets the market they not only underscore the effects of capital on literary and cultural production but also explore the possibility for their writing to resist the influences of capital and question the role of an intellectual in an era of globalization At the core of their writing Taibo and Vázquez Montalbán examine the revolutionary possibilities of literature and popular culture to offer a new kind of Marxist project that revitalizes the Left by redefining the role of socially engaged literature in a globalized landscape

Postmodern Paletos Nathan E. Richardson, 2002 When Spanish dictator Francisco Franco legalized internal immigration in 1947 he unwittingly inaugurated the greatest period of urban expansion and rural de population that Spain had known During the next two decades nearly four million citizens would move from Spain's traditional pueblos perdidos to overburdened urban metropolises Along with wooden trunks and baskets of chickens the immigrants or paletos as they were often called bore on their journey the weight of centuries of ideological meaning tied to the geographic regions they were traversing To abandon rural Spain had come to signify a rejection of manhood wealth Christian values and even Spanishness itself Paletos however innocent they may have appeared were not ideologically neutral In the coming decades the weight and complexity of the meanings behind immigration the country and the city would only grow as Spain advanced from economic under development social ignorance and political reaction to full fledged participation in global economics and politics activities that would reshape what it meant to be an immigrant and paletos both within and across the geographic border that had traditionally defined the Spanish nation

In this volume experts on the Spanish Golden Age from the United Kingdom Ireland and the United States offer analyses of contemporary works that have been influenced by the classics from the sixteenth and seventeenth centuries Part of the formation of a sense of national identity always a problematic concept in Spain is founded in the recognition and appreciation of what has come beforehand and no other era in the history of Spanish literature and drama represents the talent and fascination that Spaniards and non Spaniards alike possess with the artistic legacy of this country In order to establish properly a context for the study of literature or history one cannot always study the works writers or era in isolation rather performing scholarly studies on these topics as a continuation of what has come before reveals that many thoughts concepts character types criticisms and social issues have been thoroughly explored by our literary ancestors This era is referred to as the Golden Age not only because of the voluminous production of art literature drama and poetry but also because writers such as Miguel de Cervantes Lope de Vega and Pedro Calderón de la Barca influenced by the re birth of the Classical masters presented the reading and viewing public with genuine human emotions and experiences in a more comprehensive manner than in previous eras In the twentieth century Spain faced a series of political crises the Spanish Civil War 1936 39 and the Franco Dictatorship 1939 75 followed by the Transition and the concept of historical memory have provided contemporary Spanish writers with the impetus and freedom to express their views A frequent source of inspiration has been the Golden Age that epoch of history that produced such political and religious upheaval and this book explores the manner in which contemporary Spaniards have reached into the past to connect with their present world The Contemporary Spanish Novel Samuel Amell,1996-01-19 Although there are several annotated bibliographies of contemporary Spanish novelists this book covers critical works published on the post civil war Spanish novel as a literary form The volume cites books and articles and each citation is accompanied by a descriptive and evaluative annotation The work contains a section of entries on books and another on articles Entries within each section are arranged alphabetically Included are entries primarily for studies published in English or Spanish though some in Catalan French Galician and Italian are also cited In the last decades there has been an explosion of critical works on the post civil war Spanish novel This proliferation of material causes serious problems for scholars conducting research on the subject While there are bibliographies of particular novelists this book deals with general studies of trends topics and comparative approaches The volume primarily cites works published in English or Spanish but it also includes some in Catalan French Galician and Italian The volume is divided into two sections books and articles Within each section entries are arranged alphabetically Each citation is accompanied by a descriptive and evaluative annotation The annotations provide information about the topic content and methodology of the works cited and express an opinion of the works value The length of the annotations varies according to the importance of the topic Author and title indexes add to the utility of the work La verdad sobre el caso Mendoza José Vicente Saval,2005

Post-totalitarian Spanish Fiction Robert C. Spires, 1996 This study records an epistemic shift away from logocentric and totalizing approaches to reality by analyzing the links between the novelistic strategies used by Spanish writers from 1975 to 1989 and recent international events and theoretical trends in science mathematics communication studies and art

Eduardo Mendoza Jeffrey Thomas Oxford, David John Knutson, 2002 This critical anthology on the novels and other work of Eduardo Mendoza is the very first collection of scholarly essays to be published solely on this Spanish novelist. With contributions by academics from Spain and the United States this book touches upon each of Mendoza's major publications from 1975 to date. The essays assume a varied array of critical positions and practices often reaching strikingly different conclusions about the same texts. This anthology illustrates and underscores Mendoza's multifaceted character celebrating the humorously serious reputation of one of the greatest Spanish authors of our time.

La Mujer En La Novela Policial:

Evolución De La Protagonista Femenina En Cinco Autoras Hispanas. Myung N. Matos, 2012-08-23 Este estudio examina cómo el género influye en las protagonistas femeninas de la novela policiaca hispana escrita por mujeres. Analiza las novelas de Lourdes Ortiz y Alicia Giménez Bartlett, Mara Elvira Bermúdez, Marcela Serrano y Miriam Laurini para determinar cómo los detectives femeninos difieren de detectives masculinos y cómo difieren uno de otro. Al igual que sus homólogos masculinos, las detectives investigan los crímenes de mujeres mediante la lógica, la ciencia y la psicología. La protagonista de la novela que parodia Lourdes Ortiz es el típico hard boiled de la novela detectivesca con protagonista masculino, lo que demuestra lo absurdo del modelo que imita. En las novelas de Giménez Bartlett, la detective desafía al hombre y es muchas veces más profesional que sus colegas masculinos, especialmente su asistente masculino. La detective inteligente de Bermúdez se parece mucho al protagonista masculino de la novela policiaca clásica, pero todos los personajes principales de este texto son mujeres. Por otro lado, la detective de Marcela Serrano combina la empatía y la intuición con el razonamiento deductivo para encontrar a una persona desaparecida. Por último, Miriam Laurini presenta a su periodista detective, quien busca la justicia para las mujeres, quienes son víctimas de la delincuencia y la violencia. El análisis de la violencia, el sexo y el lenguaje en los textos de estas cinco autoras se observa la subversión de la sociedad patriarcal desde diferentes perspectivas.
