Elements Of Gnosticism:

The Elements of Gnosticism Stuart Holroyd, 1994 Gnosticism the secret mystical tradition of the Western world thought by many to be the foundation of all Western mystery traditions is here explained and explored An excellent introduction and survey of the subject the book includes an extensive bibliography with suggestions for further reading First Century Gnosticism Gerard van Groningen, 1967 *Gnostic Religion in Antiquity* Roelof van den Broek, 2013-01-24 Gnostic religion is the expression of a religious worldview which is dominated by the concept of Gnosis an esoteric knowledge of God and the human being which grants salvation to those who possess it Roelof van den Broek presents here a fresh approach to the gnostic current of Late Antiquity within its historical and religious context based on sources in Greek Latin and Coptic including discussions of the individual works of preserved gnostic literature Van den Broek explores the various gnostic interpretations of the Christian faith that were current in the second and third centuries whilst showing that despite its influence on early Christianity gnostic religion was not a typically Christian phenomenon This book will be of interest to theologians historians of religion students and scholars of the history of Late Antiquity and early Christianity as well as specialists in ancient gnostic and hermetic traditions The Cambridge History of Judaism William Horbury, 1984 This third volume of The Cambridge History of Judaism focuses on the early Roman period **The Origins of Gnosticism / Le origini dello gnosticismo** Bianchi, 1970-06-01 **What is Gnosticism?** Karen L. King, 2003 A study of gnosticism examines the various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional ideas of heresy and orthodoxy that have previously influenced historians The Gospel of John : 2 Volumes Craig S. Keener, 2010-03-01 Keener's commentary explores the Jewish and Greco Roman settings of John more deeply than previous works paying special attention to social historical and rhetorical features of the Gospel It cites about 4 000 different secondary sources and uses over 20 000 references from ancient literature *Encyclopaedia of Religion and Ethics: Fiction-Hyksos* James Hastings, John Alexander Selbie, 1914 *Gnosticism, Docetism, and the Judaisms of the First Century* Urban C. von Wahlde, 2015-02-26 In this book von Wahlde provides an exploration of three distinct cultural and religious backgrounds against which scholars have frequently proposed that the Gospel and Letters of John are to be read and understood von Wahlde examines each of these three possibilities in turn and shows how they may be regarded as plausible or implausible depending upon the evidence available von Wahlde shows that there are features within the Gospel and or Letters of John that do in fact suggest that they were influenced either by Gnosticism Docetism or one of the variant forms of Judaism However in each case while some of the evidence suggests a particular background von Wahlde shows that it is equally evident that not all of the evidence can be seen to suggest the same background Through an examination of the origins and purpose of the gospel and drawing on the conclusions of his well regarded commentary on the Johannine literature von Wahlde presents a new way of understanding the Gospel in its wider contexts **Encyclopaedia of Religion**

and Ethics James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928 **Gnosticism** Mary W. Barrie, 1926

Historical Jesus of the Gospels Craig S. Keener, 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history *From*

Judaism to Christianity: Tradition and Transition Patricia Walters, 2010-09-24 The striving of Hellenistic Judaism to lay claim to its own epoch and the struggle of early Christianity to ground its pluriform beliefs in that same world represent the governing themes of this volume dedicated to Thomas H Tobin S J *Gnosticism and the New Testament* PHEME

Perkins, 1993 The gnostic writings found at Nag Hammadi have stimulated much controversy about the relationship between early Christians and the diverse religious movement of the first three centuries Perkins fills the New Testament student's need for a guide to recent developments in scholarship with a helpful survey that addresses the origins of Gnosticism its relationship to Judaism Redeemer myths and New Testament hymns and other relevant topics *Backgrounds of Early Christianity* Everett Ferguson, 2003-08-19 Having long served as a standard introduction to the world of the early church Everett Ferguson's *Backgrounds of Early Christianity* has been expanded and updated in this third edition The book explores and unpacks the Roman Greek and Jewish political social religious and philosophical backgrounds necessary for a good historical understanding of the New Testament and the early church New to this edition are revisions of Ferguson's original material updated bibliographies and fresh discussions of first century social life of Gnosticism and of the Dead Sea Scrolls and other Jewish literature **Christ in Us** Paul Hughes, 2007-01-01 How does the Holy Spirit indwell the believer and why should one seek that experience In this collection of articles based on over twenty years personal experience as well as academic study the author an ordained minister and seminary graduate relates Spirit Baptism and spiritual gifts to their source the exalted Jesus Christ He describes this Exaltation of Christ and constructs a theory of how the Holy Spirit indwells the believer drawing from psychology and medical science as well as Scripture Finally he proposes a new Theology of Exaltation that sees the whole sweep of church history as the ongoing glorification of Christ and Redemption of the world

The Fate of the Dead in Early Third Century North African Christianity Eliezer Gonzalez, 2014-02-24 The ideology and imagery in the Passion of Perpetua are mediated heavily by traditional Graeco Roman culture in particular by traditional notions of the afterlife and of the ascent of the soul This context for understanding the Passion of Perpetua aligns well with

the available material evidence and with the writings of Tertullian with whose ideology the text of Perpetua is in an implicit polemical dialogue Eliezer Gonzalez analyzes how the Passion of Perpetua provides us with early literary evidence of an environment in which the Graeco Roman and Christian cults of the dead including the cults of the martyrs and saints appear to be very much aligned He also shows that the text of the Passion of Perpetua and the writings of Tertullian provide insights into an early stage in the polemic between these two conceptualisations of the afterlife of the righteous **Irenaeus of Lyons versus Contemporary Gnosticism** J. T. Nielsen, 2023-11-27 Orphism and Christianity in Late Antiquity Miguel Herrero de Jáuregui, 2010 Many recent discoveries have confirmed the importance of Orphism for ancient Greek religion philosophy and literature However its nature and role are still very controversial The key problem of its relationship to Christianity has been discussed by ancient and modern authors from many different viewpoints albeit too often tainted with apologetic interests and unconscious projections This free and thorough study of the ancient sources sheds light on these questions and illuminates the complexity of the encounter between Classical culture and Jewish Christian tradition New perspectives on the relationship between Classical and Jewish Christian culture On the avowed subject of Orphism Author is specialist within the field
