Lamdin, Mary Fugate, 1997 Faced with the possibility of a significantly extended lifespan many Americans can expect to enjoy continued growth and development well past the traditional age of retirement Elderlearning examines the important role of learning in maintaining the health quality of life and longevity of older adults and in providing opportunities for them to take on new roles in society This book includes the results of the first comprehensive survey on the topic of adult learning in men and women over the age of 55 The authors provide key data on the sources topics and extent of the current learning activities of older adults as well as on their preferred learning modes Adult learning is viewed from the perspective of providers of learning services as well as from the viewpoint of individual learners This information is based on extensive interviews with elderlearners and with learning services providers across the country The authors also discuss the policy implications of the elderlearning phenomenon at the federal state and institutional levels They conclude the book with a recommended eight point agenda for improving service to this rapidly growing segment of the population Elderlearning will be a valuable aid to anyone involved in developing or teaching programs designed to meet the needs of older adults as well as to elderlearners themselves The ERIC Review, 1997 Provides information on programs research publications and services of ERIC as well as critical and current education information External Degrees in the Information Age Henry A. Spille, David Wood Stewart, Eugene J. Sullivan, 1997 There has been tremendous growth in the number of college and university degree programs designed specifically for adults who have family and career responsibilities Telecommunications and computer technologies have even made it possible to earn some degrees without ever leaving home or work Other adult degree programs require that students spend only a minimal amount of time on campus As an added advantage many of these external degree programs offer college credit for prior learning and work experience Unfortunately this revolution in

adult higher education has also led to a proliferation of diploma mills degree granting institutions that lack recognized accreditation External Degrees in the Information Age is a reliable and comprehensive guide designed to help adults make informed decisions about pursuing a postsecondary degree and to help them avoid diploma mills The book also describes 140 legitimately accredited external degree programs now in operation *The Oryx Guide to Distance Learning* William E. Burgess,1997 Provides informative descriptions of 4 200 media assisted courses offered by 420 accredited postsecondary institutions in the United States The courses are organized by state and then by institution Each entry includes institution address telephone and fax numbers geographic access area descriptions of the courses and delivery methods and information about accreditation admission requirements tuition credit awarded grade exam system and library services New to the second edition are 130 new institutions World Wide Web URLs e mail addresses and subject index cross references Annotation copyrighted by Book News Inc Portland OR
