Congress, 1995 **Emotion, Truth and Meaning** C. Wilks, 2013-03-14 The aim of this book is to defend the Emotive Theory of Ethics and in particular the versions of that theory proposed by A.J. Ayer in Language Truth and Logic 1936 and by C L Stevenson in Ethics and Language 1944 For those readers who are familiar with the conventional history of Twentieth Century moral philosophy and the infamous place which the Emotive Theory occupies in that history the question which may well spring to mind at this point is Why bother In order to answer this question however I will need to provide a rough sketch of the very unconventional history of Twentieth Century moral philosophy which inspired me to resurrect a theory which most modem moral philosophers have long assumed to be safely dead and buried From the very outset the Emotive Theory ET was a misunderstood misrepresented and unjustly ridiculed theory but contrary to what one might expect it has with the passing of time become an even more misunderstood misrepresented and unjustly ridiculed theory **Disability** Patrick Devlieger, Beatriz Miranda-Galarza, Steven E. Brown, Megan Strickfaden, 2016-06-15 The act of life is a lived experience common and unique that ties each of us to every other lived experience. The fact of disability does not alter this fundamental truth In this edition of Rethinking Disability World Perspectives in Culture and Society we are presented with a system of thinking that considers the values of disability as a resource as a creative source of culture that moves disability out of the realm of victimized people and insurmountable barriers and provides opportunities to use the experience of disability to enter into networks that recognize strengths of differing abilities. The authors within will intrigue you will move you will charm you but always will challenge your notion of sameness and difference as they confront the construct and de construct of disability and ableism They present compelling arguments for viewing disABILITY through the multiple lenses of disability culture They explore themes and issues that transcend past and origins time and place nuances of genetics to experiences of present and becoming and towards the future and beyond mere human yet always intrinsically connected to being human This book is intended for all audiences who dare to confront difference and sameness within themselves and in connection with others to inspire researchers who wish to explore and examine disability across social cultural and economic barriers It is an invitation to push away the barriers bring ableism inside to a place where the prosthesis is no longer the elephant in the room The New Age in Glastonbury Ruth Prince, David Riches, 2000 The New Age movement is a twentieth century socio cultural phenomenon in the Western world with Glastonbury as one of its major centers Through

experimenting with a number of ways of analyzing this movement the authors were able to develop a novel theory of social religious movements of broad applicability Based around contradictions relating to such central anthropological concepts as communitas egalitarianism individualism holism and autonomy it reveals the processes by which having abandoned a mainstream lifestyle people come to build up a counter culture way of life Drawing on their own work on tribal shamanistic religions the authors are able to point out interesting similarities between the latter and the Glastonbury New Age movement Not only that their model allows them to explain such wide ranging social and religious movements as the Hutterites the Kibbutz and Green communes In fact the authors argue these movements may be regarded as variations of the Glastonbury <u>Pursued - Women's Bible Study Leader Guide</u> Jennifer Cowart, 2021-04-20 Discover how God is pursuing you as you explore We all want to be loved We long to be desired pursued whether by a special someone our friends or others in our lives This longing for love and acceptance is the underlying story of many of our lives and it s the overarching story we see throughout the Scriptures Although the Bible tells many stories the main theme is God's relentless love for us In Pursued a six week Bible study by Jennifer Cowart we will explore God's great love for us from Genesis to Revelation We will see that God passionately pursues people who do not deserve His love and we are those people Like Cain Abraham Sarah Rebekah David the woman caught in adultery Peter and so many others we are the ones who have broken relationship with God But He runs after us anyway to bring us home In this study we will explore God s love as evidenced in the stories of creation the patriarchs the judges and prophets Jesus and the early church Together we will dive into a great love story and discover that it is our story Through this study women will See the big picture of God's love for them throughout the Scriptures Discover that God wants a personal relationship with them Experience God's relentless love for them individually Realize that God never stops pursuing them Components for this six week Bible study each available separately include a Participant Workbook a Leader Guide and video sessions with six 25 minute segments with closed captioning
