Personae & Exultations of Ezra Pound Ezra Pound, 1913 **Ezra Pound: Poet** Anthony David Moody, 2007-10-11 Volume I of a major new two part biography Contentious colourful revolutionary here is the young Pound a determined and energetic genius setting out to make his way both as a poet and as a force for civilization in England and America Covering the years up to 1920 David Moody explores Pound s alliances with Yeats Eliot and Wyndham Lewis the birth of Vorticism and his poetry up to Hugh Selwyn Mauberley and the first Cantos **Ezra Pound: Poet** A. David Moody, 2007-10-11 This first volume of what will be a full scale portrait presents Ezra Pound as a very determined and energetic young genius setting out to make his way both as a poet and as a force for civilization in England and America in the years before during and just after the 1914 18 war In a clear and lively narrative A David Moody weaves a story of Pound s early life and loves of his education in America of his apprentice years in London devoted to training himself to be as good and powerful a poet as he had it in him to become of his learning there from W B Yeats and Ford Madox Hueffer then forming his own Imagiste group and going

on from that to join with Wyndham Lewis in his Vorticism and to link up also with James Joyce and T S Eliot to create the modernist vortex in the midst of the 1914 18 war We see Pound scraping a living by writing prose for individualist and socialist periodicals and emerging as not only an inspired literary critic but as a critic of music and society as well Above all Moody shows Pound s evolution as a poet from the derivative idealism and aestheticism of his precocious youth into the truly original author of *Homage to Sextus Propertius* and *Hugh Selwyn Mauberley* We find Pound established by 1920 as a force for revolution in poetry as a force for the liberation of the individual from stifling conventions and as a force for renaissance in America We find him becoming committed moreover to the reform of the capitalist system in the name of economic justice for all This is the first biography to put Pound s poetry at the heart of his existence where he himself placed it and to view his extraordinarily active life his loves and his creative effort as a single complex drama The altogether new and comprehensive account of all of his poems from the earliest through *Cathay* and up to *Hugh Selwyn Mauberley* and the first *Cantos* will illuminate his poetry and make it more accessible With that there is an exceptionally clear and cogent analysis of the ideas informing his Imagisme and his Vorticism and of the ideas informing his commitments to the freedom and fulfilment of the individual to a cultural renaissance and to social and economic reform The poetry the prose writings and the personal life are all woven together into a brilliant narrative portrait of the poet as a young man The second volume *The Epic Years* carries on the narrative of his life and works from 1921 the year in which he took up residence in Paris
