Eyes Wide Open A Memoir Of Stanley Kubrick:

Eyes Wide Open Frederic Raphael,1999 I've never achieved spectacular success with a film My reputation has grown slowly I suppose you could say that I'm a successful film maker in that a number of people speak well of me Stanley Kubrick Frederic Raphael first worked with Stanley Kubrick in the 1970s Since then he has worked with him at various times but no project has been as intense and demanding as his collaboration with Kubrick on his final film *Eyes Wide Shut* which was finished just before Kubrick's death in March 1999 This memoir will be about this collaboration and will be written in a cinematic form partly prose partly film script It will be a movie on the page and will give the reader a chance to hear the thinking attitudes and methods of a great director woven with many anecdotes about stars he worked with along the way such as James Mason Kirk Douglas Marisa Berenson Leonard Rossiter Brando Gregory Peck and many more The long conversations between Raphael and Kubrick usually conducted on the telephone were not only about the problems concerning the film but also about many other things from Julius Caesar to the Holocaust the films of Kieslowski and Tarantino Kubrick was unusually revealing about his early life in the cinema and of the reverses and humiliations which he had to endure *Stanley Kubrick* Frederic Michael Raphael,M. Raphael,1999 Kubrick's Hope Julian Rice,2008-09-29 There have been two common assumptions about Stanley Kubrick that his films portray human beings who are driven exclusively by aggression and greed and that he pessimistically rejected meaning in a contingent postmodern world However as Kubrick himself remarked A work of art should be always exhilarating and never depressing whatever its subject matter may be In this new interpretation of Kubrick's films Julian Rice suggests that the director's work had a more positive outlook than most people credit him And while other studies have recounted Kubrick's life and production histories few have offered lucid explanations of specific sources and their influence on his films In *Kubrick's Hope* Rice explains how the theories of Freud and Jung took cinematic form and also considers the significant impression left on the director's last six films by Robert Ardrey Bruno Bettelheim and Joseph Campbell In addition to providing useful contexts Rice offers close readings of the films inviting readers to note details they may have missed and to interpret them in their own way By refreshing their experience of the films and discarding postmodern clichés viewers may discover more optimistic themes in the director's works Beginning with 2001 A Space Odyssey and continuing through *A Clockwork Orange* *Barry Lyndon* *The Shining* *Full Metal Jacket* and *Eyes Wide Shut* Rice illuminates Kubrick's thinking at the time he made each film Throughout Rice examines the compelling political psychological and spiritual issues the director raises As this book contends if these works are considered together and repeatedly re-viewed Kubrick's films may help viewers to personally grow and collectively endure **The Bloomsbury Companion to Stanley Kubrick** I.Q.

Abrams,2018-04-19 Stanley Kubrick is generally acknowledged as one of the world s great directors Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu the New York Jewish intelligentsia Stanley Kubrick reexamines the director s work in context of his ethnic and cultural origins Focusing on several of Kubrick s key themes including masculinity ethical responsibility and the nature of evil it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns At the same time it explores Kubrick s fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director manifest in his removal of Jewish references and characters from stories he adapted As he digs deep into rare Kubrick archives to reveal insights about the director s life and times film scholar Nathan Abrams also provides a nuanced account of Kubrick s cinematic artistry Each chapter offers a detailed analysis of one of Kubrick s major films including Lolita Dr Strangelove 2001 A Clockwork Orange Barry Lyndon The Shining Full Metal Jacket and Eyes Wide Shut Stanley Kubrick thus presents an illuminating look at one of the twentieth century s most renowned and yet misunderstood directors Kubrick

Robert P. Kolker,Nathan Abrams,2024-02-06 The definitive biography of the creator of 2001 A Space Odyssey The Shining and A Clockwork Orange presenting the most in depth portrait yet of the groundbreaking film maker The enigmatic and elusive filmmaker Stanley Kubrick has not been treated to a full length biography in over twenty years Stanley Kubrick An Odyssey fills that gap This definitive book is based on access to the latest research especially Kubrick s archive at the University of the Arts London as well as other private papers plus new interviews with family members and those who

worked with him It offers comprehensive and in depth coverage of Kubrick s personal private public and working life Stanley Kubrick An Odyssey investigates not only the making of Kubrick s films but also about those he wanted but failed to make like Burning Secret Napoleon Aryan Papers and A I Revealingly this immersive biography will puncture the controversial myths about the reclusive filmmaker who created some of the most important works of art of the twentieth century The Kubrick Facade Jason Sperb,2006-06-22 Many of Stanley Kubrick s films are often interpreted as cold and ambiguous Whether viewing Barry Lyndon 2001 The Shining or Eyes Wide Shut there is a sense in which these films resist their own audiences creating a distance from them Though many note the coldness of Kubrick s films a smaller number attempt to explore exactly how his body of work elicits this particular reaction Fewer still attempt to articulate what it might mean to feel Stanley Kubrick s films In The Kubrick Facade Jason Sperb examines the narrative ambiguity of the director s films from the voice over narration in early works including the once forgotten Fear and Desire to the blank faces of characters in his later ones In doing so Sperb shows how both devices struggle in vain to make sense of the chaos and sterility of the cinematic surface All thirteen of Stanley Kubrick s feature length films are discussed in chronological order from the little seen and long neglected Fear and Desire to the posthumous release of Eyes Wide Shut Sperb also discusses Kubrick s importance to Steven Spielberg s AI While exploring all of Kubrick s films the author concentrates in particular on The Killing Dr Strangelove 2001 The Shining Full Metal Jacket and Eyes Wide Shut This is also the first book length study that focuses considerable attention on Fear and Desire and its relevance to Kubrick s larger body of work In this respect The Kubrick Facade is one of the first truly comprehensive books on narrative in the maverick director s films It is also the first book to integrate a discussion of AI and the first to fully explore the importance of the consistent visual emphasis on blank silent faces in his post Lolita films *Eyes Wide Shut* Nathan Abrams,Georgina Orgill,2023-10-15 Twenty years after its release Stanley Kubrick s Eyes Wide Shut remains a complex visually arresting film about marriage jealousy domesticity adultery sexual disturbance and dreams This was the final enigmatic work from its equally enigmatic creator It has left an indelible mark on our popular culture and remains as relevant as ever Much maligned and much misunderstood when it first came out Eyes Wide Shut has since been the subject of an animated debate and discussion among critics fans and academics It has been explored from a wide variety of disciplines and methodological perspectives This collection brings scholars from diverse disciplinary backgrounds together with those who worked on the film to explore Eyes Wide Shut s legacy discuss its impact and consider its position within Kubrick s oeuvre and the wider visual and socio political culture **On Kubrick** James Naremore,2023-05-18 In a comprehensively revised and updated new edition James Naremore provides an illuminating critical account of the films of Stanley Kubrick from his earliest feature Fear and Desire 1953 to the posthumously produced A I Artificial Intelligence Steven Spielberg 2001 Naremore offers provocative analyses of each of Kubrick s films considering his emphasis on the absurdity of combat as in Paths of Glory 1957 and Full Metal Jacket 1987 the failure of scientific

reasoning as in 2001 1968 and the fascistic impulses in masculine sexuality as in Dr Strangelove 1964 and Eyes Wide Shut 1999 He argues that while Kubrick was a voracious intellectual and a life long autodidact the fascination of his work has less to do with the ideas it espouses than with the emotions it evokes Combining close readings with new insights into the production histories and cultural contexts of key films Naremore provides a concise yet thorough discussion that will be useful to students of Kubrick s filmmaking and cinephiles who seek a deeper insight into the work of this perfectionist genius Revised throughout this new edition also includes a fully updated bibliography of critical writings on Kubrick s cinema

Authorship in Film Adaptation Jack Boozer, 2009-06-03 Authoring a film adaptation of a literary source not only requires a media conversion but also a transformation as a result of the differing dramatic demands of cinema The most critical central step in this transformation of a literary source to the screen is the writing of the screenplay The screenplay usually serves to recruit producers director and actors to attract capital investment and to give focus to the conception and production of the film project Often undergoing multiple revisions prior to production the screenplay represents the crucial decisions of writer and director that will determine how and to what end the film will imitate or depart from its original source *Authorship in Film Adaptation* is an accessible provocative text that opens up new areas of discussion on the central process of adaptation surrounding the screenplay and screenwriter director collaboration In contrast to narrow binary comparisons of literary source text and film the twelve essays in this collection also give attention to the underappreciated role of the screenplay and film pre production that can signal the primary intention for a film Divided into four parts this collection looks first at the role of Hollywood's activist producers and major auteurs such as Hitchcock and Kubrick as they worked with screenwriters to formulate their audio visual goals The second part offers case studies of *Devil in a Blue Dress* and *The Sweet Hereafter* for which the directors wrote their own adapted screenplays Considering the variety of writer director working relationships that are possible Part III focuses on adaptations that alter genre time and place and Part IV

investigates adaptations that alter stories of romance sexuality and ethnicity The Material Image Brigitte Peucker, 2007
Focusing on intermediality The Material Image situates film within questions of representation familiar from the other arts
What is meant by figuring the real How is the real suggested by visual metaphors and what is its relation to illusion How is
the spectator figured as entering the text and how does the image enter our world The film's spectator is integral to these
concerns Cognitive and phenomenological approaches to perception alike claim that spectatorial affect is real even when it is
film that produces it Central to the staging of intermediality in film tableaux moments in film also figure prominently in the
book Films by Scorsese Greenaway Wenders and Kubrick are seen to address painterly photographic and digital images in
relation to effects of the real Hitchcock's films are examined with regard to modernist and realist effects in painting Chapters
on Fassbinder and Haneke analyze the significance of tableau for the body in pain while a final chapter on horror film
explores the literalism of psychopathic tableau Here too art and the body images and the real are juxtaposed and entwined in
a set of relations Death in Classic and Contemporary Film D. Sullivan, J. Greenberg, 2013-10-03 Mortality is a recurrent
theme in films across genres periods nations and directors This book brings together an accomplished set of authors with
backgrounds in film analysis psychology and philosophy to examine how the knowledge of death the fear of our mortality and
the ways people cope with mortality are represented in cinema
