## **Eyewitness Hitler:**

*Hunting Hitler* Jerome R. Corsi, 2017-06-20 In 2009 three US professors with access to Adolf Hitler's alleged remains startled the world with scientific DNA proof that the skull and bones that Russia had claimed since the end of World War II were Hitler's actually belonged to a middle aged woman whose identity remains unknown This announcement has rekindled interest in the claim made by Joseph Stalin maintained to the end of his life that Hitler got away The truth is that no one saw Hitler and Eva Braun die in the bunker in Berlin on April 30 1945 No photographs were taken to document claims Hitler and Evan Braun committed suicide Hitler's body was never recovered No definitive physical evidence exists proving Hitler died in the bunker in Berlin Dr Jerome Corsi explores the historical possibility that Hitler escaped Nazi Germany at the end of World War II FBI and CIA records maintained at the National Archives indicate that the US government took seriously reports at the end of World War II that Hitler had escaped to Argentina More recent evidence suggests Hitler may have fled to Indonesia where he married and worked at a hospital in Sumbawa Even the chief of the US trial counsel at Nuremberg Thomas J Dodd was quoted as saying No one for sure can say Adolf Hitler is dead Putting massive amounts of evidence and research under a critical eye Dr Corsi shows that perhaps modern history's most tantalizing question has yet to be definitively answered Did Hitler escape Nazi Germany at the end of World War II to plot revenge and to plan the rise of the Fourth Reich Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home [HITLER'S DOUBLES, Photos, Proofs, Testimonies, Facts, Eyewitnesses](#) Maximilien de Lafayette, 2018-10-03 HITLER'S DOUBLES Photos Proofs Testimonies Facts Eyewitnesses A publication of TIMES SQUARE PRESS New York Using a double multiple doubles or a decoy is not a novelty or something unusual Consequently the possibility or veracity of Hitler's doubles is not unconceivable The author of the book did not propose this possibility based upon rhetoric and conspiracy's literature for he has gathered tangible proofs numerous pieces of evidence Verbally and in writing conducted a meticulous investigation and above all he talked to individuals who knew very well Hitler such as Zarah Leander Adolf Hitler's friend and favorite singer and the legendary Leni Riefenstahl and numerous former generals of NAZI Germany **What Really Happened: The Death of Hitler** Robert J. Hutchinson, 2020-08-04 Think You Know Everything about the death of Hitler Think Again After World War II 50 percent of Americans polled said they didn't believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945 as captured Nazi officials claimed Instead they believed the dictator faked his death and escaped perhaps to Argentina This wasn't a crazy opinion Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler's

body and that he personally believed the Nazi leader had escaped justice At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945 Plus there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony Incredible as it sounds the mystery surrounding Adolf Hitler s final days only deepened in 2009 when a U S forensic team announced that a piece of Hitler s skull held in Soviet archives was not actually Hitler s International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler s possible escape And the following year The History Channel launched a three year reality TV series investigating if it was possible Hitler did somehow survive So what really happened Popular history writer Robert J Hutchinson author of *What Really Happened The Lincoln Assassination* takes a fresh look at the evidence and discovers once and for all the truth about Hitler s last week in Berlin Among the questions the book explores are What did surviving Nazi eyewitnesses really say about the F hrer s final days in the bunker and could they have been lying to aid Hitler s escape If Hitler didn t escape why did the Allies not find his body What about Hitler s proven use of body doubles Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long range aircraft that took off from a runway in Berlin s Tiergarten Why did the FBI continue to investigate reports of Hitler s survival for more than a decade after World War II reports that were only declassified in 2014 What about sensational claims in books such as *The Grey Wolf* that Hitler and Eva Braun lived in an isolated chalet in the Andes and that Hitler died in 1962 Why were forensic tests on crucial physical evidence only conducted in 2016 more than 70 years after World War II ended And lots MORE

*Hitler's Mountain* Arthur Mitchell, 2007 This work examines the political events that took place in Obersalzberg from the 1920s until the U S Army returned control of the area to the German government in 1995 Concentrating primarily on the years when Hitler was in residence it discusses his original acquaintance with Berchtesgaden and focuses on the symbolism of self identity and public perception Provided by publisher

**Hitler's Last Day** Richard Dargie, 2018-11-15 Have you ever wondered what was going on in Adolf Hitler s mind during his final hours in the F hrerbunker What were his thoughts as radio contact with the outside world grew faint Soviet explosions became louder and louder and he began to feel his unassailable power ebbing away Did Hitler repent of his crimes against humanity or was he obsessed with thoughts of his imminent defeat and suicide With an inimitable cast of doomed characters from Hitler himself to his mistress Eva Braun mass murderer Heinrich Himmler cunning chief of Nazi propaganda Joseph Goebbels and the manipulative Martin Bormann this book captures all the drama and dread in the bunker as the Red Army remorselessly advanced into the heart of Berlin and Hitler and his Thousand Year Reich vanished into history

*Eyewitness, Hitler* Allen Churchill, 1979-01-01

**Hitler's war in the East, 1941-1945** Rolf-Dieter Müller, 2009

**Hitler's Death** Luke Daly-Groves, 2019-03-21 A revealing look at the many conspiracy theories surrounding the death of the twentieth century s most destructive dictator Did Hitler shoot himself in the F hrerbunker or did he slip past the Soviets and escape to South

America Countless documentaries newspaper articles and internet pages written by conspiracy theorists have led the ongoing debate surrounding Hitler's last days. Historians have not yet managed to make a serious response. Until now, this book is the first attempt by an academic to return to the evidence of Hitler's suicide in order to scrutinise the most recent arguments of conspiracy theorists using scientific methods. Through analysis of recently declassified MI5 files, previously unpublished sketches of Hitler's bunker, personal accounts of intelligence officers along with stories of shoot-outs, plunder and secret agents, this scrupulously researched book takes on the doubters to tell the full story of how Hitler died.

**Hitler's Face** Claudia Schmolders, 2006. In Hitler's Face, Claudia Schmolders reverses the normal protocol of biography instead of using visual representations as illustrations of a life, she takes visuality as her point of departure to track Adolf Hitler from his first arrival in Munich as a nattily dressed young man to his end in a Berlin bunker and beyond. Perhaps never before had the image of a political leader been so carefully engineered and manipulated so broadly disseminated as was Hitler's in a new age of mechanical reproduction. There are no extant photographs of him visiting a concentration camp or standing next to a corpse or even with a gun in his hand. If contemporary caricatures spoke to the calamitous thoughts, projects and actions of the man, officially sanctioned photographs, paintings, sculptures and film overwhelmingly projected him as an impassioned orator or heroically isolated figure. Schmolders demonstrates how the adulation of Hitler's face stands at the conjunction of one line stretching

back to the eighteenth century belief that character could be read in the contours of the head and another dating back to the late nineteenth century quest to sanctify German greatness in a gallery of national heroes In Nazi ideology nationalism was conjoined to a forceful belief in the determinative power of physiognomy The mad veneration of the idealized German face in all its various aspects and the fanatical devotion to Hitler's face in particular was but one component of a project that also encouraged the ceaseless contemplation of supposedly degenerate Jewish physical traits to advance its goals

**Adolf Hitler & Eva Braun** Luc Vanhise, 2023-06-05 After a brief investigation in 1945 a

British secret agent concluded that Hitler and Braun committed suicide together in the Führerbunker in Berlin shortly before the fall of the German capital and were cremated immediately afterwards although he had no concrete evidence to support this hypothesis Nevertheless this has been the official version ever since Between 1945 and 2009 however testimony and evidence began to emerge that suggested otherwise Luc Vanhise criminologist and retired senior level officer of the Belgian Federal Police conducted a seven year modern police investigation into the death of this notorious couple based on all the original data and traces And as unlikely as it may sound this investigation shows with absolute certainty that Adolf Hitler and Eva Braun did not die together in the Berlin Führerbunker on April 30 1945 **Hitler's Brothel** Steve Matthews,2020-10-21

Shepherd,2016-06-28

For decades after 1945 it was generally believed that the German army professional and morally decent had largely stood apart from the SS Gestapo and other corps of the Nazi machine Ben Shepherd draws on a wealth of primary sources and recent scholarship to convey a much darker more complex picture For the first time the German army is examined throughout the Second World War across all combat theaters and occupied regions and from multiple perspectives its battle performance social composition relationship with the Nazi state and involvement in war crimes and military occupation This was a true people's army drawn from across German society and reflecting that society as it existed under the Nazis Without the army and its conquests abroad Shepherd explains the Nazi regime could not have perpetrated its crimes against Jews prisoners of war and civilians in occupied countries The author examines how the army was complicit in these crimes and why some soldiers units and higher commands were more complicit than others Shepherd also reveals the reasons for the army's early battlefield successes and its mounting defeats

up to 1945 the latter due not only to Allied superiority and Hitler's mismanagement as commander in chief but also to the failings moral political economic strategic and operational of the army's own leadership

**Whittaker Chambers** Sam Tanenhaus, 2011-04-20 Whittaker Chambers is the first biography of this complex and enigmatic figure Drawing on dozens of interviews and on materials from forty archives in the United States and abroad including still classified KGB dossiers Tanenhaus traces the remarkable journey that led Chambers from a sleepy Long Island village to center stage in America's greatest political trial and then in his last years to a unique role as the godfather of post war conservatism This biography is rich in startling new information about Chambers's days as New York's hottest literary Bolshevik his years as a Communist agent and then defector hunted by the KGB his conversion to Quakerism his secret sexual turmoil his turbulent decade at Time magazine where he rose from the obscurity of the book review page to transform the magazine into an oracle of apocalyptic anti Communism But all this was a prelude to the memorable events that began in August 1948 when Chambers testified against Alger Hiss in the spy case that changed America Whittaker Chambers goes far beyond all previous accounts of the Hiss case re-creating its improbably twists and turns and disentangling the motives that propelled a vivid cast of characters in unpredictable directions A rare conjunction of exacting scholarship and narrative art Whittaker Chambers is a vivid tapestry of 20th century history
