Understanding the "Fabian Essays in Socialism" (1889) Clive E. Hill, 1996 [Fabian Essays in Socialism](#) Fabian Society, 2017-08-22 Written for the Fabian Society near the close of the 19th century these essays aim to explain and clarify the principles of socialism and social democracy At the time they were authored socialism and the trade union movement were rapidly gaining pace in England and wider Europe The uniting of workers as a political movement was a gradual process with hostility from the owners of manufacture and the political establishment obstacles to those aiming for socialist policy to be enacted by government The intellectual support for socialism was by the 1890s already pronounced in England as such these essays were overseen and edited by George Bernard Shaw who was a prominent playwright Throughout his career Shaw would lend his talents and reputation to promoting the socialist cause which he felt was the only way to ensure economic justice and security for the vast majority of the world's population Shaw prepared and revised these essays as lectures which were to be delivered to audiences within London At the time the ideas of social democracy were in an early and developmental phase albeit informed by the learned minds of those supporting the movement Thus we receive explanations of trade unionism the regulation of property and production the establishment of worker's rights and a harnessing of industry toward creating prosperity for all Although the public at the time were sympathetic to democratic socialism they were confused as to methods behind its implementation One of the essayists Annie Besant keenly addresses the How Other essays meanwhile are more general in tone concerning policy plans for the future and the moral cause for socialism *Fabian Essays in Socialism by G. Fabian Essays in Socialism (Classic Reprint) G. Bernard Shaw, 2017-10-15 Excerpt from Fabian Essays in Socialism No doubt this general statement shews the Revolutionaries of 1848 71 as simpler than they appear on their own records Proudhon was full of proposals one Of them the minimum wage turns out to be of the very first importance now that Mr And Mrs Sidney Webb have put the case for it on an invincible basis Of industrial fact and economic theory Lassalle really knew something Of the nature of law the practice of Government and the mind of the governing classes Marx though certainly a bit of a Liberal fatalist did he not say that force is the midwife of progress without reminding us that force is equally the midwife Of chaos and chaos the midwife Of martial law P was at all events no believer in Laissez faire Socialism involves the introduction Of design contrivance and co ordination by a nation consciously seeking its own collective welfare into the present industrial scramble for private gain and as it is clear that this cannot be a spontaneous result of a violent overthrow Of the existing order and as the Socialists of 1848 71 were not blind it would be impossible to substantiate a claim for Fabian Essays as the first text book of Socialism in which catastrophism is repudiated as a method of Socialism About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in
