Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume

3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008

The Detective as Historian Ray Browne, Lawrence Kreiser, 2009-03-26 Deeper understanding of history is enhanced by encasing it in art and interest Crime fiction is one of the widest and most rapidly growing forms of literature Historical crime fiction serves effectively the double purpose of entertaining while it teaches The truth of the narrative account the editors of this volume believe is dependent on the understanding of human nature reflected in the author who writes the narrative Historical crime fiction the editors of this volume write has an obligation and a golden opportunity It must bring the past up to the present through the device of timeless crime and it must take the reader into the world about which is being written so that the characters are alive and the events interesting and challenging Professional writers of fiction need to be more effective than mere authors of dates and assumed motivations Therefore they can fill in human motivations and drives where no records exist and can aid the professional historians in what historian David Thelen calls the challenge of history which is to recover the past and interpret it for the present The essays in this volume accept the challenge and make major accomplishments for meeting it
