PERRY, The Stranger in Early Modern and Modern Jewish Tradition Catherine Bartlett,Joachim Schlör,2021-07-15 Throughout history Jews have often been regarded and treated as strangers In The Stranger in Early Modern and Modern Jewish Tradition authors from a wide variety of disciplines discuss how the notion of the stranger can offer an integrative perspective on Jewish identities on the non Jewish perceptions of Jews and on the relations between Jews and non Jews in an innovative way Contributions from history philosophy religion sociology literature and the arts offer a new perspective on the Jewish experience in early modern and modern times in contact and conflict in processes of attribution and allegation but also self reflection and negotiation focused on the figure of the stranger **Cultural Politics of Emotion** Sara Ahmed,2014-06-11 A bold exploration of the relationship between emotions and politics through case studies on international terrorism asylum migration reconciliation and reparation Develops a theory of how emotions work and their effects on our daily lives **The Face of Another** Kobo Abe,2003-02-04 Like an elegantly chilling postscript to The Metamorphosis this classic of postwar Japanese literature describes a bizarre physical transformation that exposes the duplicities of an entire world The narrator is a scientist hideously deformed in a laboratory accident a man who has lost his face and with it his connection to other people Even his

wife is now repulsed by him His only entry back into the world is to create a mask so perfect as to be undetectable But soon he finds that such a mask is more than a disguise it is an alternate self a self that is capable of anything A remorseless meditation on nature identity and the social contract The Face of Another is an intellectual horror story of the highest order

Strange Encounters Sara Ahmed,2013-02-01 Examining the relationship between strangers embodiment and community Strange Encounters challenges the assumptions that the stranger is simply anybody we do not recognize and instead proposes that he or she is socially constructed as somebody we already know Using feminist and postcolonial theory this book examines the impact of multiculturalism and globalization on embodiment and community whilst considering the ethical and political implication of its critique for post colonial feminism A diverse range of texts are analyzed which produce the figure of the stranger showing that it has alternatively been expelled as the origin of danger such as in neighbourhood watch or celebrated as the origin of difference as in multiculturalism The author argues that both of these standpoints are problematic as they involve stranger fetishism they assume that the stranger has a life of its own

The Feminine Face of Christianity Margaret Starbird,2003 Early Christianity was fundamentally egalitarian but later influences conspired to curtail the role of women in the Church This text seeks to reclaim the gender balanced Christianity implicit in the Gospels It takes a historical look at the profound influence of women on the development of the Christian faith and uncovers a wealth of feminine symbols and icons found in Christianity exploring their influence on architecture literature and art

The Great AMEN of the Great I-AM John E. McKenna,2008-06-20 The author would take his readers on a ride from the Self Revelation of the I AM that the Lord God is with Moses through King David to the I AM of the Messiah of Israel and of the Incarnation and to the I AM of the Dogma of the Church as the People of God It is argued that the Grace and Truth of the Lord God cannot rightly be grasped in all of their depth in the world without becoming able to integrate both the continuity and the discontinuities of this Revelation with us even in our own times

In the Face of Difference William L. Sachs,2014-11-20 Encounters with difference are the measure of faith as how a person of one faith approaches persons of other faiths reveals the heart of religious conviction Christian congregations are often ill equipped to respond to differing religious perspectives Most are hesitant many are prejudiced In the Face of Difference offers a basis for constructive response demonstrating how one can honor people of another faith by living fully into one's own faith William Sachs examines how Christians can maximize their spiritual growth through a genuine exchange of ideas and inspiration with those of others faiths focusing on encounters between Christians and Muslims By providing a clear and concrete blueprint for congregational leadership in new social circumstances Sachs charts a course for overcoming major religious prejudice He demonstrates how bridges can be built by applying the ideals of love of God and love of neighbor and how faithful people can translate religious ideals into reconciling realities

symbolic codification of the world from the Logos of Greek philosophy to the rationality of the modern world and resulting in a metaphysics that privileges ontological thinking on the question of being over the environmental question and the concern for the conditions of life Exploring the work of the three principal thinkers of the Lebensphilosophie Bergson Dilthey and Husserl it charts the itinerary of Heidegger s work and exposes its conflicts with the work of Marx Plessner Haar and Derrida A critical argument against the colonization of the world by Eurocentric reason and for the deconstruction of Capital Heidegger in the Face of the Environmental Question draws on Latin American environmental thought to re think the conditions for life on Earth It will therefore appeal to scholars of philosophy political theory and political sociology with interests in environmental philosophy political ecology and socioeconomic transformation **Faith in the Face of Empire** RAHEB,2014-02-10 A Palestinian Christian theologian shows how the reality of empire shapes the context of the biblical story and the ongoing experience of Middle East conflict Beckett: A Guide for the Perplexed Jonathan Boulter,2013-08-22 Samuel Beckett 1906 1989 is one of the most important twentieth century writers Seen as both a modernist and postmodernist his work has influenced generations of playwrights novelists and poets Despite his notorious difficulty Beckett famously refused to offer his readers any help in interpreting his work Beckett s texts examine key philosophical humanist questions but his writing is challenging perplexing and often intimidating for readers This guide offers students reading Beckett a clear starting point from which to confront some of the most difficult plays and novels produced in the twentieth century texts which often appear to work on the very edge of meaninglessness Beginning with a general introduction to Beckett his work and its contexts the guide looks at each of the major genres in turn analyzing key works chronologically It explains why Beckett s texts can seem so impenetrable and confusing and focuses on key questions and issues Giving an accessible account of both the form and content of Beckett s work this guide will enable students to begin to come to grips with this fascinating but daunting writer
