Edith Stein Outstanding Christian Thinkers:

Stein Sarah Borden,2004-01-02 Edith Stein was beatified in 1987 and canonized in 1998 but is still relatively unknown in the English speaking world She provides an example of a Christian thinker deeply engaged in the debates of her own day and her work offers models and insights for addressing the questions of the twenty first century Sarah Borden presents an overview of St Edith Stein s life and thought beginning with her biography She then covers her early work in phenomenology her political writings her studies on women and women s education as well her later turn to medieval metaphysics and spiritual and religious texts The final chapter covers the controversies surrounding Stein s beatification and canonization Arranged by topic and proceeding largely in chronological order the book is accessible and aimed at a general audience although the material is presented in such a way as to be useful to specialists *Edith Stein's Life in a Jewish Family, 1891-1916*

Joyce Avrech Berkman,2023-04-04 Edith Stein s Life in a Jewish Family 1891 1916 is a treasure trove for the study of Stein s youth and early adulthood her approach to writing autobiographically and her intricate relationship with historical influences of her time and place Through intellectual mining Stein s narrative and conducting a comprehensive historical analysis of Stein s achievement as a distinct type of autobiography Joyce Avrech Berkman argues that a key axis of Stein s consciousness values philosophical ideas and life choices is a deep tense unresolved philosophical and spiritual struggle to both uphold traditional societal and cultural values and practices and also critiquing them to pioneer new patterns of thought Berkman further probes the sharply controversial nature of Stein s autobiography for her family members and Stein scholars in the decades after her death Edith Stein s Life in a Jewish Family 1891 1916 A Companion serves as an important guide to scholars in autobiographical studies history philosophy and theology as well as to a broader readership interested in Stein s life for religious and cultural reasons **Edith Stein's Finite and Eternal Being**

Sarah Borden Sharkey,2023-02-13 There are few topics more central to philosophical discussions than the meaning of being and few thinkers offer a more compelling and original vision of that meaning than Edith Stein 1891 1942 Stein s magnum opus drawing from her decades working with the early phenomenologists and intense years as a student and translator of medieval texts lays out a grand vision bringing together phenomenological and scholastic insights into an integrated whole The sheer scope of Stein s project in Finite and Eternal Being is daunting and the text can be challenging to navigate In this book Sarah Borden Sharkey provides a guide to Stein s great final philosophical work and intellectual vision The opening essays give an overview of Stein s method and argument and they place Finite and Eternal Being both within its historical context and in relation to contemporary discussions The author also provides clear detailed summaries of each section of Stein s opus drawing from the latest scholarship on Stein s manuscript Edith Stein s Finite and Eternal Being A Companion offers a unique guide opening up Stein s grand cathedral like vision of the meaning of being as the unfolding of meaning

Edith Stein and the Body-soul-spirit at the Center of Holistic Formation Marian Maskulak,2007 With a particular

emphasis on the soul this book explores Edith Stein's holistic conception of the human being's body-soul-spirit unity which forms the foundation of her Christian anthropology and her view of human formation. Characterized by an unremitting attention to interconnections, Stein emerges as a forerunner of contemporary holistic approaches. *Edith Stein and the Body-Soul-Spirit at the Center of Holistic Formation* demonstrates the breadth and relevance of Stein's work by engaging her thought with the anthropological views of fellow phenomenologist John Paul II, Wilkie Au's perspectives on holistic spirituality and formation, and several nonreductionist neuroscientific viewpoints of the human being. This book also makes available to the English reader a significant amount of material from Stein's untranslated works. Anyone interested in theological anthropology, holistic spirituality, human formation, the body-mind question, or Edith Stein studies will benefit from the wealth of material presented in this single book.

Listening to Edith Stein: Wisdom for a New Century Kathleen Haney, 2018-05-07. In addition to exploring and dialoging with others in the history of philosophy as well as her contemporaries, Edith Stein, Teresa Benedicta of the Cross (1891-1942), has added her own voice to some of the fundamental questions that have been taken up by great minds over the centuries, from Aristotle to Aquinas and beyond. Stein did not simply bring together the work of the various great philosophers and theologians; rather, she delved into their work after having first wrestled with the topics themselves. These fifteen essays by leading international Stein scholars demonstrate the breadth and depth of Stein's writings, offering a wide terrain for scholarly exploration as well as for the general reader seeking to glean St. Edith Stein's wisdom on prayer, renewal, and feminism. This newest Carmelite Studies volume offers a unique opportunity to listen to the voice and wisdom of this 20th-century philosopher, convert, Carmelite, and martyr. Includes a comprehensive index, a complete list of all editions of Edith Stein's works in both German and English, and biographical sketches of the contributors.

The Reception of Husserlian Phenomenology in North America Michela Beatrice Ferri, 2019-06-05. This book presents a historiographical and theoretical analysis of how Husserlian Phenomenology arrived and developed in North America. The chapters analyze the different phases of the reception of Edmund Husserl's thought in the USA and Canada. The volume discusses the authors and universities that played a fundamental role in promoting Husserlian Phenomenology and clarifies their connection with American Philosophy, Pragmatism, and with Analytic Philosophy. Starting from the analysis of how the first American scholars of Edmund Husserl's thought opened the door to the reception of his texts, the book explores the first encounters between Pragmatism and Husserlian Phenomenology in American universities. The study focuses then on those scholars who fled from Europe to America from 1933 onwards to escape Nazism: Felix Kaufmann, Alfred Schutz, Aron Gurwitsch, Herbert Spiegelberg, Fritz Kaufmann, among the most notable, and illustrates how their teaching provided the very basis for the spreading of Husserlian Phenomenology in North America. The volume examines then the action of the 20th-century North American Husserl scholars together with those places, societies, centers, and journals specifically created to represent the development of the studies devoted to Husserlian Phenomenology in the U.S.

with a focus of the Regional Phenomenological Schools *Simone Weil* Mario von der Ruhr,2006-01-01 A portrait of Simone Weil 1909 1943 the French Jewish writer drawn to the Church *Reason and the Rule of Faith* Thompson, Christopher J. Thompson,Steven A. Long,2011 *Contemplating Edith Stein* Joyce Avrech Berkman,2006 The sixteen essays in this collection critically examine the legacy of Edith Stein a Catholic convert of Jewish heritage who was murdered at Auschwitz and are the first comprehensive interdisciplinary analysis in English of Stein s life and philosophical writings *Reason and the Rule of Faith* Christopher J. Thompson,Steven A. Long,2010-11-04 Inspired by the Catholic intellectual tradition these essays are the fruit of a series of seminars sponsored by the Center for Catholic Studies and the Saint Paul Seminary School of Divinity at the University of St Thomas in Saint Paul Minnesota With a special focus on the works of John Paul II especially *Veritatis Splendor* and *Fides et Ratio* the authors bring to light a host of considerations that set the work of his pontificate within the illuminating light of the living intellectual tradition **Thine Own Self** Sarah R Borden,2010 An excellent addition to Edith Stein scholarship and philosophy **Understanding Judaism and the Jews in the Gospel of John** Nathan Thiel,2024-10-02 Understanding Judaism and the Jews in the Gospel of John Polemic Tradition and Johannine Self Identity reopens the perennial question of the Fourth Gospel s perplexing characterization of the Jews According to the reigning paradigm the Gospel of John witnesses to a community s burgeoning sense of religious distinctiveness Ethnically Jewish believers in Jesus had begun to forge a new identity in contrast to the Jews Nathan Thiel assesses the weaknesses of the prevailing model arguing that the fourth evangelist still saw himself as living and working within the Jewish tradition Yet if the Gospel of John is the literary product of a self consciously Jewish author why would he speak so often and so critically of the Jews Thiel considers the factors which have conditioned the evangelist s choice of terminology the Gospel s setting its intended audience and above all John s indebtedness to Scripture As a first century Jew well versed in Israel s sacred texts the evangelist has modeled his story of Jesus after patterns familiar to him from the Scriptures Scriptures in which Israelite authors consistently portray their ancestors as faithless despite God s powerful work on their behalf John is a relentless critic but such cutting theological assessment had long been part of Israel s counterintuitive way of telling its history **Gender Complementarity and Christian Personalism** Mary Veronica Sabelli,John P. Hittinger,2025 When in the 1970 s Sister Prudence Allen RSM began to investigate philosophical thought on woman the question was considered to be at best a marginal area for philosophical research Rather it was seen as a sociological anthropological psychological or political issue This book confirms that today partly due to Allen s groundbreaking work the complementarity of man and woman is an important and fruitful area of research in philosophy providing an evaluative framework that enriches and challenges many other disciplines No one could have foreseen the centrality of her research for questions of gender theory that are in the third decade of the 21st century in the forefront of public attention In the present volume leading authors in the area of sex gender complementarity reflect upon and further develop various aspects of Allen s research In 14 original scholarly essays

some contributors build upon Allen's project of exploring the concept of woman throughout the history of philosophy. Others explore the work of 20th century philosophers, most of them Christian Personalists whom Allen credits with significant influence on the development of integral gender complementarity, such as Karol Wojtyła, John Paul II, Jacques Maritain, Edith Stein, Emmanuel Mounier, W. Norris Clarke, SJ, and Bernard Lonergan, SJ. Still other contributors consider Marian spirituality, analogies between Benedictine spirituality and the physiological realities of a woman's body during pregnancy, seminary education in the writings of Allen and others, and the impact of Allen's work on the real lives of women in families, the Church, and professional life. Upon completing her magisterial three-volume work *The Concept of Woman*, Allen passed the baton to a new generation of scholars, stating: "The next phases will be developed by those who themselves take the argument further and deeper in their own research, writing, living, and lecturing." The present volume takes up the baton, carrying Allen's work forward and paying tribute to the lifetime achievement of a great scholar.

The Oxford Dictionary of the Christian Church Frank Leslie Cross, Elizabeth A. Livingstone, 2005. Uniquely authoritative and wide-ranging in its scope, *The Oxford Dictionary of the Christian Church* is the indispensable one-volume reference work on all aspects of the Christian Church. It contains over 6,000 cross-referenced A-Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject, including theology, churches and denominations, patristic scholarship, the Bible, the church calendar, and its organization, popes, archbishops, saints, and mystics. In this revision, innumerable small changes have been made to take into account shifts in scholarly opinion, recent developments such as the Church of England's new prayer book, Common Worship, RC canonizations, ecumenical advances and mergers, and where possible, statistics. A number of existing articles have been rewritten to reflect new evidence or understanding, for example, the Holy Sepulchre entry, and there are a few new articles. Perhaps most significantly, a great number of the bibliographies have been updated. Established since its first appearance in 1957 as an essential resource for ordinands, clergy, and members of religious orders, ODC is an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

Karol Wojtyła's Philosophical Legacy Nancy Mardas, Agnes B. Curry, George F. McLean, 2008

Revisiting Mister Rogers' Neighborhood Kathy Merlock Jackson, Steven M. Emmanuel, 2016-02-17. During its 33-season run, *Mister Rogers' Neighborhood* (1968-2001) left an indelible mark on millions of children and their caregivers. Perhaps no series in the history of children's television has done more to develop the identity and ethics of the child. More than a decade after Fred Rogers' death, he continues to attract an audience online. Yet despite the show's lasting impact, it has been largely ignored by scholars. This collection of new essays focuses on Rogers' contributions to children's lives, to the media, and to American culture at large. The contributors discuss his stance on the individual and the perception of self, his ideas about meaningful participation in a community, and his use of television. Clearly, Mr. Rogers' ideas still strongly resonate.

The Bloomsbury Guide to Christian Spirituality Peter Tyler, Richard Woods, 2012-10-25. Introduction to Christian spirituality with scholarly input. Each article is by a leading academic and

explains the subject matter in an accessible and open fashion **Theological Studies** William James McGarry, John
Courtney Murray, 2004 **International Philosophical Quarterly** ,2003 **Irishleabhar Chumann Fealsúnachta Na**
HÉireann ,2004
