Edna O'Brien Reader:

An Edna O'Brien Reader Edna O'Brien, 1994 **A Fanatic Heart** Edna O'Brien, 1985 In these selections from twenty years of her best short fiction Edna O'Brien pulls the reader into a woman's experience. Her stories portray a young Irish girl's view of obsessive love and its often wrenching pain while tales of contemporary life show women who open themselves to sexuality to disappointment to madness. Throughout there is always O'Brien's voice: wondrous, despairing, moving, examining passionate subjects that lay bare the desire and needs that can be hidden in a woman's heart.

Modernism and Close Reading David James, 2020-04-15 The kinship between modernism and close reading has long been taken for granted. But for that reason it has also gone unexamined. As the archives, timeframes and cultural contexts of global modernist studies proliferate, the field's rapport with close reading no longer appears self-evident or guaranteed. Even though for countless students studying literary modernism still invariably means studying close reading, this authoritative collection of essays illuminates close reading's conceptual, institutional and pedagogical genealogies as a means of examining its enduring potential. David James brings together a cast of world-renowned scholars to offer an account of some of the things we might otherwise know and need to know about the history of modernist theories of reading, before then providing a sense of how the futures for critical reading look different in light of the multiple ways in which modernism has been close-read.

Modernism and Close Reading responds to a contemporary climate of unprecedented reconstitution for the field; it takes stock of close reading's methodological possibilities in the wake of modernist studies, geographical, literary, historical and interdisciplinary expansions, and it shows how the political, ethical and aesthetic consequences of attending to matters of form complicate ideological preconceptions about the practice of formalism itself. By reassessing the intellectual commitments and institutional conditions that have shaped modernism in criticism as well as in the classroom, we are able to ask new questions about close reading that resonate across literary and cultural studies. Invigorating that critical venture, this volume enriches our vocabulary for addressing close reading's perpetual development and diversification.

Reading the Contemporary Irish Novel 1987 - 2007 Liam Harte, 2013-11-07 Reading the Contemporary Irish Novel 1987-2007 is the authoritative guide to some of the most inventive and challenging fiction to emerge from Ireland in the last 25 years. Meticulously researched, it presents detailed interpretations of novels by some of Ireland's most eminent writers. This is the first text focused critical survey of the Irish novel from 1987 to 2007, providing detailed readings of 11 seminal Irish novels. A timely and much-needed text in a largely uncharted critical field. Provides detailed interpretations of individual novels by some of the country's most critically celebrated writers, including Sebastian Barry, Roddy Doyle, Anne Enright, Patrick McCabe, John McGahern, Edna O'Brien and Colm Tóibín. Investigates the ways in which Irish novels have sought to deal with and reflect a changing Ireland. The fruit of many years' reading, teaching and research on the subject by a leading and highly respected academic in the field.

Narrating Irish Female Development, 1916-2018 Jane Elizabeth Dougherty, 2024-12-31 Narrating Irish Female Development 1916 2018 studies narratives of Irish female and feminized development arguing that these postmodern narratives present Irish female maturation as disordered and often deliberately disorderly The first full length study of the Irish female coming of age story the book develops a feminist psychoanalytic narratology derived from the belated oedipalization of Joyce's bildungsheld to read these stories This study argues that all Irish maturation stories are shaped by the uneven and belated maturation story of the Irish republic itself which took as its avatar the Irish woman whose citizenship in that republic was unrealized as indeed was her citizenship in an Irish republic of letters Dougherty takes the writing of Irish women as seriously as other critics have taken Joyce's work
