Educating for Eternity George R. Knight, 2016-10-01      Educating for Eternity Brett Salkeld, Ph.D., 2023-01-09 An authentic Catholic education does more than prepare workers for the job market or turn out model citizens. It forms people who can change the world not in spite of their desire for God and their hope for heaven but because of it. As a Catholic educator, you have a monumental task, but the good news is that you're not alone. In *Educating for Eternity: A Teacher's Companion for Making Every Class Catholic*, Brett Salkeld, Ph.D., explains the role of Catholic anthropology in education and accompanies Catholic teachers in integrating the Faith into all aspects of the curriculum. From math and science to health and social studies, every subject can and should be taught from a Catholic worldview. And in doing so, the true purpose of Catholic education is fulfilled. For teachers, this isn't one more thing to do in the classroom; this is a new approach to everything you're already doing in the classroom. No matter what class or age you teach, *Educating for Eternity* presents a truly effective way to explain and model eternal truths to your students.

**ABOUT THE AUTHOR** Brett Salkeld, Ph.D., is an archdiocesan theologian for the Archdiocese of Regina in Canada. He earned his Ph.D. in systematic theology from Regis College at the Toronto School of Theology and has a bachelor's degree in education from the University of Regina, where he studied to become a social studies and math teacher. He has worked with graduate and undergraduate education students and with Catholic teachers in various professional development settings, including an online course for ThinkCatholic. He lives in Regina, Saskatchewan, with his wife Flannery and their seven children.

**Educating for Eternity** Thinus Dreeckmeier, 2022      *Still Educating for Eternity* Claude E. Schindler, 1997      Educating for Eternity Claude E. Schindler, Pacheco Pyle, 1979      *Messages to Young People* Ellen G. White, 2002      *Sacred Mountain Sites* Sarah Davis, AI, 2025-03-29 *Sacred Mountain Sites* explores the universal reverence for mountains across cultures, revealing their enduring significance as spiritual landscapes. Mountains often feature prominently in religious practices, serving as settings for rituals and ceremonies. For example, the Inca civilization performed rituals on Andean peaks, while Mount Kailash holds immense importance in Tibetan Buddhism. Mountains also functioned as ancient astronomical systems, allowing indigenous peoples to track celestial events. This book examines burial practices in mountainous regions where elevation and proximity to the heavens influenced mortuary customs. Mountains are not merely geographical features but act as potent symbols linking the earthly and divine realms. Through archaeological findings, historical accounts, and anthropological studies, the book argues that this consistent reverence reflects a fundamental human desire to connect with something greater. The book progresses from introducing sacred geography concepts to exploring ritual landscapes, burial grounds, and celestial observatories. By presenting detailed case studies worldwide, the book highlights the diverse integration of mountains into spiritual and practical life, making it a valuable resource for understanding cultural preservation, anthropology, and world history.
