**Educating Children with Autism** National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Educational Interventions for Children with Autism, 2001-10-11 Autism is a word most of us are familiar with But do we really know what it means Children with autism are challenged by the most essential human behaviors They have difficulty interacting with other people often failing to see people as people rather than simply objects in their environment They cannot easily communicate ideas and feelings have great trouble imagining what others think or feel and in some cases spend their lives speechless They frequently find it hard to make friends or even bond with family members Their behavior can seem bizarre Education is the primary form of treatment for this mysterious condition This means that we place important responsibilities on schools teachers and children s parents as well as the other professionals who work with children with autism With the passage of the Individuals with Disabilities Education Act of 1975 we accepted responsibility for educating children who face special challenges like autism While we have since amassed a substantial body of research researchers have not adequately communicated with one another and their findings have not been integrated into a proven curriculum Educating Children with Autism outlines an interdisciplinary approach to education for children with autism The committee explores what makes education effective for the child with autism and identifies specific characteristics of

programs that work Recommendations are offered for choosing educational content and strategies introducing interaction with other children and other key areas This book examines some fundamental issues including How children s specific diagnoses should affect educational assessment and planning How we can support the families of children with autism Features of effective instructional and comprehensive programs and strategies How we can better prepare teachers school staffs professionals and parents to educate children with autism What policies at the federal state and local levels will best ensure appropriate education examining strategies and resources needed to address the rights of children with autism to appropriate education Children with autism present educators with one of their most difficult challenges Through a comprehensive examination of the scientific knowledge underlying educational practices programs and strategies Educating Children with Autism presents valuable information for parents administrators advocates researchers and policy makers

*Educating Students with Behavior Disorders* Michael S. Rosenberg,1997 This is a text geared to the practical concerns of educators involved in the education of students with behavior disorders The book identifies the specific problem behaviors e g hyperactivity aggression etc as the primary points of reference to set the stage for a discussion of intervention alternatives The text also briefly reviews the characteristics of students with behavior disorders and develops the link between

assessment and intervention Creating Positive Elementary Classrooms Stephen W. Smith,Mitchell L. Yell,2021-12-15 Creating Positive Elementary Classrooms Preventing Behavior Challenges to Promote Learning includes straightforward feasible and evidenced based strategies designed to prevent behavior problems in K 5 classrooms With an exclusive classroom focus this practitioner friendly book encourages teachers to be proactive in classroom management and guides them through the process of setting up their classrooms to maximize learning while focusing on prevention of behavior challenges Its emphasis on catching behavior problems before they occur enables teachers to run their classrooms more efficiently and experience less frustration while also increasing student learning A well organized systematic and predictable teaching environment helps to prevent challenging behaviors and this book presents ways to achieve this type of classroom environment Using real life classroom scenarios this guide equips teachers with management techniques that break the common cycle of frustration aggression rejection and hostility so they can create positive elementary classrooms
