*So You Think You Know About Britain?* Danny Dorling,2011-03-17 When it comes to immigration the population explosion the collapse of the family the north south divide devolution or the death of the countryside common wisdom tells us that we are in trouble however this is far from the truth In his brilliant anatomy of contemporary Britain leading geographer Daniel Dorling dissects the nation and reveals unexpected truths about the way we live today contrary to what you might read in the news The human mosaic Most children who live above the fourth floor of tower blocks in England are Black or Asian The higher you go in a building the darker skinned children tend to be Relationships The more times a person's heart is broken the nearer they will tend to move to the sea If you want to find a good man to marry head for the countryside North and South People in the south move home on average every seven years and job every eight years This is a year faster than in the north of England but a year slower than is usual in Scotland Optimum population Immigrant nation There are twice as many grandchildren of British born people living overseas as there are people living in Britain who have grandparents who were themselves born abroad The problem now is more about getting pregnant than a population explosion and we need more immigration not less Immigration Muslims are far more likely to marry non Muslims in Britain than Christians are to marry non Christians The elderly Most people in Britain never live long enough to experience being burgled In some areas you would have to live for over five hundred years to have an even chance of being a crime victim Town and Country divided since the enclosures Step children are most commonly found in the most leafy of idyllic rural villages Nuclear family homogeneity is now an inner city phenomena Why are there no cheap homes in the countryside any more Transport The greatest threat to life in Britain of all those aged under 40 is the car For adults aged over 24 they most likely die as a driver over 15 as a passenger and over age 4 as a pedestrian Work There is no
