The Praeger Handbook of Faith-Based Schools in the United States, K-12 Thomas C. Hunt, James C. Carper, 2012-08-06 Exploring a subject that is as important as it is divisive this two volume work offers the first current definitive work on the intricacies and issues relative to America's faith based schools The Praeger Handbook of Faith Based Schools in the United States K 12 is an indispensable study at a time when American education is increasingly considered through the lenses of race ethnicity gender and social class With contributions from an impressive array of experts the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation The first volume examines three types of faith based schools Protestant schools Jewish schools and Evangelical Protestant homeschooling The second volume focuses on Catholic Muslim and Orthodox schools and addresses critical issues common to faith based schools among them state and federal regulation and school choice as well as ethnic cultural confessional and practical factors Perhaps most importantly for those concerned with the questions and controversies that abound in U S education the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children

The Oxford Handbook of the History of Education John L. Rury, Eileen Tamura, 2019 This handbook offers a global

perspective on the historical development of educational institutions systems of schooling educational ideas and educational experiences Its 36 chapters consider the field s changing scholarship while examining particular national and regional themes and offering a comparative perspective Each also provides suggestions for further research and analysis *Higher Education in the American West* Richard W. Jonsen,Patty Limerick,David A. Longanecker,2014-03-19 Higher Education in the American West Regional History and State Contexts is the first comprehensive regional history of American higher education It offers new historical research on how societal forces and state actions brought about the region s one thousand two hundred institutions of higher learning in 15 western states Public Education—America's Civil Religion Carl L. Bankston,Stephen J. Caldas,2015-04-18 In this volume the authors argue that public education is a central part of American civil religion and thus gives us an unquestioning faith in the capacity of education to solve all of our social economic and political problems The book traces the development of America s faith in public education from before the Civil War up to the present exploring recent educational developments such as the No Child Left Behind legislation The authors discuss how this faith in education often makes it difficult for Americans to think realistically about the capacities and limitations of public schooling Bringing together history politics religion sociology and educational theory this in depth examination raises fundamental questions about what education can accomplish for the citizens of the United States points out that many supposedly opposing viewpoints on public education actually arise from the same root assumptions exposes the gaps between our pursuit of equity in schools and what we really accomplish with students looks at ways in which education can be organized to serve a diverse population **Civil Rights Issues of Euro-ethnic Americans in the United States** United States Commission on Civil Rights,1980 **The City and Education in Four Nations** Ronald K. Goodenow,William E. Marsden,Peter Clark,2003-12-04 The City and Education in Four Nations is a response to a long standing need for the placing of urban educational study in broader comparative contexts both historical and international This volume offers an account of the historical educational experiences of four major English speaking countries opening up new research agendas in a variety of fields An international team of contributors has been assembled combining historical and educational expertise and the work should interest scholars in a number of disciplines including urban history urban and comparative education social and public policy social and cultural history and the history of education **A Christian America Restored** Robert Glenn Slater,2019-08-13 Protestant evangelical Christian schools are the fastest growing segment of American private school education Despite their notable individual autonomy these schools have retained a consistent belief system and mission over several decades Private religious schools can be traced to our nation s earliest origins Why is it that these unique educational institutions arose in twentieth century America and have continued to thrive A Christian America Restored seeks to delve into the beginnings of private Christian schools and discovers that while they are relatively new on the educational landscape of America their roots are actually quite deep connecting with the ongoing dreams of our nation s conservative evangelicals

A Short History of Writing Instruction James J. Murphy, Chris Thaiss, 2020-04-13 This newly revised Thirtieth Anniversary edition provides a robust scholarly introduction to the history of writing instruction in the West from Ancient Greece to the present day United States. It preserves the legacy of writing instruction from antiquity to contemporary times with a unique focus on the material educational and institutional context of the Western rhetorical tradition. Its longitudinal approach enables students to track the recurrence over time of not only specific teaching methods but also major issues such as social purpose writing as power, the effect of technologies, orthography, the rise of vernaculars, writing as a force for democratization, and the roles of women in rhetoric and writing instruction. Each chapter provides pedagogical tools including a Glossary of Key Terms and a Bibliography for Further Study. In this edition, expanded coverage of twenty-first century issues includes Writing Across the Curriculum, pedagogy for multilingual writers, and social media. *A Short History of Writing Instruction* is an ideal text for undergraduate and graduate courses in writing studies, rhetoric, and composition, and the history of education.

Fifty Modern Thinkers on Education Liora Bresler, David Cooper, Joy Palmer, 2002-09-11 *Fifty Modern Thinkers on Education* looks at fifty of the twentieth century's most significant contributors to the debate on education. Among those included are Pierre Bourdieu, Elliot Eisner, Hans J. Eysenck, Michel Foucault, Henry Giroux, Jürgen Habermas, Susan Isaacs, A. S. Neill, Herbert Read, Simone Weil. Together with *Fifty Major Thinkers on Education*, this book provides a unique history of educational thinking. Each essay gives key biographical information, an outline of the individual's principal achievements and activities, an assessment of his or her impact and influence, and a list of their major writings and suggested further reading.

Religious Schools in the United States K-12 (1993) Thomas C. Hunt, James Carper, 2017-12-15 First published in 1993, this volume is an extension and revision of the 1986 book entitled *Religious Schools in America: A Selected Bibliography*. This new version contains additional annotated bibliographies of the various denominational schools as well as discussing governmental relations to each setting in the years from 1985 to 1992. This version also covers Greek Orthodox and Muslim schools that were not part of the previous volume and includes a chapter on the growth of home schooling, which is often influenced by religion. Finally, unlike the previous edition, this book only considers religious schools rather than the religious aspect or function of public schooling. Each section includes a short chapter followed by an extensive annotated bibliography, making it a useful source for anyone looking for information in the area.

American Education Wayne J. Urban, Jennings L. Wagoner, Jr., Milton Gaither, 2019-01-22 *American Education: A History*, Sixth Edition, is a comprehensive, highly regarded history of American education from precolonial times to the present. Chronologically organized, it provides an objective overview of each major period in the development of American education, setting the discussion against the broader backdrop of national and world events. In addition to its in-depth exploration of Native American traditions, including education prior to colonization, it also offers strong, ongoing coverage of minorities and women. This much-anticipated sixth edition brings heightened attention to the history of education of individuals with

disabilities of classroom pedagogy and technology of teachers and teacher leaders and of educational developments and controversies of the twenty first century
