Essential Soldiers

Kenja McCray, 2025-08-05 A new perspective on women s Black Power leadership legacies Academics and popular commentors have expressed common sentiments about the Black Power movement of the 1960s and 1970s that it was male dominated and overrun with autocratic leaders Yet women s strategizing management and sustained work were integral to movement organizations functioning and female advocates of cultural nationalism often exhibited a unique service oriented collaborative leadership style Essential Soldiers documents a variety of women Pan African nationalists experiences considering the ways they produced a distinctive kind of leadership through their devotion and service to the struggle for freedom and equality Relying on oral histories textual archival material and scholarly literature this book delves into women s organizing and resistance efforts investigating how they challenged the one dimensional notions of gender roles within cultural nationalist organizations Revealing a form of Black Power leadership that has never been highlighted Kenja McCray

explores how women articulated and used their power to transform themselves and their environments Through her examination McCray argues that women s Pan Africanist cultural nationalist activism embodied a work centered people centered and African centered form of service leadership A dynamic and fascinating narrative of African American women activists Essential Soldiers provides a new vantage point for considering Black Power leadership legacies *Africa* ,1970 Includes Proceedings of the Executive council and List of members also section Review of books Kenya and the Politics of a Postcolony Wanjala S. Nasong'o,2024-08-06 This book sets out to probe explore and evaluate the betrayal of anticolonial nationalism in Kenya Contemporary Kenya s emergence is rooted in the colonial enterprise its deleterious effects and the subsequent decolonization spearheaded by a fierce anti colonial nationalism that was embodied in freedom struggles at the cultural political and military levels As a settler colony the colonial settlers hived off millions of hectares of the best land in the highland areas of Kenya and appropriated them for themselves thereby generating a large mass of the landless This land alienation constituted one of the most deeply felt grievances which together with the exclusivist exploitative and oppressive colonial system inflamed anti colonial nationalism that undergirded the struggle for independence The expectation on the part of the masses was that independence would bring about social justice restitution of the stolen lands and a government based on the will and aspirations of the governed Political developments soon after independence however demonstrated the extent of betrayal of the cause of anti colonial nationalism which has remained the reality to date This book covers the extent of this sense of betrayal from the time of independence to the present It begins by locating contemporary Kenya within the colonial context then proceeds to thematic issues of betrayal including the fall out between President Kenyatta and Vice President Odinga over ideology and issues of development which constituted the first betrayal the scourge of bureaucratic corruption and rent seeking the question of land and associated historical injustices and electoral malpractice since the return of multiparty politics in 1992 to the most recent elections of 2022 The implications of these dynamics for the future of the Kenyan polity are delineated and discussed The African Experience John N.
