**ENC Focus** ,2001      **Teaching in the Standards-based Classroom** ,2001 Virtually every national standards document every state framework and every local set of standards calls for fundamental changes in what and how teachers teach The challenge for teachers is to implement the vision for mathematics and science classrooms called for in the standards This issue describes that vision and suggests ways to use the standards mandated in your school to improve your practice to help you teach in your standards based classroom      Whitaker's Five-year Cumulative Book List ,1968

**Exploring Social Geography (Routledge Revivals)** Peter A. Jackson,Susan J. Smith,2014-06-17 Exploring Social Geography first published in 1984 offers a challenging yet comprehensive introduction to the wealth of empirical research and theoretical debate that has developed in response to the advent of a social approach to the subject The argument emphasises the essentially spatial structure of social interaction and includes a succinct discussion of geographical research on segregation and interaction which has combined numerical analyses and qualitative ethnographic field research A distinctive view of social geography is adopted inspired by the Chicago school of North American pragmatism but also incorporating the formal sociological theories of Simmel and Weber Exploring Social Geography will be of value to students of urban geography in particular However it will also indicate a wide ranging and distinctive perspective for all students of the social sciences with a special interest in debates concerning urban ethnic racial anthropological and theoretical issues

**American Anthropology** Clifford Wilcox,2006-01-01 Relying upon close readings of virtually all of his published and unpublished writings as well as extensive interviews with former colleagues and students Robert Redfield and the Development of American Anthropology traces the development of Robert Redfield s ideas regarding social change and the role of social science in American society Clifford Wilcox s exploration of Redfield s pioneering efforts to develop an empirically based model of the transformation of village societies into towns and cities is intended to recapture the questions that drove early development of modernization theory Reconsideration of these debates will enrich contemporary thinking regarding the history of American anthropology and international development      **Resources in Education** ,1973-05

Research in Education ,1973      Inequality, Crime and Public Policy (Routledge Revivals) John Braithwaite,2013-09-13 First published in 1979 Inequality Crime and Public Policy integrates and interprets the vast corpus of existing research on social class slums and crime and presents its own findings on these matters It explores two major questions First do policies designed to redistribute wealth and power within capitalist societies have effects upon crime Second do policies created to overcome the residential segregation of social classes have effects on crime The book provides a brilliantly comprehensive

and systematic review of the empirical evidence to support or refute the classic theories of Engles Bonger Merton Cloward and Ohlin Cohen Miller Shaw and McKay amongst many others Braithwaite confronts these theories with evidence of the extent and nature of white collar crime and a consideration of the way law enhancement and law enforcement might serve class interest

**From Territorial Defeat to Global ISIS: Lessons Learned** Eitan Y. Alimi, Suleyman Ozeren, Suat Cubukcu, 2021-02-15 When Islamic State ISIS forces were driven out of the territories they had acquired in Syria and Iraq there remained a concern that the threat posed by ISIS was far from over It was clear that significant long term strategies would be needed to establish and maintain security and stability if the potential for further radical Islamist threats in the Middle East and among NATO countries was to be eradicated This book presents papers from the NATO Advanced Research Workshop ARW entitled The Post ISIS Era Regional and Global Implications held in Washington DC USA from 6-8 September 2019 The ARW brought together participants from NATO member nations and Partner countries and from diverse backgrounds including academia security law enforcement intelligence military foreign affairs media think tanks international organizations and embassies Topics covered included the future of ISIS after the loss of its territories maintaining security and stability analysis of ISIS recruitment and propaganda activities the returnee problem and the plight of refugees the processes of radicalization response to the changing nature of violent extremism policy recommendations to mitigate the consequences of new threats and dealing with the exploitation of public fear of terrorism The book also discusses how the lessons learned can be implemented and offers specific policy recommendations for the future It will be of interest to all those involved in combating the international terror threat

Great American City Robert J. Sampson, 2024-04-08 In his magisterial Great American City Robert J Sampson puts social scientific data behind an argument that we all feel and experience everyday the neighborhood you live in has a big effect on your life and the city you live in Not only does your neighborhood determine where your nearest hospital is what kind of schools your children can attend or how many police officers you might encounter and how they respond to you it affects how you feel how you think about the world and your place in it Like many sociologists before him Sampson looks to Chicago to make his insightful interventions based on extensive data collected across the city's diverse neighborhoods This edition includes a new afterword by Sampson reflecting on changes in Chicago and the country that have occurred since the book was initially published He notes the increase in gun violence both among civilians and police killings of civilians as well as steady or growing rates of segregation despite an increase in diversity With these changes have come new research much of it a continuation or elaboration of the work in Great American City He updates readers on the status of the research initiative that serves as the basis of Great American City the Project on Human Development in Chicago Neighborhoods PHDCN and summarizes how scholars have taken up his work Many of these scholars have new tools at their disposal with the rise of big data Sampson remarks on these changes in the field
