Economic Conditions And Electoral Outcomes The United States And Western Europe

Michael R. Smith

Economic Conditions And Electoral Outcomes The United States And Western Europe:

Economic Conditions and Electoral Outcomes Heinz Eulau, 1985 Does economics influence elections How does such influence work Under what conditions is it more or less likely to occur These appear to be simple questions but answering them is difficult And they may appear to be trivial questions to those who contend that elections in the western democracies are at best placebos that disguise the real dynamics of power in societies still mostly characterized by the capitalist mode of production even if the economy is directed by government This is an argument we do not propose to address We do believe that free popular elections matter and that they make a difference precisely because at periodic intervals they set the limits or constraints within which capitalist as well as anticapitalist elites pursue their economic and political goals To oppose the voice of the people to the people's manipulation by elites it seems to us creates an unnecessary dualism This dualism is not useful because it cannot come to grips with the question of how and why popular electorates respond as they do to more or less elite managed economies and how and why elites in turn take account of or are responsive to whatever messages they may receive from the electorate

Economic Conditions and Electoral Outcomes Heinz Eulau, Michael S. Lewis-Beck, 1985 Does economics influence elections How does such influence work Under what conditions is it more or less likely to occur Free popular elections matter and they make a difference precisely because at periodic intervals they set the limits or constraints within which the interests of business and the interests of the people pursue their political goals These are the basic ideas addressed in the chapters of this volume This fine collection of papers dealing with the effects of economic variables on electoral behaviour and electoral outcomes will be of particular interest to specialists in the study of elections but will also be valuable to students of political economy and comparative politics more generally Canadian Journal of Politics

The Oxford Handbook of Comparative Politics Carles Boix, Susan Carol Stokes, 2007 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E. Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by 47 top scholars in the discipline of comparative politics Part I includes chapters surveying the key research methodologies employed in comparative politics the comparative method the use of history the practice and status of case study research the contributions of field research and assessing the possibility of constructing a science of comparative politics Parts II to IV

examine the foundations of political order the origins of states and the extent to which they relate to war and to economic development the sources of compliance or political obligation among citizens democratic transitions the role of civic culture authoritarianism revolutions civil wars and contentious politics Parts V and VI explore the mobilization representation and coordination of political demands Part V considers why parties emerge the forms they take and the ways in which voters choose parties It then includes chapters on collective action social movements and political participation Part VI opens up with essays on the mechanisms through which political demands are aggregated and coordinated This sets the agenda to the systematic exploration of the workings and effects of particular institutions electoral systems federalism legislative executive relationships the judiciary and bureaucracy Finally Part VII is organized around the burgeoning literature on macropolitical economy of the last two decades

Economics and Politics Helmut Norpoth, Michael S. Lewis-Beck, Jean-Dominique Lafay, 1991 An important study on the effects of economic performance on elections

Political Corruption and Democratic Governance Jongseok Woo, Eunjung Choi, 2018-08-15 Political Corruption and Democratic Governance explores the effects of political corruption on important aspects of democratic governing Jongseok Woo and Eunjung Choi use a cross national lens to analyze how political corruption influences different areas of politics and economics including electoral outcomes citizens evaluations of democratic norms and values economic development distributional justice and social and political trust in both developed and developing nations While most works on political corruption focus on the causes of corruption this book delves into various consequences of it The discussion in each chapter engages both theoretical and empirical components of political corruption introducing competing theoretical arguments on a given topic and puts them under rigorous empirical scrutiny Each chapter involves large N statistical analysis to make it truly global in scope and to overcome the limits of single or small N case studies on political corruption This book concludes with critical evaluations about anti corruption efforts by various IGOs and NGOs and specific policy recommendations to deter corruption

The Limits of Public Choice Lars Udehn, 2002-09-11 Public choice has been one of the most important developments in the social sciences in the last twenty years However there are many people who are frustrated by the uncritical importing of ideas from economics into political science Public Choice uses both empirical evidence and theoretical analysis to argue that the economic theory of politics is limited in scope and fertility In order to arrive at a more comprehensive understanding of political life political scientists must learn from both economists and sociologists

The Oxford Handbook of Public Choice Roger D. Congleton, Bernard Grofman, Stefan Voigt, 2019 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is an improved understanding of public policy public finance industrial organization and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both

within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy

Working-Class Mobilization and Political Control Charles L. Davis, 2014-07-15 Historically Latin American political regimes have sought to postpone far reaching economic reforms and improvements in living standards in order to facilitate the accumulation of private capital These goals have led to exclusion of the lower classes from the political process altogether or to efforts to control their political mobilization The ability of governments to maintain such control has often been attributed to the lack of political sophistication by the working class or to the distribution of benefits through patron client networks designed to preserve the hegemony of ruling parties Using new survey data from 500 industrial workers in Mexico and Venezuela Charles L Davis now questions these conventional explanations and two others that industrial workers are part of a labor aristocracy and are therefore content with the performance of the capitalist regimes and that political control is exercised through restriction of partisan competition and thus of opportunities for workers to challenge developmental priorities and public policy goals Davis s study demonstrates that working class mobilization is more firmly controlled in Mexico s one party dominant political system than in Venezuela s two party system He finds little evidence that political participation in either country is guided by labor unions with ties to dominant parties Nor are these workers content with the performance of the regimes or lacking in political sophistication The primary explanation for their psychological disengagement from politics and avoidance of protest voting appears to be the lack of meaningful electoral options Davis s two case studies provide important new insights into an issue that appears certain to remain explosive as dissident labor leaders in Latin America seek to mobilize working class opposition to existing state developmental strategies

The Oxford Handbook of Public Choice, Volume 2 Roger D. Congleton, Bernard N. Grofman, Stefan Voigt, 2018-12-14 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is

an improved understanding of public policy public finance industrial organization and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy

Cultural Backlash Pippa Norris, Ronald Inglehart, 2019-02-14 Authoritarian populist parties have advanced in many countries and entered government in states as diverse as Austria Italy the Netherlands Poland and Switzerland Even small parties can still shift the policy agenda as demonstrated by UKIP's role in catalyzing Brexit Drawing on new evidence this book advances a general theory why the silent revolution in values triggered a backlash fuelling support for authoritarian populist parties and leaders in the US and Europe The conclusion highlights the dangers of this development and what could be done to mitigate the risks to liberal democracy

Blaming the Government: Citizens and the Economy in Five European Democracies Christopher A. Anzalone, 2016-09-16 This work examines the impact of macroeconomic conditions on public support for the government in Britain France Netherlands Denmark and Germany

Social Capital and the Transition to Democracy Gabriel Badescu, Eric Uslaner, 2004-06 This edited collection presents the latest quantitative research on how post communist countries are adapting to Western models of society

The Taiwan Voter Christopher Henry Achen, T. Y. Wang, 2017-07-26 Examines how Taiwan's voters navigate a dangerous environment to demonstrate how identities matter everywhere

Communication Research and Media Science in Europe Angela Schorr, William Campbell, Michael Schenk, 2013-02-06 Never before has the discipline of communication been more exciting diverse and innovative than it is today This volume reflects the current developments in communication research and media science with topics including audience research internet communication organizational communication studies on media use and effects and educational and intercultural media It represents the voices of over 40 European and North American scholars Reflecting similarities and differences in media culture in Europe and abroad the volume contains many important contributions from an insider point of view to European media research

Power, Norms, and Inflation Michael R. Smith, 2017-09-29 Explanations for inflation

had for a long time been ceded to the purview of economists The acceleration in rates of inflation within advanced economies during the 1960s and 1970s however prompted sociologists and political scientists to attempt their own accounts for this phenomenon There are two major competing explanations of the postwar inflation One most commonly held by economists is that inflation has been produced by governments through a combination of policy errors and cynical manipulation of policy for electoral purposes The other often advanced by sociologists and political scientists as an alternative is that inflation has been an outcome of class conflict In his study that ranges widely over the literature in the relevant disciplines Smith examines the strengths and weaknesses of each account with particular attention to the evidence presented in support of class conflict explanations He concludes that on balance the policy error cynical manipulation explanation is better supported than its class conflict rival The clarity with which Smith presents these rival accounts and the critical rigor of his scrutiny make this a work of interest to advanced students in macroeconomic theory and to policy makers **Demands on Democracy**

José María Maravall, 2016-05-05 Why are representative democracies extensively criticised yet remain widely aspired to throughout the world Many citizens believe that democratic politicians operate with privileged information that allows them autonomy from genuine democratic controls a phenomenon reinforced by the opacity of internal party politics In established democracies throughout the world there is a widespread perception that political parties compete for power yet no significant differences exist between them Moreover economic inequalities are no longer redressed by national governments in a world where markets are dominant and relevant decisions have been taken out of domestic politics Citizens vote but their choice is hardly relevant This has led to widespread demands for more democracy But what does that mean in practice Can democracies introduce greater representation of citizens interests Do politicians operate as an autonomous caste hardly challenged by voters Has political competition become irrelevant for the welfare of people Do citizens want more democracy in internal party politics And turning beyond the nation state has the European Union changed the scope of policy alternatives and influenced the accountability of politicians What have been the consequences of European integration for national democracies In his major new book Jos Mar a Maravall examines these and many other questions fundamental to democratic politics in the 21st Century In doing so he draws extensively on original empirical evidence from 21 OECD parliamentary democracies from 1945 to 2010 and 1 259 country year observations focused on politics representation parties inequality economic policies and the political and economic conditions of European integration **Deepening Democracy**

Latin America Kurt Von Mettenheim, James Malloy, 1998-07-15 Ten leading scholars of the region present original research to argue that theories of democratic consolidation or institutionalization are too often Euro and ethno centric that simple appeals for greater participation are insufficient and that recent critics of populism patronage and presidentialism fail to capture new opportunities for democracies in the region **Presidential Campaigns, Slogans, Issues, and Platforms**

Robert North Roberts, Scott John Hammond, Valerie A. Sulfaro, 2012-06-12 The book provides a comprehensive discussion of

the major issues and events surrounding all American presidential elections from the earliest years of the Republic through the campaign of 2008

Presidential Campaigns Slogans Issues and Platforms The Complete Encyclopedia is an easy to use reference work designed to encourage students and anyone interested in democratic politics to undertake a greater understanding of this complex aspect of American political life The three volume work covers each presidential campaign in depth examining a large number of related issues ranging from the use of social media in modern presidential campaigns to negative campaign ads and key slogans used in every presidential campaign Volume One contains entries offering specific and focused information on issues trends factors slogans strategies and other more detailed elements of presidential campaigning from the first stirrings of the American democratic process to the first decade of the 21st century Volumes Two and Three provide chronological accounts of every presidential campaign since the ratification of the Constitution through the campaign of 2008 with Volume Two covering the campaign of 1788 89 to the campaign of 1908 and Volume Three covering the campaign of 1912 to the campaign of 2008

Campaigning for President in America, 1788-2016 Scott John Hammond, Robert North Roberts, Valerie A. Sulfaro, 2016-04-25 What does it take to get elected president of the United States leader of the free world This book gives readers insight into the major issues and events surrounding American presidential elections across more than two centuries from the earliest years of the Republic through the campaigns of the 21st century The race for the presidency encapsulates the broader changes in American democratic culture This book provides insight into the major issues and events surrounding American presidential elections across more than two centuries from the earliest years of the Republic through the campaigns of the 21st century Readers will be able to see and understand how presidential campaigns have evolved over time and how and why the current state of campaigning for president came into being

Political Protest and Social Change Charles F. Andrain, David Ernest Apter, 1995-09 At the close of the twentieth century political protests have erupted throughout the world While the collapse of communism was certainly one of the most spectacular protest related events smaller protests have become ubiquitous In Los Angeles labor activists campaign against commercial real estate owners to unionize janitors mainly Latina immigrants In the People's Republic of China peasants revolt against tax collectors Amazonian Indians protest public and economic policies that destroy their culture and rainforest habitat This book analyzes the reciprocal impact of cultural beliefs sociopolitical structures and individual behaviors on protests throughout the world Why do individuals participate in protest activities How do cultural beliefs personal attitudes and subjective perception influence the potential protester Addressing the issue of agency in protest the authors also examine why protestors enlist different tactics to achieve their goals Why are some protests violent and others nonviolent When and why do activists conclude that it is better to accommodate than confront Finally and crucially what are the consequences of protest movements

Economic Conditions And Electoral Outcomes The United States And Western Europe Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economic Conditions And Electoral Outcomes The United States And Western Europe has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economic Conditions And Electoral Outcomes The United States And Western Europe has opened up a world of possibilities. Downloading Economic Conditions And Electoral Outcomes The United States And Western Europe provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economic Conditions And Electoral Outcomes The United States And Western Europe has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economic Conditions And Electoral Outcomes The United States And Western Europe. These

websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economic Conditions And Electoral Outcomes The United States And Western Europe. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economic Conditions And Electoral Outcomes The United States And Western Europe, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economic Conditions And Electoral Outcomes The United States And Western Europe has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Economic Conditions And Electoral Outcomes The United States And Western Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Economic Conditions And Electoral Outcomes The United States And Western Europe is one of the best book in our library for free trial. We provide copy of

Economic Conditions And Electoral Outcomes The United States And Western Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Economic Conditions And Electoral Outcomes The United States And Western Europe. Where to download Economic Conditions And Electoral Outcomes The United States And Western Europe online for free? Are you looking for Economic Conditions And Electoral Outcomes The United States And Western Europe PDF? This is definitely going to save you time and cash in something you should think about.
