Economic Crisis And Political Change In North America:

Economic and Political Change in Asia and Europe Bernadette Andreosso-O'Callaghan, Frédéric Royall, 2012-08-10 Since the 1973 publication of Alain Peyrefitte's prophetic *When China Awakens* developments in East Asia have outstripped even the wildest predictions China has undergone the fastest industrialization and urbanization process in history yet tensions there are rising as some realize how far they have been left behind This volume explores the applicability of European economic and social models to our analysis of East Asia's and in particular China's situation Though millions of Chinese and other Asian people have been lifted out of poverty inequality is rising nonetheless and contemporary Europe and Asia are both witnessing collective action against rampant economic neoliberalism in the former and the exclusion of minorities in the latter It is difficult to overstate the relevance of this assessment which seeks answers to some central questions Can events in Europe serve as a model for those in East Asia Are there similarities or differences between the two regions To what extent do political economic or social systems stimulate or inhibit collective action How culturally equivalent are the collective actions of marginalized disadvantaged people in the two locations or are events in Europe symptomatic of specific cultural attributes Comparing and contrasting the research tools and dominant paradigms in the social and economic sciences in East Asia and Europe as this volume does throws out some revealing results *Market Economics and Political Change* Juan D. Lindau, 2000-01-01 Does market liberalization promote democracy The accepted answer from scholars pundits and politicians alike has been yes However the contributors to this innovative study of market reforms and political change in Mexico and the People's Republic of China argue that this easy equation is not only empirically uncertain but methodologically flawed Using comparative contextual analysis the contributors carefully identify the elective affinities between these two very different polities to reveal key variables that determine how markets will affect democracy particularly law as the rudder of democracy and the role of political culture in civil society Political Change and Consolidation A. Freedman, 2006-11-13 This book explores the varying reactions to the political turmoil in Asia in the late 1990s by looking at external pressures from global actors the IMF and US security policy popular protests the nature of the opposition and elite coalition formation dissolution at the highest levels of government Politics and Social Change in Latin America Howard J. Wiarda, 2003-10-30 Wiarda provides a new edition of a pioneering exploration of Latin American political culture the authoritarian tradition and the recent transitions to democracy and the special meaning of that term in the Latin American context The volume contains a provocative Introduction and Conclusion by the editor as well as essays by leading scholars of Latin American politics and history Richard Morse Octavio Paz Glen Dealy Peter Smith and others This is a classic collection newly revised and updated

Governing Migration Beyond the State Andrew Geddes, 2021-01-19 International migration has become a salient concern in global politics but there is also significant variation in governance responses By focusing on four key world regions Europe North America South America and Southeast Asia this book explores the underlying factors that shape

governance responses Rather than focusing on the more visible outputs or outcomes of governance processes such as laws and policies this book opens the black box of migration governance to reveal how understandings and representations of the causes and effects of migration held by key governance actors in these four regions have powerful effects not only on governance outcomes but more broadly on the prospects for global migration governance By doing so the book shows how migration governance systems through their operation and effects can shape migration in its various forms and the lived experiences of migrants

Politics in the New Hard Times Miles Kahler,David A. Lake,2013-04-15 The Great Recession and its aftershocks including the Eurozone banking and debt crisis add up to the worst global economic crisis since the Great Depression of the 1930s Although economic explanations for the Great Recession have proliferated the political causes and consequences of the crisis have received less systematic attention Politics in the New Hard Times is the first book to focus on the Great Recession as a political crisis one with both political sources and political consequences The authors examine variation in crises over time and across countries rather than treating these events as undifferentiated shocks Chapters also explore how crisis has forced the redefinition and reinforcement of interests at the level of individual attitudes and in national political coalitions Throughout the authors stress that the Great Recession is only the latest in a long history of international economic crises with significant political effects and that it is unlikely to be the last *East Asian Multilateralism* Kent E.

Calder,Francis Fukuyama,2008-04-15 While the Iraq war and Middle East conflicts command the attention of the United States and most of the rest of the developed world fundamental changes are occurring in East Asia North Korea has tested nuclear weapons even as it and South Korea have effectively entered a period of tepid relations among China Japan and South Korea are a complex mixture of conflict and cooperation and Japan is developing more forthright security policies even as it deepens ties with the United States Together these developments pose vital questions for world stability and security In *East Asian Multilateralism* prominent international foreign affairs scholars examine the range of implications of shifting alignments in East Asia The first part delves into the intraregional dynamics and the second assesses current economic conditions and policies within individual East Asian states The third section examines the challenge of regional cooperation from the perspectives of local players while the fourth analyzes the implications for foreign policy in the United States and in Asia This thorough review and assessment charts the preconditions and prospects for deeper multilateralism poses tough questions about America's security and national interests in the region and carries a plea for more serious institution building in the North Pacific using the ongoing six party process in talks on North Korea as a point of departure

The Changing Role Of The State In Latin America Menno Vellinga,2018-02-19 Since the 1930s the state has played a primary role in the development process of Latin American countries and political systems have had strong corporatist and authoritarian centralist features In the last several years as that role has become increasingly incompatible with neoliberal reforms and the requirements of a transition to democracy state power has been significantly decentralized and the state has withdrawn from direct intervention in the economy This book examines the consequences of the redefinition of the state for processes of democratization and statecivil society relations Since the 1930s the state has played a primary role in the

development process of most Latin American countries and political systems have had strong corporatist and authoritarian centralist features In the last several years as that role has become increasingly incompatible with neoliberal reforms and the requirements of a transition to democracy state power has been significantly decentralized and the state has withdrawn from direct intervention in the economy This book examines the consequences of the redefinition of the state for processes of democratization and statecivil society relations looking for example at transfers of power to local and regional authorities the role of NGOs and other interest groups in policymaking the emergence of new social movements and privatization and the introduction of market criteria Several country case studies are also included Civil Society and Political Change in Morocco James N.
