same time societal policy making and economic outcomes on societal level and in global comparison The outcomes thereof can be measured exactly and hence validated especially through the method of empirical comparative social science economic research Here the author also but not only introduces the new method of using Aspalter s Standardized Relative Performance SRP Index in measuring exactly complex aggregate performances of multiple governments and that at the same time also across the entire world **EBOOK: Macroeconomics** Rudiger Dornbusch, Stanley Fischer, Richard

countries show that there have been countless examples of institutional agencies that have played pivotal role in fulfilling certain developmental activities Cooperation as an institution is used in various countries as instrument of economic growth The economic performance of rural regions around the world is lagging despite efforts by governments and local leaders to address the problem Rural economic development should focus on the unique strengths of each area rather than concentrating on ameliorating generic weaknesses Rural economic development should address and harness the efficient spatial distribution of economic activity rather than attempt to replicate urban economies Rural development aims at improving rural people s livelihoods in an equitable and sustainable manner both socially and environmentally through better access to assets and services and control over productive capital that enable them to improve their livelihoods on a sustainable and equitable basis It is certain that the valuable contributions views and suggestions of the researchers will be of immense help to the future researchers policy makers administrators and social thinkers in solving the problem of poverty unemployment and to achieve economic development of the country as well as the state especially in rural sector renewing the existing employment generating programmes The objective underlying the publication of this book is therefore to attract the attention of those interested in and concerned with the growth and progress of agricultural sector in our country
