Economy And Society In Burgundy Since 195:

Economy and Society in Burgundy Since 1850 Robert Aldrich, 2023-01-20 First Published in 1984 *Economy and Society in Burgundy Since 1850* provides a comprehensive overview of the modern history of Burgundy Burgundy is best known for its wine and its capital of Dijon is most often associated with mustard Yet the region s modern history is more than a history of gastronomy The coming of the railways in the 1850s greatly changed the economic life of the area spurring the growth of Dijon and contributing to rural depopulation Agricultural crises throughout the nineteenth century such as phylloxera epidemic in the vineyards caused further dislocation in rural life Even in the twentieth century the countryside remained agricultural while the city of Dijon owes its dynamism to the expansion of the service sector rather than to heavy industry This book argues that this evolution modernisation without industrialization is not a matter of economic retardation but of the suitability of the region s natural resources and the intentional choice of its population Rich in archival sources this book is an interesting read for scholars and researchers of French history European history and modern history **Australian Books in Print** ,1992 *International Bibliography of Historical Sciences* ,1984 Verzeichnis der exzerpierten Zeitschriften 1926 p XXXI XVII *Society and Economy in Early Modern Europe, 1450-1789* Barry Taylor, 1989 **History of Economics** Joseph Adalbert Dewe, 1908 War, State, and Society in England and the Netherlands 1477-1559 Steven Gunn, David Grummitt, Hans Cools, 2007-11-15 Exploring the effects of war on state power in early modern Europe this book asks if military competition increased rulers power over their subjects and forged more modern states or if the strains of war broke down political and administrative systems Comparing England and the Netherlands in the age of warrior princes such as Henry VIII and Charles V it examines the development of new military and fiscal institutions and asks how mobilization for war changed political relationships throughout society Towns in England such as Norwich York Exeter and Rye are compared with towns in the Netherlands such as Antwerp Leiden s Hertogenbosch and Valenciennes to see how the magistrates relations with central government and the urban populace were modified by war Great noblemen from the Howard and Percy families are set alongside their equivalents from the houses of Cro and Egmond to examine the role of recruitment army command and heroic reputation in maintaining noble power The wider interactions of subjects and rulers in wartime are reviewed to measure how effectively war extended princes claims on their subjects loyalty and service their ambitions to control news and opinion and to promote national identity and their ability to manage the economy and harness religious change to dynastic purposes The result is a compelling but nuanced picture of societies and polities tested and shaped by the pressures of ever more demanding warfare **"Agency, Visuality and Society at the Chartreuse de Champmol "** Sherry C.M. Lindquist, 2017-07-05 Grounded in archival sources this interdisciplinary study explores the profound historical significance of the mausoleum of the Valois Dukes of Burgundy the Chartreuse de Champmol Although the monument is well known as the site of pivotal works of art by Claus Sluter Melchior Broederlam Jean de Beaumetz and others until now art

historians have not considered how these works functioned at the center of a complex social matrix Sherry Lindquist here considers the sacred subjects of the various sculptures and paintings not merely as devotional tools or theological statements but as profoundly influential social instruments that negotiated complex interactions of power Lindquist's sophisticated discussion coordinates analysis of primary sources with the most up to date scholarship in the field of art history not only with respect to late medieval Burgundian art but also to more theoretical questions pertaining to reception

In Search of the True West Esther Kingston-Mann, 1998-12-21 This ground breaking work documents Russian efforts to appropriate Western solutions to the problem of economic backwardness since the time of Catherine the Great Entangled then as now with issues of cultural borrowing educated Russians searched for Western nations ideas and social groups that embodied universal economic truths applicable to their own country Esther Kingston Mann describes Russian Westernization which emphasized German as well as Anglo U S economics while she raises important questions about core values of Western culture and how cultural values and priorities are determined This is the first historical account of the significant role played by Russian social scientists in nineteenth century Western economic and social thought In an era of rapid Western colonial expansion the Russian quest for the right Western economic model became more urgent Was Russia condemned to the fate of India if it did not become an England In the 1900s Russian liberal economists emphasized cultural difference and historical context while Marxists and prerevolutionary government reformers declared that inexorable economic laws doomed peasants and their medieval communities On the eve of 1917 both the tsarist regime and its leading critics agreed that Russia must choose between Western style progress or feudal stagnation And when peasants and communes survived until Stalin's time he mercilessly destroyed them in the name of progress Today Russia's painful modernizing traditions shape the policies of contemporary reformers who seem as certain as their predecessors that economic progress requires wholesale obliteration of the past

The French Communist Party in the Fifth Republic David Scott Bell, Byron Criddle, 1994 This up to date analysis of the French Communist Party sees it as an entirely unconventional political force not a normal party vying for office but a Leninist bureaucracy armed with an apocalyptic mission to deliver humanity from capitalism Its interests have been defined as part of an outpost of a world revolutionary movement and whilst its strategies may have varied they have done so in order to serve Soviet foreign policy purposes D S Bell and Byron Criddle trace the history of the Communist Party in France from its origins They focus in particular on the period since 1958 and explore the Party s unique organizational structures and international loyalties They examine structure and ideology relations with the Socialist party electoral performance and the 1980 s decline in the Party s fortunes This study will be essential reading for all students of contemporary French history and politics

War and Society in Medieval and Early Modern Britain Diana E. S. Dunn, 2000 Nine historians examine three English civil wars that during King Stephen s reign the Wars of the Roses and that of the 17th century Their concern is with the interaction of war and society rather than with details of individual campaigns and battles They place the conflicts within the wider European context and developments in warfare on the continent Distributed in the US by ISBS c Book News Inc

Inventing Luxembourg, 2010 The grand duchy of Luxembourg was created after the Napoleonic Wars but at the time there was no nation that identified with the emergent state This book analyses how politicians scholars and artists have initiated and contributed to nation building processes in Luxembourg since the nineteenth century processes that as this book argues are still ongoing The focus rests on three types of representations of nationhood a shared past a common homeland and a national language History was written so as to justify the country s political independence Territorial borders shifted meaning constantly repositioning the national community The local dialect initially considered German variant was gradually transformed into the national language Luxembourgish

History of Western Society is one of the most successful textbooks available because it captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture The tenth edition has been thoroughly revised to strengthen the text s readability heighten its attention to daily life and incorporate the insights of new scholarship including an enhanced treatment of European exploration and a thoroughly revised post 1945 section With a dynamic new design new special features and a completely revised and robust companion reader this major revision makes the past memorable and accessible for a new generation of students and instructors Continental Plans for European Union 1939-1945 Walter Lipgens,Wilfried Loth,2019-11-05 No detailed description available for Continental Plans for European Union 1939 1945 Regions in Europe Patrick Le Gales,Christian Lequesne,2006-02-27 Regions in Europe explores the state of regional politics in an increasingly integrated Europe It argues that the predicted rise of increased political power at the regional level has failed to materialise and is fraught with paradox In doing so this study locates regions in relation to European integration globalisation the nation state local government and comparative and national perspectives Using case studies of the main players in Europe including Germany France UK Italy Spain the Netherlands Belgium the contributors show how and why European regions remain remarkably weak in European governance

Transforming the State Marta VanLandingham,2021-07-26 In the thirteenth and fourteenth centuries the Crown of Aragon was among the most active powers of the Mediterranean world This volume examines the attempt by its ruling dynasty to rationalize its court so as to expand the monarchy s ability to gather and deploy resources in support of royal ambitions Because change in medieval institutions however is based as much on exigency and personality as on political theory and program this volume also focuses on the way in which the processes of transformation functioned at a human level The book explores the quotidian operations of the various bureaus of the court as well as their social milieu paying particular attention to the correlation between programmatic ideal and reality **Spotlights on Incunabula** Anette Hagan,2023-11-13 The five hundred years from the 1450s to the 1950s represent an extraordinarily rich quarry for evidence of incunabula sales collecting and use What book lists reveal about publishing and reading habits in late fifteenth century Venice how a Scottish librarian went about acquiring incunabula during World War II and the international workshop connections glimpsed through early Hungarian bindings are among the topics explored in this volume Library professionals aim spotlights on French plague tracts Deventer as a printing place the use of incunabula in learned societies in the nineteenth century and incunabula collecting by monks and universities in England and Scotland **Legions of Pigs in the Early Medieval West** Jamie Kreiner,2020-10-27 An exploration of life in the early medieval West using pigs as a lens to investigate agriculture ecology economy and philosophy In the early medieval West from North Africa to the British Isles pigs were a crucial part of agriculture and culture In this fascinating book Jamie Kreiner examines how this ubiquitous species was integrated into early medieval ecologies and transformed the way that people thought about the world around them In

this world even the smallest things could have far reaching consequences Kreiner tracks the interlocking relationships between pigs and humans by drawing on textual and visual evidence bioarchaeology and settlement archaeology and mammal biology She shows how early medieval communities bent their own lives in order to accommodate these tricky animals and how in the process they reconfigured their agrarian regimes their fiscal policies and their very identities In the end even the pig s own identity was transformed at the close of the early Middle Ages it had become a riveting metaphor for Christianity itself American Book Publishing Record ,1984-12 Deep History Andrew Shryock,Daniel Lord Smail,2011-11-07 This breakthrough book brings science into history to offer a dazzling new vision of humanity across time Team written by leading experts in a variety of fields it maps events cultures and eras across millions of years to present a new scale for understanding the human body energy and ecosystems language food kinship migration and more
