Said, 2012-10-24 WINNER OF THE NEW YORKER BOOK AWARD FOR NONFICTION From one of the most important intellectuals of our time comes an extraordinary story of exile and a celebration of an irrecoverable past A fatal medical diagnosis in 1991 convinced Edward Said that he should leave a record of where he was born and spent his childhood and so with this memoir he rediscovers the lost Arab world of his early years in Palestine Lebanon and Egypt Engrossing Said has an almost Proustian feel for smells sounds sights and telling anecdotes The New York Review of Books Said writes with great passion and wit about his family and his friends from his birthplace in Jerusalem schools in Cairo and summers in the

mountains above Beirut to boarding school and college in the United States revealing an unimaginable world of rich colorful characters and exotic eastern landscapes Underscoring all is the confusion of identity the young Said experienced as he came to terms with the dissonance of being an American citizen a Christian and a Palestinian and ultimately an outsider Richly detailed moving often profound *Out of Place* depicts a young man's coming of age and the genesis of a great modern thinker

Edward Said Nubar Hovsepian, 2025-06-24 An exploration of the political thought of one of the twentieth century's most influential thinkers and the foremost advocate for the Palestinian cause in the West Edward Said was one of the most influential intellectuals of the twentieth century A literary scholar with an aesthete's temperament he did not experience his political awakening until the 1967 Arab Israeli war which transformed his thinking and led him to forge ties with political groups and like minded scholars Said's subsequent writings which cast light on the interplay between cultural representation and the exercise of Western political power caused a seismic shift in scholarly circles and beyond In this intimate intellectual biography by a close friend and confidant Nubar Hovsepian offers fascinating insight into the evolution of Said's political thought Through analysis of Said's seminal works and the debates surrounding them *Edward Said The Politics of an Oppositional Intellectual* traces the influence of Foucault on Said and how Said eventually diverged from this influence to arrive at a more pronounced understanding of agency resistance and liberation He consequently affiliated more closely with Raymond Williams Antonio Gramsci and more contemporaneously with his friends the late Eghbal Ahmad and Ibrahim Abu Lughod Said held that it is the intellectual's responsibility to expose lies and deceptions of the holders of power A passionate advocate for the Palestinian cause his solidarity did not prevent him from launching a sustained critique of the Palestinian leadership Hovsepian charts both Said's engagement with the Palestinian national movement and his exchanges with a host of intellectuals over Palestine arguing that Said's interventions

have succeeded in changing the parameters of the discourse in the humanities and among younger Jews searching for political affiliation Drawing on his diaries in which he recorded his meetings with Said as well as access to some of Said's private letters Hovsepian illuminates in rich detail the trajectory of Said's political thinking and the depth and breadth of his engagement with peers and critics over issues that continue to resonate to this day **Edward Said** Adel Iskandar, Hakem Rustom, 2010-08-30 This indispensable volume a comprehensive and wide ranging resource on Edward Said's life and work spans his broad legacy both within and beyond the academy The book brings together contributions from 31 luminaries to engage Said's provocative ideas Edward Said and the Work of the Critic Paul A. Said, 1983 Said demonstrates that critical discourse has been strengthened by the writings of Derrida and Foucault and by influences like Marxism structuralism linguistics and psychoanalysis But he argues these forces have compelled literature to meet the requirements of a theory or system ignoring complex affiliations binding the texts to the world *Orientalism* Edward W. Said, 1979-10-12 A groundbreaking critique of the West's historical cultural and political perceptions of the East that is decades after its first publication one of the most important books written about our divided world Intellectual history on a high order and very exciting The New York Times In this wide ranging intellectually vigorous study Said traces the origins of orientalism to the centuries long period during which Europe dominated the Middle and Near East and from its position of power defined the orient simply as other than the occident This entrenched view continues to dominate western ideas and because it does not allow the East to represent itself prevents true understanding
