Existential America George Cotkin,2003 As Cotkin shows not only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus The 20th Century Go-N Frank N. annotated bibliography Lonesome Kevin Lewis,2009-09-30 There is another loneliness wrote the American poet Emily Dickinson Not want of friend occasions it but nature sometimes sometimes thought For Kevin Lewis that other loneliness is uniquely expressive of a rich and resonant state of being that is distinctive to the American psyche as well as central to the mythology of America itself He calls this state of being lonesomeness It evokes the luminous landscapes of the West and the cathedral like space of the Great Plains It lies at the root of personal identity and is inseparable from notions of personal discovery and of communion with the varied topography of the United States whether it be rural hinterland or industrial urban rustbelt In this continuously stimulating reflection Kevin Lewis explores in religion poetry fiction country songwriting and art the multiple meanings of that peculiarly American notion of solitariness Discussing quintessential American writers like Henry David Thoreau Walt Whitman Jack Kerouac and Ernest Hemingway creative artists who have all embraced positive conceptions of solitude and wilderness Lewis finds the apex of American lonesomeness in the melancholic and reflective paintings of Edward Hopper Lewis argues that in expressive works like Nighthawks and Morning Sun one sees Hopper's solitude redeemed by something more by the notion that in isolation the individual may yet be touched by transcendence Kevin Lewis argues that those echoes of something else reveal a great deal about the American character that we would do well to heed as well as deep rooted cultural attitudes towards religion individualism and self belief

Somewhere in the Night Nicholas Christopher, 2010-05-11 Film noir is more than a cinematic genre It is an essential aspect of American culture Along with the cowboy of the Wild West the denizen of the film noir city is at the very center of our mythological iconography Described as the style of an anxious victor film noir began during the post war period a strange time of hope and optimism mixed with fear and even paranoia The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium. The spectacular success of recent neo film noirs is only the tip of an iceberg. In the dead on nocturnal jazz of Charlie Parker and Miles Davis the chilled urban landscapes of Edward Hopper and postwar literary fiction from Nelson Algren and William S Burroughs to pulp masters like Horace McCoy we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless elegant and enchanting work of literary prose Examining virtually the entire catalogue of film noir Christopher identifies the central motif as the urban labyrinth a place infested with psychosis anxiety and existential dread in which the noir hero embarks on a dangerously illuminating quest With acute sensitivity he shows how technical devices such as lighting voice over and editing tempo are deployed to create the film noir world Somewhere in the Night guides us through the architecture of this imaginary world be it shot in New York or Los Angeles relating its elements to the ancient cultural archetypes that prefigure it Finally Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance Somewhere in the Night can be appreciated as a lucid introduction to a fundamental style of American culture and also as a guide to film noir s heyday Ultimately though as the

work of a bold talent adeptly manipulating poetic cadence and metaphor it is itself a superb aesthetic artifact The Essays of Leonard Michaels Leonard Michaels, 2010-02-15 NONFICTION FROM ONE OF THE STRONGEST AND MOST ARRESTING PROSE TALENTS OF HIS GENERATION LARRY MCMURTRY Leonard Michaels was a writer of unfailing emotional honesty. His memoirs originally scattered through his story collections are among the most thrilling evocations of growing up in the New York of the 1950s and 60s and of continuing to grow up in the cultural turmoil of the 70s and 80s as a writer teacher lover and reader The same honesty and excitement shine in Michaels's highly personal commentaries on culture and art Whether he s asking what makes a story reviewing the history of the word relationship or reflecting on sex in the movies he is funny penetrating surprising always alive on the page The Essays of Leonard Michaels is the definitive collection of his nonfiction and shows yet again why Michaels was singled out for praise by fellow writers as diverse as Susan Sontag Larry McMurtry William Styron and Charles Baxter Beyond autobiography or criticism it is the record of a sensibility and of a style that is unmatched in American letters Staving Up Much Too Late Gordon Theisen, 2007-04-01 A fascinating study of Edward Hopper's iconic Nighthawks painting and its deep significance for understanding American culture Staying up Much Too Late discusses the painting Nighthawks and the painter Edward Hopper and their central importance to twentieth century American culture Topics include individualism New York City Arthur Weegee Fellig diners pornography capitalism advertising cigarettes American philosophy World War II Gravity s Rainbow Blade Runner Pulp Fiction Russ Meyer R Crumb David Lynch and film noir What links these together is the painting s pessimistic take on American culture which it also seems to epitomize Despite its desolate feel Nighthawks has become a familiar icon reproduced on posters and postcards in movies and on television shows But Nighthawks is more than just a masterful painting It is a portal into that rarely acknowledged but pervasive dark side of the American psyche Time, Narrative & the Fixed Image / Temps, narration & image fixe, 2021-10-18 This volume focuses on the relationship between time narrative and the fixed image As such it highlights renewed interest in the temporality of the fixed image probably one of the most important trends in the formal and semiotic analysis of visual media in the past decade The various essays discuss paintings the illustrated covers of books comics or graphic novels photo stories postcards television and video art as well as aesthetic practices that defy categorization such as Chris Marker's masterpiece La Jet e The range of works and practices examined is reflected in the different theoretical approaches and methods used with an emphasis on semiology and narratology and to a lesser extent aesthetics and psychoanalysis The interest of this book however does not stem exclusively from the range and scope of the artefacts examined or the methodological issues that are addressed its fundamental importance rests in the contributors readiness to question the differentiation between fixed and moving images which all too often provides a convenient if not altogether convincing starting point for image analysis The originality and value of the contribution that Time Narrative and the Fixed Image Temps Narration et image fixe makes to the body of theoretical writing on visual media lies in this
