Edwin Arlington Robinson A Critical Study:

Edwin Arlington Robinson Nancy Carol Joyner, 1978 **Edwin Arlington Robinson** Ellsworth Barnard, 1969
Robinson had an organic and ineradicable need to embody in verse his response to the world of which he found himself a part
It was his passion to write poetry that destroyed any potential leaning toward other occupations A Critical Study of the Poetry of Edwin Arlington Robinson Robert M. Ormes, 1927 **Edwin Arlington Robinson** Ellsworth Barnard, 1969
Edwin Arlington Robinson Ellsworth Barnard, 1969 **Edwin Arlington Robinson** Beulah Belle Clark, 1925 **Edwin Arlington Robinson** Edwin Arlington Robinson, Wallace Ludwig Anderson, 1968 **Edwin Arlington Robinson** Wallace Ludwig Anderson, 1967 A little boy imagines how he will conquer the monster hidden in his sewer The Theme of Failure in the Poetry of Edwin Arlington Robinson: a Critical Study John Samuel Bullen, 1955 *Edwin Arlington Robinson* Wallace Ludwig Anderson, 1967 Edwin Arlington Robinson Clarence Boyce Allen, 1938 Edwin Arlington Robinson Scott Donaldson, 2007-01-09 At the time of his death in 1935 Edwin Arlington Robinson was regarded as the leading American poet the equal of Frost and Stevens In this biography Scott Donaldson tells the intriguing story of this poet's life based in large part on a previously unavailable trove of more than 3 000 personal letters and recounts his profoundly important role in the development of modern American literature Born in 1869 the youngest son of a well to do family in Gardiner Maine Robinson had two brothers Dean a doctor who became a drug addict and Herman an alcoholic who squandered the family fortune Robinson never married but he fell in love as many as three times most lastingly with the woman who would become his brother Herman's wife Despite his shyness Robinson made many close friends and he repeatedly went out of his way to give them his support and encouragement Still it was always poetry that drove him He regarded writing poems as nothing less than his calling what he had been put on earth to do Struggling through long years of poverty and neglect he achieved a voice and a subject matter all his own He was the first to write about ordinary people and events an honest butcher consumed by grief a miser with eyes like little dollars in the dark ancient clerks in a dry goods store measuring out their days like bolts of cloth In simple yet powerful rhetoric he explored the interior worlds of the people around him Robinson was a major poet and a pivotal figure in the course of modern American literature yet over the years his reputation has declined With his biography Donaldson returns this remarkable talent to the pantheon of great American poets and sheds new light on his enduring legacy *Edwin Arlington Robinson* Louis Coxe, 1962 Critically examines the motifs structure and metaphysical content of the poems in which Robinson expressed his transcendental views of life **A Study Guide for E. central developments in American literature between and 1919 It opens with an account of the consolidation of realism as the dominant standard of critical value and brings the reader forward to the moment at the end of World War I when American writers began to take a recognized place among the masters of literary modernism The ascendancy of the novel as the principal genre of the realists is presented against a broader cultural and historical background Professor Berthoff reviews and evaluates American fiction from the time when Howells Twain and Henry James were still under attack by old school idealizers to the emergence of a new critical and testamentary realism with Crane Dreiser and Gertrude Stein He shows how the writers under discussion reacted to the work of their predecessors and contemporaries to foreign literary currents innovations in journalism contemporary events and to changing mores Using specific examples and direct quotations Professor Berthoff appraises the strengths and limitations of each All his discussions even of secondary writers are rounded out with a wide range of critical opinion This approach gives depth and objectivity to the examination of a turbulent and vigorously creative age in American letters During this period the writings of Henry Adams Henry George William James Thorstein Veblen and others though primarily concerned with disciplined reflective inquiry were part of the essential imaginative effort of realism The master works of this highly literate group of speculative thinkers had a profound effect on the literature of the era and on the era directly following Important figures discussed in the final chapters of this history include Willa Cather Edith Wharton Frank Norris Vachel Lindsay and Jack London Professor Berthoff notes that there is no manifesto or turning point in literature exactly comparable to the turning point in American art created by the Armory Show of 1913 But the emergence in a single generation of Robinson Frost Stevens Pound Anderson Stein O'Neill and Eliot was to have immense influence not only in America but throughout the Western world The thirty five years that this book spans are among the most important and interesting in the history of American letters The main currents traced are still vital and the principal writers of this period are as important now as they were then *E. A.
