**Corrections** John T. Whitehead, Kimberly D. Dodson, Bradley D. Edwards, 2012-09-17 Corrections Exploring Crime Punishment and Justice in America provides a thorough introduction to the topic of corrections in America In addition to providing complete coverage of the history and structure of corrections it offers a balanced account of the issues facing the field so that readers can arrive at informed opinions regarding the process and current state of corrections in America The third edition introduces new content and fully updated information on America's correctional system in a lively colorful readable textbook Both instructors and students benefit from the inclusion of pedagogical tools and visual elements that help

clarify the material      **Correctional Ethics** John Kleinig, 2017-07-05 *Correctional Ethics* gathers the most prominent contributions to this burgeoning field ranging from the philosophy of punishment through to ethical appraisals of incarceration the professional responsibilities of prison personnel and formative work in restorative justice In addition it provides an annotated research agenda to help shape the development of a comprehensive correctional ethic For those working in correctional ethics this collection provides an essential resource      **Quick Reference to Correctional Administration** Richard L. Phillips, John Walter Roberts, 2000 Provides an overview of all aspects of managing inmates in adult correctional facilities Takes key policies and procedures of the Bureau of Prisons and adapts them for general correctional use      **Discretion, Community, and Correctional Ethics** John Kleinig, Margaret Leland Smith, 2001-08-28 Some two million Americans are in jail or in prison Except for the occasional exposé what happens to them is hidden from the rest of us Is it possible to develop and instill a professional ethic for prison personnel that in partnership with formal regulatory constraints will mediate relations among officers staff and inmates or are the failures of imprisonment as an ethically constrained institution so deeply etched into its structure that no professional ethic is possible The contributors to this volume struggle with this central question and its broader and narrower ramifications Some argue that despite the problems facing the practice of incarceration as punishment a professional ethic for prison officers and staff can be constructed and implemented Others however despair of imprisonment and even punishment and reach instead for alternative ways of healing the personal and communal breaches constituted by crime The result is a provocative contribution to practical and professional ethics
